Casino Royale Ian Fleming, 2017-07-11 JAMES BOND declares war on Le Chiffre, French Communist and paymaster of the Soviet murder organization SMERSH. The battle begins for the ace secret agent in a fifty-million-franc game of baccarat...gains momentum in his fiery love affair with a sensuous lady spy...and reaches a chilling climax with fiendish torture at the hands of a master sadist. The critics give a winning hand to Ian Fleming's superlative thriller of espionage, adventure, intrigue and murder—CASINO ROYALE "Hums with tension...Author Fleming keeps his incidents and characters spinning through their paces like juggling balls."—Time "A speed-breaker for thrills with a big dramatic scene set in a crowded casino." Atlanta Journal Constitution "Excitement enough to intrigue the most hardened reader."—Newark News "Mounting suspense on every page."—Houston Chronicle "It's superlative, everything such a story should be...One can only beg for more from Mr. Fleming."—Pensacola News-Journal

The Man with the Golden Typewriter Fergus Fleming, 2015-10-08 'Constantly entertaining ... So much here to amuse and inform' Observer 'These friendly, knockabout letters are a treat' Sunday Telegraph 'Irresistible' New York Times

Before the world-famous Bond films came the world-famous novels. This book tells the story of the man who wrote them and how he created spy fiction's most compelling hero. In August 1952, Ian Fleming bought a gold-plated typewriter as a present to himself for finishing his first novel, *Casino Royale*. It marked in glamorous style the arrival of James Bond, agent 007, and the start of a career that saw Fleming become one of the world's most celebrated thriller writers. Before his death in 1964 he produced fourteen bestselling Bond books, two works of non-fiction and the famous children's story *Chitty-Chitty-Bang-Bang*. Fleming's output was matched by an equally energetic flow of letters. He wrote constantly, to his wife, publisher, editors, fans, critics and friends, including Raymond Chandler, Noël Coward and Somerset Maugham. His letters - witty and charming, funny and revealing - chart 007's progress: from badgering his publisher about his quota of free copies to apologising to readers for having mistaken a certain brand of perfume and for equipping Bond with the wrong kind of gun. Collected here together by his nephew, the letters provide a fascinating insight into the mind of the man who created a worldwide sensation. 'Splendid' New Statesman 'A revelation' Guardian 'A fascinating portrait of Bond's creator, revealing a man of keen wit and charm' Gentleman's Journal

Thrilling Cities Ian Fleming,2017-07-11 'On November 2nd armed with a sheaf of visas...one suitcase...and my typewriter, I left humdrum London for the thrilling cities of the world...' In 1959, Ian Fleming, the creator of James Bond, was commissioned by the Sunday Times to explore fourteen of the world's most exotic cities. Fleming saw it all with a thriller writer's eye. From Hong Kong to Honolulu, New York to Naples, he left the bright main streets for the back alleys, abandoning tourist sites in favour of underground haunts, and mingling with celebrities, gangsters and geishas. The result is a series of vivid snapshots of a mysterious, vanished world.

For Your Eyes Only Ben Macintyre,2012-02-02 The official history of Ian Fleming and James Bond by the bestselling author of Operation Mincemeat 'Marvellously entertaining and informative' Spectator 'Thrilling' Sunday Times 'An entertaining mix of history, espionage, biography, and post-war sociology' Literary Review _____ 'I am going to write the spy story to end all spy stories.' One morning in February 1952, a journalist called Ian Fleming sat down at his desk and set about creating a fictional secret agent. James Bond was born and would go on to become one of the most successful, enduring and lucrative creations in literature. But Bond's world of glamour and romance, gadgets and cocktails, espionage and villainy wasn't entirely drawn from imagination: Fleming's background and his experiences as an intelligence officer during the Second World War were all formative parts in the creation of the world's most famous spy. Packed with astonishing detail and written in Macintyre's inimitable style, For Your Eyes Only is the most enlightening, enlivening book on the creator of the spy who not only lived twice, but proved to be immortal.

A James Bond Omnibus Ian Fleming,1973 Featuring seven of Ian Fleming's earliest literary adventures, this volume includes 'On Her Majesty's Secret Service', 'You Only Live Twice', 'The Man With the Golden Gun', 'The Living Daylights', 'Octopussy', 'The Hildebrand Rarity' and 'The Spy Who Loved Me'.

The Life of Ian Fleming John Pearson,2011-12-01 From the author of *All the Money in the World* and *The Profession of Violence* comes the definitive biography of James Bond's creator, Ian Fleming. It is now over fifty years since the premiere of *Dr No*, the very first Bond film, with Sean Connery introducing 007 as the glamorous secret agent who would become the single most profitable movie character in the history of cinema. But James Bond was invented by one man, Ian Fleming, a wartime intelligence officer and Sunday Times newspaper man who lived to see only the very beginning of the Bond cult. Pearson, who worked with Fleming at the Sunday Times, based this biography on his own memories of Fleming, on Fleming's private papers, and on a series of interviews with an extraordinary collection of Fleming's contemporaries – family, friends, enemies, teachers, colleagues, mistresses, and former spies from around the world. First published in 1966, John Pearson's famous biography remains the definitive account of how only Ian Fleming could have dreamed up James Bond, for he led a life as colourful as anything in his fiction, which in turn became a covert autobiography. Charming, debonair and a ruthless womaniser, globetrotting from wartime Algiers to beachside Jamaica, Fleming was as elusive and opaque as his imaginary creation. In his new introduction to this edition, Pearson examines the extent to which Fleming's character informs the movie portrayals of Bond, from Sean Connery through to Daniel Craig, and how Bond himself has achieved immortality beyond Fleming's wildest dreams.
