6 Viennese Sonatinas Wolfgang Amadeus Mozart, 2021-10-27 At about the same time as 1783-85, a version for piano duet was made which rearranged the movements of the five Divertimenti as '6 Viennese Sonatinas'. Our new edition is based on the piano version of 1803 but also takes into account the original wind divertimenti and attempts to combine the original phrasing and part-writing with an idiomatic pianistic style.

Pieces for Children Béla Bartók, Willard A. Palmer, Selected from the two volumes of Bartók's For Children, these 42 works were written without octaves to fit the hands of younger players. Each piece has a descriptive title, with half including the words song or dance. Like much of the composer's writing, the pieces directly reflect the use of folk idioms.

All of a Sudden Jörg Heiser, 2008 Since the mid-nineties, contemporary art has been booming like never before. There is more of everything--more artists, more collectors, more galleries, more art fairs, more museums, more biennials, more interest, more industry, more pop, more hype. Some art professionals feel prompted by all this to reach for the revolvers of cultural pessimism: Mass Stupidity Is Killing Great Art! Others--often the same people a short while later--defect with all the greater abandon to the alleged enemy. The entrenched battle between defenders of art's autonomy and champions of its merging with entertainment culture continues. There is more of everything, with one exception: criteria. Criteria with which the art of the moment can be understood, judged, praised and, if need be, damned--without getting bogged down in this eternal trench warfare. In All of a Sudden: Things that Matter in Contemporary Art, Jörg Heiser provides a sharp summary of contemporary art since Marcel Duchamp. Using many artworks as example, the author shows that art is more than just a randomly chosen cultural field of activity in which to acquire a little specialist knowledge to show off with. When it's good, he claims, art hits where it hurts, striking at the heart of an ossified status quo by which it itself was brought forth. Perhaps this is something art since Modernism has in common with slapstick. Instead of just aiming to shock and outrage, it shows authority losing its grip. Instead of inflating itself, it deflates the pompous in the name of art. The Frankfurter Allgemeine Zeitung finds the book astonishingly enlightening. The Frankfurter Rundschau praises Heiser for finally opening the eyes of his readers--something many of his colleagues have been unable to do. Jörg Heiser (*1968) lives in Berlin. He is co-editor of frieze magazine, writes for the national daily Süddeutsche Zeitung, and is a frequent contributor to art catalogues and publications. He curated the exhibitions Romantic Conceptualism (2007, Kunsthalle Nürnberg, BAWAG Foundation Vienna)

and Funky Lessons (2004/2005, BüroFriedrich Berlin, BAWAG Foundation Vienna).

"Poor Green Erin" Eoin Bourke,2013 The area of 19th-century German travel writing on Ireland has received widespread scholarly attention over the years in treatises in both English and German. This book is conceived of more as a reader for the general public than as an academic treatise, presents a surprisingly extensive body of comments drawn from German and Austrian sources from between 1783 and 1865.

Renewing the Republic Michael D. Higgins,2014-06-27 Michael D. Higgins' vision as part of his Presidential election campaign and now following through to his tenure as President of Ireland, is 'of [an] inclusive citizenship in a creative society, as we build a real Republic that makes us proud to be Irish in the world'. *Renewing the Republic* is an expansion of that vision as Michael D. lays out, through a series of essays and speeches, the ideals and philosophies by which this is possible. This collection of essays include Michael D.'s reasons for running for the Irish presidency; his academic essays on a variety of subjects, including the peasantry in Ireland and public representation; his thoughts on recent social and political changes and the current economic crisis. His speech at the Tom Johnson Summer School, highlighting his commitment to the arts in Ireland, and his last speech to the Dáil on 25th January 2011 also feature. This rich and varied compilation explores six themes: citizenship and the republic; culture, identity and reputation; human rights; language; globalisation, emigration and exile; and the public space.

An Introduction to Systematic and Physiological Botany Thomas Nuttall,1827

Painted Alive Craig Tracy,2012 *Painted Alive* is the first collection of body-painted images by New Orleans artist Craig Tracy. With his masterful approach to this ancient and ephemeral art, Tracy has found the perfect way to passionately express his creativity. More than sixty transformative and intimately provocative works reveal Tracy's vision, which ranges from realistic to conceptual and surreal. In addition to the vibrant finished works captured here, Tracy shares some behind-the-scenes images of his process, which can often be as alluring as the final images. His skillful use of multiple techniques is as varied as the individuals, both male and female, that he paints upon. This monograph challenges the perception of conventional contemporary art and is ideal for anyone who collects, appreciates, and/or studies contemporary art.

6 Sonatinas Franz Joseph Haydn,Willard A. Palmer,2005-05-03 These early keyboard works by Haydn were originally called Divertimentos or Sonatas, but because of their form and brevity were later renamed. Containing two to four

movements each, they include much that is the essence of the Haydn style. The Sonatina in G Major, Hob. XVI/8 is perhaps the best known of the set, yet all are worthy of study as preparation for Mozart and Haydn sonatas.

Sleigh Ride Duet Fantasy Leroy Anderson, Zach Heyde, Frank Tedesco, 2013-06-27 Leroy Anderson's Sleigh Ride is a holiday favorite, and this setting for advanced piano duet gives it a fresh twist. It begins with Anderson's jingling melody and some musical banter between the primo and secondo players, and then it launches into a series of variations that take the listener on a journey through a variety of styles, from gently swirling, impressionistic arpeggios to a triumphant coda with brilliant, virtuosic passagework. Audiences will enjoy a number of other musical surprises along the way.

Double Lives in Art and Pop Music Jorg Heiser, 2020-03-31 Exploring the relationship between art and pop music over the last fifty years. Why did Andy Warhol decide to enter the music business by producing the Velvet Underground, and what did the band expect to gain in return? What made Yoko Ono use the skills she developed in the artistic avant-garde in pop music, and what drew John Lennon, in turn, to visual art? Why, in 1982, did Joseph Beuys record the pop single "Sonne statt Reagan," and why, around the same time did, West German artists such as Michaela Melián move into pop music? In *Double Lives in Art and Pop Music*, Jörg Heiser argues that context shifting between art and pop music is an attempt to find solutions for contradictions faced in one field of cultural production. Heiser looks closely at the careers of artists and pop musicians who work in both fields professionally. The seeming acceptance and effortlessness today of current border crossings can be deceptive, since they might be serving vested economic or ideological interests. Exploring a pop and art history of more than

fifty years, Heiser shows that those leading double lives in art and pop music may often be best able to detect these vested interests while he points toward radical alternatives.

Harmonic Practice in Tonal Music Robert Gauldin, 2004 Conceptually sophisticated and exceptionally musical, *Harmonic Practice in Tonal Music* provides a thorough treatment of harmony and voice-leading principles in tonal music.
