Faith-based Grants Beverly A. Browning,2005 Both church or ministry leaders and their members are under the impression that the President and Congress have allocated millions and millions of public funds for faithbased organizations?for any purpose, religious or non-religious and that the faithbased grant tree is full of unrestricted, no strings attached ?ready to pick? fruits?also known as grant awards. In this book, my goal is to help churches and ministries across the United States?large and small, denominational and non-denominational?understand how to align institutions and congregations to receive the abundance intended under the Federal government?s faithbased grants initiative.

Winning Grants to Strengthen Your Ministry Joy Skjegstad,2007-05-28 Ministry leaders possess the compassion, creativity, and knowledge about community needs that grant funders appreciate. Yet ministry groups are often less experienced than other types of nonprofit organizations in discerning which funding to seek, understanding how to build relationships with funders, and putting together proposals. This book offers a pathway to strengthening new and existing ministries. Joy Skjegstad is an experienced grant-proposal writer who has successfully raised money for a variety of nonprofits over the past 20 years, including a number of ministry organizations. She shows how fundraising can be an integral part of ministry--forcing us into deeper conversation with God, expanding our relationships with others, and building both our faith and our discipline. Providing detailed guidance on the practical aspects of seeking grants from foundation and corporate funders, Skjegstad describes approaches for researching potential funders, developing a case statement, putting together an effective grant proposal, and following up with grant makers. She explains the types of grants available and how to determine which are a good fit with your ministry. For faith-based ministries, faith is the groundwork for fundraising--the most important thing to consider while developing fundraising values and strategies. Skjegstad helps faith communities identify their own cultural beliefs, follow spiritual disciplines, and cultivate generous hearts as they work toward integrating their faith and their fundraising.

How to Increase Giving in Your Church George Barna, One of the most difficult tasks facing any church leader is the issue of raising funds. It's not that we don't realize that tithing and giving are biblical issues: God's Word is full of strong statements about the stewardship of money. But how does a pastor convey God's heart for stewardship? Literally, what's the best way to raise the money your church needs to survive? Obviously, God is the one who builds the church-He is the ultimate provider. But what's the best process of shepherding the funds He has for your church? This step-by-step guide will give you tools you need to raise funds in your church-scripturally and successfully-without compromising biblical integrity. After all, it's God's church and His money-but our responsibility to manage it.

Leading Congregational Change Jim Herrington, Mike Bonem, James H. Furr, 2020-10-06 Bold transformation is needed in many of the congregations that cover the American landscape, argue Jim Herrington, Mike Bonem, and James H. Furr, authors of *Leading Congregational Change: A Practical Guide for the Transformational Journey*. Drawing on their more than one hundred years of combined experience in a wide variety of church-related positions and a deep commitment to the biblical role of the local church, the authors present practical and concrete principles and concepts applicable across a broad spectrum of congregations. *Leading Congregational Change* presents a simple, memorable, and transferable framework along with principles of congregational transformation--such as God's call for transformation, the central role of spiritual vitality, the sequential nature of effective change, and the learning disciplines. Illustrations and action items offer adaptable suggestions and starting points for discussion. *Leading Congregational Change* is designed primarily for pastors and other congregational leaders who sense that things are not just fine in their churches and realize that deep change is needed. Judicatory staff and church consultants will also find the model for congregational transformation helpful. Individual ministries within a congregation, new congregations, and parachurch organizations can also use it to facilitate their own transformation. A church will grow when it understands and is genuinely committed to demonstrating and sharing the gospel in relevant ways. Growth will be manifested in the deeper commitment of its members. And more people in the community will hear God's call and become faithful disciples of Christ. *Leading Congregational Change* is a wise and faithful guide for the journey toward such transformation.
