Big Panda and Tiny Dragon James Norbury,2021-09-21 "Food for the soul." —CBS Mornings A thought-provoking journey of companionship, courage, tenderness, and tea. Big Panda and Tiny Dragon embark on a journey through the seasons of the year together. They get lost, as many of us do. But while lost, they discover many beautiful sights they'd never have found had they gone the right way. Told through a series of beautiful drawings and quiet, sometimes silly, conversations, the panda and the dragon explore the thoughts and emotions, hardships and happiness that connect us all. In nature, they learn how to live in the moment, how to be at peace with uncertainty, and how to find the strength to overcome life's obstacles together. Inspired by Buddhist philosophy and spirituality, British author and artist James Norbury created the adventures of Big Panda and Tiny Dragon to share ideas that have helped him through difficult times. The book's series of vignettes can be read cover to cover or dipped into whenever inspiration is needed. James hopes the book's words and images will inspire others to pause, enjoy the stillness, and look at life in a positive new way. WORDS OF WISDOM: The seemingly simple, and often silly, conversations between Big Panda and Tiny Dragon reveal meaningful insights on friendship, inner wisdom, and self-acceptance. INSPIRING IMAGES: Depicted in bold brush strokes reminiscent of calligraphy, big, fluffy Panda and tiny, wiry Dragon journey through rolling hills, wooded forests, and blooming meadows in more than 120 elegant black-and-white and full-color scenes. FOR READERS OF ALL AGES: From youngsters at story time to

new graduates with the world ahead of them to adults in moments of challenge or transition, Big Panda and Tiny Dragon offer comfort, inspiration, and a wry smile for every reader. **WORK OF ART:** Featuring a beautiful cover and a collection of stunning illustrations, each one more beautiful than the next, every page in this book is worthy of framing. **HEARTFELT GIFT:** Full of wisdom and touching humor, Big Panda and Tiny Dragon makes a thoughtful gift to be treasured.

Ancient Perspectives on Aristotle's De Anima Gerd van Riel, Pierre Destrée, 2009 Aristotle's treatise *On the Soul* figures among the most influential texts in the intellectual history of the West. It is the first systematic treatise on the nature and functioning of the human soul, presenting Aristotle's authoritative analyses of, among others, sense perception, imagination, memory, and intellect. The ongoing debates on this difficult work continue the commentary tradition that dates back to antiquity. This volume offers a selection of essays by distinguished scholars, exploring the ancient perspectives on Aristotle's *De anima*, from Aristotle's earliest successors through the Aristotelian Commentators at the end of Antiquity.

Darktown Thomas Mullen, 2017-06-06 In 1948, responding to orders from on high, the Atlanta Police Department is forced to hire its first black officers, including war veterans Lucius Boggs and Tommy Smith. The newly minted policemen are met with deep hostility by their white peers; they aren't allowed to arrest white suspects, drive squad cars, or set foot in the police headquarters. But they carry guns, and they must bring law enforcement to a deeply mistrustful community. When black a woman who was last seen in a car driven by a white man turns up dead, Boggs and Smith take up the investigation on their own, as no one else seems to care. Their findings set them up against a brutal cop, Dunlow, who has long run the neighborhood as his own, and his partner, Rakestraw, a young progressive who may or may not be willing to make allies across color lines. Among shady moonshiners, duplicitous madams, crooked lawmen, and the constant restrictions of Jim Crow, Boggs and Smith will risk their new jobs, and their lives, while navigating a dangerous world--a world on the cusp of great change. --

Re-enchanting the World Silvia Federici, 2018-11-01 Silvia Federici is one of the most important contemporary theorists of capitalism and feminist movements. In this collection of her work spanning over twenty years, she provides a detailed history and critique of the politics of the commons from a feminist perspective. In her clear and combative voice, Federici provides readers with an analysis of some of the key issues and debates in contemporary thinking on this subject. Drawing on rich historical research, she maps the connections between the previous forms of enclosure that occurred with the birth of capitalism and the destruction of the commons and the “new enclosures” at the heart of the present phase of global capitalist accumulation. Considering the commons from a feminist perspective, this collection centers on women and reproductive work as crucial to both our economic survival and the construction of a world free from the hierarchies and divisions capital has planted in the body of the world proletariat. Federici is clear that the commons should not be understood as happy islands in a sea of exploitative relations but rather autonomous spaces from which to challenge the existing capitalist organization of life and labor.

Nightblind Ragnar Jónasson, 2017-12-05 Chilling and complex, *Nightblind* is an extraordinary thriller from Ragnar Jónasson, an undeniable new talent. Ari Thor Arason is a local policeman who has an uneasy relationship with the villagers in an idyllically quiet fishing village in Northern Iceland—where no one locks their doors. The peace of this close-knit community is shattered by a murder. One of Ari's colleagues is gunned down at point-blank range in the dead of night in a deserted house. With a killer on the loose and the dark Arctic waters closing in, it falls to Ari Thor to piece together a puzzle that involves a new mayor and a psychiatric ward in Reykjavik. It becomes all too clear that tragic events from the past are

weaving a sinister spell that may threaten them all.

Prodependence Robert Weiss, 2018-09-18 Prodependence, a new psychological term created by Robert Weiss to describe healthy interdependence in the modern world, turns this around. Rather than preaching detachment and distance over continued bonding and assistance, as so many therapists, self-help books, and 12-step groups currently do, prodependence celebrates the human need for and pursuit of intimate connection, viewing this as a positive force for change. Simply stated, prodependence occurs when attachment relationships are mutually beneficial--with one person's strengths filling in the weak points of the other, and vice versa. And this can occur even when an addiction is present

Postanarchism Saul Newman, 2015-12-02 What shape can radical politics take today in a time abandoned by the great revolutionary projects of the past? In light of recent uprisings around the world against the neoliberal capitalist order, Saul Newman argues that anarchism - or as he calls it postanarchism - forms our contemporary political horizon. In this book, Newman develops an original political theory of postanarchism; a form of anti-authoritarian politics which starts, rather than finishes, with anarchy. He does this by asking four central questions: who are we as subjects; how do we resist; what is our relationship to violence; and, why do we obey? By drawing on a range of heterodox thinkers including La Boétie, Sorel, Benjamin, Stirner and Foucault, the author not only investigates the current conditions for radical political thought and action, but proposes a new form of politics based on what he calls ontological anarchy and the desire for autonomous life. Rather than seeking revolutionary emancipation or political hegemony, we should affirm instead the non-existence of power and the ever-present possibilities of freedom. As the tectonic plates of our time are shifting, revealing the nihilism and emptiness of our political and economic order, postanarchism's disdain for power in all its forms offers us genuine emancipatory potential.
