Love, Theoretically Ali Hazelwood, 2024-05-02 - Je te hais depuis le jour où j'ai entendu ton nom pour la première fois. Je te hais depuis que j'ai lu dans le Scientific American ce que tu avais fait. Je te hais depuis l'âge de douze ans. Je te hais plus que tu ne me hais, depuis plus longtemps et pour de meilleures raisons. Jack n'a plus du tout l'air amusé. Et pour moi, c'est une première. La première fois que je suis vraiment moi-même. J'en éprouve un sentiment nouveau, inconnu, bizarre - que j'adore. En pratique, Elsie sort avec George. Enfin, c'est ce qu'ils font croire. Le soir, pour arrondir ses fins de mois, Elsie loue ses services de fausse petite amie idéale. Et le jour, elle trime dans les amphis et croule sous les copies d'étudiants dont la grand-mère vient encore de mourir. Son rêve de toujours ? Être chercheuse titulaire ! Alors quand le département de physique du MIT ouvre un poste, Elsie ne perd pas une seconde. Seul accroc : Jack Smith, l'un des recruteurs (et, accessoirement, un brillant scientifique aussi arrogant que sexy), est prêt à tout pour placer son propre poulain... Mais rien ne se mettra entre elle et ce poste, même pas ses biceps à défier les lois de la gravité. En théorie, tout devrait bien se passer, non ? Le phénomène TikTok ! Le phénomène Goodreads ! Best-seller du New York Times ! « Je ne me laisserai jamais de ces comédies romantiques cérébrales ! » Christina Lauren « Délicieusement intello et sexy, truffé de remarques pertinentes sur la condition de la femme dans le milieu scientifique. » Helen Hoang « Ali Hazelwood nous prouve encore une fois que la science peut être sexy ! » Jodi Picoult

Love is a Bastard Erin Graham, De tous les mecs dispo... il fallait qu'elle tombe sur lui ! Laly a 25 ans, elle est célibataire et elle rêve au grand amour... Mais où se cache-t-il ? Serait-il possible que ce soit son boss, comme dans ses romances favorites ? Son coloc ? Le mec qu'elle a croisé dans l'ascenseur ? Et si la réalité dépassait tous ses fantasmes ? Et si lui, l'homme de sa vie, était à la fois ce qui pouvait lui arriver de plus déroutant et de plus puissant, mais surtout, de plus inattendu ? Découvrez vite *Love is a Bastard*, la romance drôle, pétillante et intense d'Erin Graham ! Ce livre a précédemment été commercialisé sous le titre *L'homme idéal est une licorne* comme les autres. *** - Quoi ? Il t'arrive quoi, Piou-piou ? - Il se passe que j'ai terminé ce bouquin ! Bordel ! Je contacte l'auteure. - Il est nul ? Merde, je me faisais une joie de le commencer demain ! - Non, il est génial. C'est bien ça, le problème ! Et elle ose dire que... genre, une romance pareille peut nous arriver à toutes... Complètement allumée, la gonzesse ! Je tends le livre ouvert à ma coloc, qui ne manque pas de pouffer. Elle me prend mon mug, qu'elle pose sur le chevet, pendant que j'écris à l'autre siphonnée du bocal un petit

message amer, révélant très largement le niveau de frustration dans lequel je me trouve. - « Il suffit de la trouver... », lit à haute voix Gaëlle, songeuse. Ben, voilà, Poussin, il suffit de la trouver. Je repose mon téléphone entre mes jambes et la toise, incrédule. - Tu ne vas pas t'y mettre, toi aussi ? - Ben... Peut-être que tu cherches au mauvais endroit, aussi... - Mais je ne cherche pas ! - C'est bien ça, le problème ! - Je n'ai pas de problème ! - Donc tout va bien ! Ne va pas gonfler cette auteure avec tes délires psychotiques ! C'est ridicule ! - Je ne la gonfle pas. - Non, bien entendu. Tu sais ce qu'elle va te dire ? Que si on ne cherche pas, on ne risque pas de trouver ! - T'as fait option psychologie de comptoir au bac ou quoi ? *** Love is a Bastard, d'Erin Graham, histoire intégrale.

Medieval Romance James F. Knapp, Peggy A. Knapp, 2017-11-29 Widely heard and read throughout the middle ages, romance literature has persisted for centuries and has lately re-emerged in the form of speculative fiction, inviting readers to step out of the actual world and experience the intriguing pleasure of possibility. Medieval Romance is the first study to focus on the deep philosophical underpinnings of the genre's fictional worlds. James F. Knapp and Peggy A. Knapp uniquely utilize Leibniz's "possible worlds" theory, Kant's aesthetic reflections, and Gadamer's writings on the apprehension of language over time, to bring the romance genre into critical dialogue with fundamental questions of philosophical aesthetics, modal logic, and the hermeneutics of literary transmission. The authors' compelling and illuminating analysis of six instances of medieval secular writing, including that of Marie de France, the Gawain-poet, and Chaucer demonstrates how the extravagantly imagined worlds of romance invite reflection about the nature of the real. These stories, which have delighted readers for hundreds of years, do so because the impossible fictions of one era prefigure desired realities for later generations.

The Way of Love Luce Irigaray, 2002 The Way of Love asks the question: How can we love each other? Here Luce Irigaray, one of the world's foremost philosophers, presents an extraordinary exploration of desire and the human heart. If Western philosophy has claimed to be a love of wisdom, it has forgotten to become a wisdom of love. We still lack words, gestures, ways of doing or thinking to approach one another as humans, to enter into dialogue, to build a world where we can live together.

James Lee Byars, life, love and death Klaus Ottmann, James Lee Byars, Martina Weinhart, Viola Maria Michely, 2004

Primitive Jo Odgers, Flora Samuel, Adam Sharr, 2006-09-27 This innovative edited collection charts the rise, fall and possible futures of the word primitive. The word primitive is fundamental to the discipline of architecture in the west, providing a convenient starting point for the many myths of architecture's origins. Since the almost legendary 1970s conference on the Primitive, with the advent of post-modernism and, in particular, post-colonialism, the word has fallen from favour in many disciplines. Despite this, architects continue to use the word to mythologize and reify the practice of

simplicity. Primitive includes contributions from some of today's leading architectural commentators including Dalibor Vesely, Adrian Forty, David Leatherbarrow, Richard Weston and Richard Coyne. Structured around five sections, Negotiating Origins; Urban Myths; Questioning Colonial Constructs; Making Marks; and Primitive Futures, the essays highlight the problematic nature of ideas of the primitive, engage with contemporary debate in the field of post colonialism and respond to a burgeoning interest in the non-expert architecture. This now controversial subject remains, for better or worse, intrinsic to the very structure of Modernism and deeply embedded in architectural theory. Considering a broad range of approaches, this book provides a rounded past, present and future of the word primitive in the architectural sphere.

Like Mount Zion Wen-Pin Leow,2024-03-11 Critical spatial approaches — particularly those informed by the scholarship of Lefebvre, Foucault, and Soja — have significantly impacted biblical scholarship over the last twenty years. However, these spatial approaches have been limited due to the methodological challenges inherent in transposing the social-scientific approaches of the aforementioned scholars to the task of biblical interpretation. This volume adapts conceptual metaphor theory as a methodological bridge to address such constraints. The first half of the volume begins by surveying the field of critical spatiality in biblical studies, arguing for the need for fresh methodological development. Thereafter, the volume delineates a particular critical spatial approach, inspired by Lefebvre and Foucault, for which conceptual metaphor theory is proposed as a methodological bridge. The second half of the volume begins by proposing the Psalms of Ascents as a case study upon which the method could be applied. It is then argued that the proposed method - if efficacious - should provide insight on corpus' Zion theology and its so-called pilgrimage character. Using the proposed method in conjunction with conventional historical-grammatical tools of poetic analysis, each psalm is analysed with regard to its metaphor and spatiality. The volume concludes that the case study demonstrates the efficacy of the proposed methods by allowing a rich reading of each psalm, especially by explicating the spatial narratives and/or spatial metaphorical conceptualisations that underlie each text, and providing fresh insight on the collection as a whole.

Film and the City George Melnyk,2014-05-01 Most Canadians are city dwellers, a fact often unacknowledged by twentieth-century Canadian films, with their preference for themes of wilderness survival or rural life. Modernist Canadian films tend to support what film scholar Jim Leach calls “the nationalist-realist project,” a documentary style that emphasizes the exoticism and mythos of the land. Over the past several decades, however, the hegemony of Anglo-centrism has been challenged by francophone and First Nations perspectives and the character of cities altered by a continued influx of immigrants and the development of cities as economic and technological centers. No longer primarily defined through the lens of rural nostalgia, Canadian urban identity is instead polyphonic, diverse, constructed through multiple discourses and mediums, an exchange rather than a strict orientation. Taking on the urban as setting and subject, filmmakers are ideally

poised to create and reflect multiple versions of a single city. Examining fourteen Canadian films produced from 1989 to 2007, including Denys Arcand's *Jésus de Montréal* (1989), Jean-Claude Lauzon's *Léolo* (1992), Mina Shum's *Double Happiness* (1994), Clément Virgo's *Rude* (1995), and Guy Maddin's *My Winnipeg* (2007), *Film and the City* is the first comprehensive study of Canadian film and "urbanity"—the totality of urban culture and life. Drawing on film and urban studies and building upon issues of identity formation in Canadian studies, Melnyk considers how filmmakers, films, and urban audiences experience, represent, and interpret urban spatiality, visuality, and orality. In this way, *Film and the City* argues that Canadian narrative film of the postmodern period has aided in articulating a new national identity.

Re-visioning Gender in Philosophy of Religion Pamela Sue Anderson, 2017-10-24 A passion for justice and truth motivates the bold challenge of *Re-visioning Gender in Philosophy of Religion*. Unearthing the ways in which the myths of Christian patriarchy have historically inhibited and prohibited women from thinking and writing their own ideas, this book lays fresh ground for re-visioning the epistemic practices of philosophers. Pamela Sue Anderson seeks both to draw out the salient threads in the gendering of philosophy of religion as it has been practiced and to re-vision gender for philosophy today. The arguments put forth by contemporary philosophers of religion concerning human and divine attributes are epistemically located; yet the motivation to recognize this locatedness has to come from a concern for justice. This book presents invaluable new perspectives on the philosopher's ever-increasing awareness of his or her own locatedness, on the gender (often unwittingly) given to God, the ineffability in both analytic and Continental philosophy, the still critical role of reason in the field, the aims of a feminist philosophy of religion, the roles of beauty and justice, the vision of love and reason, and a gendering which opens philosophy of religion up to diversity.

Universal Emancipation Elisabeth Paquette, 2020-10-27 A vital and timely contribution to the growing scholarship on the political thought of Alain Badiou Is inattention to questions of race more than just incidental to Alain Badiou's philosophical system? *Universal Emancipation* reveals a crucial weakness in the approach to (in)difference in political life of this increasingly influential French thinker. With white nationalist movements on the rise, the tensions between commitments to universal principles and attention to difference and identity are even more pressing. Elisabeth Paquette's powerful critical analysis demonstrates that Badiou's theory of emancipation fails to account for racial and racialized subjects, thus attenuating its utility in thinking about freedom and justice. The crux of the argument relies on a distinction he makes between culture and politics, whereby freedom only pertains to the political and not the cultural. The implications of this distinction become evident when she turns to two examples within Badiou's theory: the Négritude movement and the Haitian Revolution. According to Badiou's 2017 book *Black*, while Négritude is an important cultural movement, it cannot be considered a political movement because Négritude writers and artists were too focused on particularities such as racial identity. Paquette argues that Badiou's discussion of Négritude mirrors that of Jean-Paul Sartre in his 1948 essay "Black

Orpheus” that has been critiqued by leading critical race theorists. Second, prominent Badiou scholar Nick Nesbitt claims that the Haitian Revolution could only be considered political if its adherents had shifted their focus away from race. However, Paquette argues that not only was race a central feature of this revolution but also that the revolution ought to be understood as a political emancipation movement. Paquette also moves beyond Badiou, drawing on the groundbreaking work of Sylvia Wynter to offer an alternative framework for emancipation. She juxtaposes Badiou’s use of universality as indifference to difference with Wynter’s pluri-conceptual theory of emancipation, emphasizing solidarity over indifference. Paquette then develops her view of a pluri-conceptual theory of emancipation, wherein particular identities, such as race, need not be subtracted from a theory of emancipation.

Transnational Marriage and Partner Migration Anne-Marie D'Aoust, 2022-02-11 This multidisciplinary collection investigates the ways in which marriage and partner migration processes have become the object of state scrutiny, and the site of sustained political interventions in several states around the world. Covering cases as varied as the United States, Canada, Japan, Iran, France, Belgium or the Netherlands, among others, contributors reveal how marriage and partner migration have become battlegrounds for political participation, control, and exclusion. Which forms of attachments (towards the family, the nation, or specific individuals) have become framed as risks to be managed? How do such preoccupations translate into policies? With what consequences for those affected by them, in terms of rights and access to citizenship? The book answers these questions by analyzing the interplay between issues of security, citizenship and rights from the perspectives of migrants and policymakers, but also from actors who negotiate encounters with the state, such as lawyers, non-governmental organizations, and translators.

CAMION BLANC David Leaf, « Pour eux, il était dans la nature de KISS d’être à contre-courant, en opposition avec la mentalité mainstream du show-business. Cette musique était à l’image de ses fans boutonneux, bardés de fringues fatiguées, pas marginaux mais presque, et en conflit permanent avec les conventions. KISS représentait des personnages de comics dont le public semblait friand » - dixit Bob Ezrin, producteur de KISS. Cette biographie nous révèle tout du groupe, sur quarante années de carrière explosive et de chansons inoubliables. La vie intime d’un des plus grands groupes de rock se dévore, tableau brossé à grands traits par les proches - producteurs, musiciens et cetera - nos quatre héros, Paul, Gene, Peter et Ace - et les autres. Cette découverte du fonctionnement intime d’un groupe nous révèle les ficelles du triomphe ; la route est longue, jusqu’au succès.

The Work of Literary Translation Clive Scott, 2018-06-07 Offering an original reconceptualization of literary translation, Clive Scott argues against traditional approaches to the theory and practice of translation. Instead he suggests

that translation should attend more to the phenomenology of reading, triggering creative textual thinking in the responsive reader rather than testing the hermeneutic skills of the professional translator. In this new guise, translation enlists the reader as an active participant in the constant re-fashioning of the text's structural, associative, intertextual and intersensory possibilities, so that our larger understanding of ecology, anthropology, comparative literature and aesthetics is fundamentally transformed and our sense of the expressive resources of language radically extended. Literary translation thus assumes an existential value which takes us beyond the text itself to how it situates us in the world, and what part it plays in the geography of human relationships.

Plotinus Stephen R. L. Clark, 2018-02-09 Plotinus, the Roman philosopher (c. 204-270 CE) who is widely regarded as the founder of Neoplatonism, was also the creator of numerous myths, images, and metaphors, which have frequently been dismissed by modern scholars as merely ornamental. In this book, distinguished philosopher Stephen R. L. Clark shows that they form a vital set of spiritual exercises by which individuals can achieve one of Plotinus's most important goals: self-transformation through contemplation. Clark examines a variety of Plotinus's myths and metaphors within the cultural and philosophical context of his time, asking probing questions about their contemplative effects. Through rich images and structures, Clark casts Plotinus as a philosopher deeply concerned with philosophy as a way of life. -- Résumé de l'éditeur.

Metaphilosophy Henri Lefebvre, 2016-07-12 Leading French thinker with his key work on philosophical thought In *Metaphilosophy*, Henri Lefebvre works through the implications of Marx's revolutionary thought to consider philosophy's engagement with the world. Lefebvre takes Marx's notion of the "world becoming philosophical and philosophy becoming worldly" as a leitmotif, examining the relation between Hegelian-Marxist supersession and Nietzschean overcoming. *Metaphilosophy* is conceived of as a transformation of philosophy, developing it into a programme of radical worldwide change. The book demonstrates Lefebvre's threefold debt to Hegel, Marx and Nietzsche, but it also brings a number of other figures into the conversation, including Sartre, Heidegger and Axelos. A key text in Lefebvre's oeuvre, *Metaphilosophy* is also a milestone in contemporary thinking about philosophy's relation to the world.
