Everyday Food: Light (Enhanced Edition) Martha Stewart Living Magazine.2011-12-27 This enhanced edition of Everyday Food: Light includes hundreds of color photographs and 13 instructional step-by-step videos that demonstrate stir-frying, cooking in parchment, pan-searing fish, and more! Cook what you want to eat, without all the fat The editors of Everyday Food magazine know that it's not enough to get dinner on the table in a snap—it also has to be good for the whole family. Everyday Food: Light features delicious, healthful recipes, all under 500 calories. Organized seasonally so you can take advantage of the freshest ingredients, this book shows you how to quickly make your favorite dishes in a way that's light but nonetheless tempting. Making simple adjustments to your weeknight arsenal is easy with the step-by-step instructions on cooking techniques (like stir-frying and roasting), kitchen tools to help cut down on calories (such as a steamer basket and a citrus zester), and great low- or no-fat flavor boosters (marinades, herbs, and spices). And each recipe is accompanied by a beautiful color photograph and nutritional information to keep you motivated all week long. Here are some of the recipes you'll find inside: • Oven-Fried Chicken • Saucy Shrimp and Grits • Lighter Eggplant Parmesan • Grilled Marinated Flank Steak • Olive-Oil Mashed Potatoes • Lighter Creamed Spinach • Tomato Salad with Olives and Lemon Zest • Light Chocolate-Chunk Brownies • Pear and Berry Crisp • Mini Mocha Cheesecakes Tips throughout explain what makes these recipes light, whether by using simple substitutions (such as whole-wheat tortillas instead of pizza crust), smart ways to cut back on fat (topping fish with bread crumbs rather than coating it in batter), or healthy cooking methods (baking onion rings instead of frying them). You'll also find prep and cook times for each recipe, and plenty of one-pot meals that make great weeknight dinners for the whole family. Staying on track for a healthy lifestyle doesn't have to mean relying on gimmicky diets or eating flavorless meals. With Everyday Food: Light, cooking fulfilling and tasty dinners has never been easier or more inspiring.

Team of Teams Gen. Stanley McChrystal,Tantum Collins,David Silverman,Chris Fussell.2015-05-12 From the New York Times bestselling author of *My Share of the Task and Leaders*, a manual for leaders looking to make their teams more adaptable, agile, and unified in the midst of change. When General Stanley McChrystal took command of the Joint Special Operations Task Force in 2004, he quickly realized that conventional military tactics were failing. Al Qaeda in Iraq was a decentralized network that could move quickly, strike ruthlessly, then seemingly vanish into the local population. The allied forces had a huge advantage in numbers, equipment, and training—but none of that seemed to matter. To defeat Al Qaeda, they would have to combine the power of the world’s mightiest military with the agility of the world’s most fearsome terrorist network. They would have to become a team of teams—faster, flatter, and more flexible than ever. In *Team of Teams*, McChrystal and his colleagues show how the challenges they faced in Iraq can be relevant to countless businesses, nonprofits, and organizations today. In periods of unprecedented crisis, leaders need practical management practices that can scale to thousands of people—and fast. By giving small groups the freedom to experiment and share what they learn across the entire organization, teams can respond more quickly, communicate more freely, and make better and faster decisions. Drawing on compelling examples—from NASA to hospital emergency rooms—*Team of Teams* makes the case for merging the power of a large corporation with the agility of a small team to transform any organization.

Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs. They also have what they call a Give Away Page, which is over two hundred of their most popular titles, audio books, technical books, and books made into movies. Give the

freebies a try, and if you really like their service, then you can choose to become a member and get the whole collection. Think of this: When you have titles that you would like to display at one of the conferences we cover or have an author nipping at your heels, but you simply cannot justify the cost of purchasing your own booth, give us a call. We can be the solution.
