The Forty Rules of Love Elif Shafak, 2010-02-18 In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love. *The Forty Rules of Love* unfolds two tantalizing parallel narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

The Outsider Albert Camus, Stuart Gilbert, 1946 This fictional story is about a young man who works as a clerk in Algiers. He seems to lack the basic emotions and reactions that are required of him. He observes the facts of life from the outside and when involved in a violent incident the results in a disturbing trial, he considers his own feelings and the actions of others with a calm and almost ironic truthfulness.

Queen of the Owls Barbara Linn Probst, 2020-04-07 A chance meeting with a charismatic photographer will forever change Elizabeth's life. Until she met Richard, Elizabeth's relationship with Georgia O'Keeffe and her little-known Hawaii paintings was purely academic. Now it's personal. Richard tells Elizabeth that the only way she can truly understand O'Keeffe isn't with her mind—it's by getting into O'Keeffe's skin and reenacting her famous nude photos. In the intimacy of Richard's studio, Elizabeth experiences a new, intoxicating abandon and fullness. It never occurs to her that the photographs might be made public, especially without her consent. Desperate to avoid exposure—she's a rising star in the academic world and the mother of young children—Elizabeth demands that Richard dismantle the exhibit. But he refuses. The pictures are his art. His property, not hers. As word of the photos spreads, Elizabeth unwittingly becomes a feminist heroine to her students, who misunderstand her motives in posing. To the university, however, her actions are a public scandal. To her husband, they're a public humiliation. Yet Richard has reawakened an awareness that's haunted Elizabeth since she was a child—the truth that cerebral knowledge will never be enough. Now she must face the question: How much is she willing to risk to be truly seen and known?

The Time of the Goats Luan Starova, 2012-12-17 It's the late 1940s in Skopje, Yugoslavia, in the critical year leading to Tito's break with Stalin. Pushed to leave mountain villages to become the new proletariat in urban factories, a flood of peasants crowds into Skopje—and with them, all of their goats. Suffering from hunger, Skopje's citizens welcome the newcomers. But municipal leaders are faced with a dilemma when the central government issues an order calling for the slaughter of the country's goat population. With food so scarce, will they hide the outlawed animals? Or will they comply with the edict and endure the bite of hunger? The Time of the Goats is the second novel in Luan Starova's acclaimed multivolume Balkan saga. It follows the main characters from My Father's Books and the tragicomic events of their lives in Skopje as the narrator's intellectual father and the head goatherd become friends. As local officials clumsily carry out absurd policies, Starova conveys the bonds of understanding and mutual support that form in Skopje's poorest neighborhoods. At once historical and allegorical, folkloric and fantastic, The Time of the Goats draws lyrically on Starova's own childhood.

Pedagogies of Disaster Adam Staley Groves, Nico Jenkins, Vincent W. J. van Gerven Oei, 2013-10 We live in an era where the university system is undergoing great changes owing to developments in financing policies and research priorities, as well as changes in the society in which this system is embedded. This change toward a more market-oriented university, which also has immediate effects in academic peripheries such as the Balkans, the Middle East, or South-East Asia, is of

great influence for the pedagogical practice of less profitable academic areas such as the Humanities: philosophy, languages, sociology, anthropology, history. Because of the absence of a historically grounded establishment of the Humanities, academic peripheries, usually accompanied by a weak civil society infrastructure, seem to offer the most fertile ground for rethinking the Humanities, their pedagogical practice, and their politics, as well as the greatest threats, such as the ongoing capitalization of research, and profitability as the norm of educational achievement. The sprawling presence of for-profit universities and in academic peripheries such as Albania and Kosovo is indicative of this problematic, as are consistent underfunding of universities and the relentless budget cuts in American and English, and to a lesser extent European, universities. Motivations for this ongoing attack on the university are often driven by a political system or a politics with an aggressive stance to critical thought.

The Fall of the Stone City Ismail Kadare, 2012-08-30 Shortlisted for the Independent Foreign Fiction Prize 2013. In September 1943, Nazi troops advance on the ancient gates of Gjirokastër, Albania. The very next day, the Germans vanish without a trace. As the townsfolk wonder if they might have dreamt the events of the previous night, rumours circulate of a childhood friendship between a local dignitary and the invading Nazi Colonel, a reunion in the town square and a fateful dinner party that would transform twentieth-century Europe. A captivating novel of resistance in a dictatorship, and steeped in Albanian folklore, *The Fall of the Stone City* shows Kadare at the height of his powers.
