*Digital Vision and the Ecological Aesthetic (1968 - 2018)* Lisa FitzGerald,2020-12-10 Digital technology has transformed the way that we visualise the natural world, the art we create and the stories we tell about our environments. Exploring contemporary digital art and literature through an ecocritical lens, *Digital Vision and the Ecological Aesthetic (1968 - 2018)* demonstrates the many ways in which critical ideas of the sublime, the pastoral and the picturesque have been renewed and shaped in digital media, from electronic literature to music and the visual arts. The book goes on to explore the ecological implications of these new forms of cultural representation in the digital age and in so doing makes a profound contribution to our understanding of digital art practice in the 21st century.

**The Braid** Laetitia Colombani,2019-03-26 Smita, Giulia, Sarah: three lives, three continents, three women with nothing in common, but nevertheless bound by a rare expression of courage . . . like three strands in a braid. Through the story of one woman's hair, three women's destinies are drawn together. India. Smita is an untouchable, married to a 'rat hunter', her job to clean with her bare hands the village latrines, just like her mother before her. Her dream is to see her daughter escape this same fate, and learn to read. When this hope is shattered, she decides to run away with the child, despite her husband's warnings, sacrificing what is most precious to her: her hair. Sicily. Giulia is a worker in her father's wig workshop, the last of its kind in Palermo. She classifies, washes, bleaches, and dyes the hair provided by the city's hairdressers. When her father is the victim of a serious accident, she quickly discovers the family company is bankrupt. Canada. Sarah is a reputed lawyer. As a twice-divorced mother of three children, she ploughs through cases at breakneck speed. Just as she is about to be promoted, she learns she has breast cancer. Her seemingly perfect existence begins to show its cracks . . . But this is only if

one ignores the incredible lust for life that keeps her going. Laetitia Colombani's *The Braid* is the powerfully moving story of three women's courage in the face of adversity.

**Last Testament** Pope Benedict XVI, Peter Seewald, 2016-11-04 'Gripping ... An exquisite conversation between two people who know each other, like each other, and have mutual respect for one another' - Catholic Times Since resigning from the papacy in 2013, the first Pope in over 700 years to do so, Pope Benedict has lived quietly in a convent in the Vatican gardens in Rome. He has devoted himself to a life of prayer and study and has vowed to remain silent, until now. So much controversy still surrounds Pope Benedict's time in office - in this book, written with bestselling German author Peter Seewald, he addresses the issues of his papacy and reveals how, at his late age, governing and reforming the Church was beyond him. *Last Testament* is also an autobiography, recalling Pope Benedict's childhood in Germany under Nazism, his early development as a priest, and eventually his appointment as Archbishop of Munich. After becoming Pope, his account deals with the controversies that rocked the Catholic world - how he enraged Muslims with his Regensburg speech, what he did and did not do to stamp out the clerical sexual abuse of children, the 'Vatileaks' scandal and how he broke up a gay cabal within the Vatican itself. At all times, we see a man who is shy and retiring and modest being exceptionally open and frank with the outside world. In this *Last Testament*, a unique book insofar as no other living Pope has had the opportunity to write an account having left office, Benedict gives in his own words an unprecedented view of the difficulties, the achievements and the consequences of his time as head of the Catholic Church worldwide.

**The Scandal of The Scandals** Manfred Lütz, 2020-05-06 Mahatma Gandhi once chided a Christian friend, All you Christians, missionaries and all, must begin to live more like Jesus Christ. And what Christian among us would disagree with him? After the holy wars and witch-hunts, after persecutions and political machinations, there is a broad sense today that the Church, however well-meaning, is on the wrong side of history. But do we really know our history? In this collaboration with historian Arnold Angenendt, best-selling German author Manfred Lütz dares to show us what contemporary historians actually say about Christianity's track record over the ages. This detailed overview begins with the ancient pagans, passing through Israel, the early Church martyrs, Constantine's Rome, the reign of Charlemagne, the Crusades, the Inquisition, the Reformation, the Borgia popes, the Galileo affair, the conquistadores, the French Revolution, the slave trade, the Holocaust, the sex abuse crisis, and more. *The Scandal of the Scandals* separates myth from fact, giving us a candid portrait of Christendom with its scars and all. Prepare to be amazed at how little you really knew about Christianity.

**Of Cats and Men** Sam Kalda, 2017-04-18 A stylish, illustrated gift book profiling notable cat-loving men throughout history. Some of history's greatest men have been cat lovers, and their cats have contributed to their genius and legacy: the static charge from a cat's fur sparked young Nikola Tesla's interest in electricity; Sir Isaac Newton is said to have invited the first cat flap; visitors to Ernest Hemingway and Winston Churchill's homes still encounter the descendants of their beloved

cats; William S. Burroughs and Andy Warhol both wrote books inspired by their feline friends. Stylishly illustrated and full of charming, witty profiles and quotes from history's most notable "cat men," *Of Cats and Men* pays tribute to thirty luminaries and visionaries who have one thing in common: a pure and enduring love of cats.

**Rock Crystal** Adalbert Stifter, 2015-12-15 Seemingly the simplest of stories—a passing anecdote of village life— *Rock Crystal* opens up into a tale of almost unendurable suspense. This jewel-like novella by the writer that Thomas Mann praised as one of the most extraordinary, the most enigmatic, the most secretly daring and the most strangely gripping narrators in world literature is among the most unusual, moving, and memorable of Christmas stories. Two children—Conrad and his little sister, Sanna—set out from their village high up in the Alps to visit their grandparents in the neighboring valley. It is the day before Christmas but the weather is mild, though of course night falls early in December and the children are warned not to linger. The grandparents welcome the children with presents and pack them off with kisses. Then snow begins to fall, ever more thickly and steadily. Undaunted, the children press on, only to take a wrong turn. The snow rises higher and higher, time passes: it is deep night when the sky clears and Conrad and Sanna discover themselves out on a glacier, terrifying and beautiful, the heart of the void. Adalbert Stifter's rapt and enigmatic tale, beautifully translated by Elizabeth Mayer and Marianne Moore, explores what can be found between Christmas Eve and Christmas Day—or on any night of the year.
