*Art as Revolt* David Fancy, Hans Skott-Myhre, 2019-08-30 How can we imagine a future not driven by capitalist assumptions about humans and the wider world? How are a range of contemporary artistic and popular cultural practices already providing pathways to post-capitalist futures? Authors from a variety of disciplines answer these questions through writings on blues and hip hop, virtual reality, post-colonial science fiction, virtual gaming, riot grrrls and punk, raku pottery, post-pornography fanzines, zombie films, and role playing. The essays in *Art as Revolt* are clustered around themes such as technology and the future, aesthetics and resistance, and ethnographies of the self beyond traditional understandings of identity. Using philosophies of immanence - describing a system that gives rise to itself, independent of outside forces - drawn from a rich and evolving tradition that includes Spinoza, Nietzsche, Deleuze, and Braidotti, the authors and editors provide an engrossing range of analysis and speculation. Together the essays, written by experts in their fields, stage an

important collective, transdisciplinary conversation about how best to talk about art and politics today. Sophisticated in its theoretical and philosophical premises, and engaging some of the most pressing questions in cultural studies and artistic practice today, *Art as Revolt* does not provide comfortable closure. Instead, it is understood by its authors to be a “Dionysian machine,” a generator of open-ended possibility and potential that challenges readers to affirm their own belief in the futures of this world. Contributors include Timothy J. Beck (University of West Georgia) Mark Bishop (Independent Scholar), Dave Collins (University of West Georgia), David Fancy (Brock University), Veronica Pacini-Ketchabaw (University of Western Ontario), Malisa Kurtz (Independent Scholar), Nicole Land (Ryerson University), Eric Lochhead (Youth Author Calgary Alberta) , Douglas Ord (Doctoral Student University of Western Ontario), Peter Rehberg (Institute for Cultural Inquiry—Berlin), Chris Richardson (Young Harris College), Hans Skott-Myhre (Kennesaw State University), Kathleen Skott-Myhre (University of West Georgia), and Joanna Wasiak (Independent Scholar).

*Butts* Heather Radke, 2023-06-13 “Winning, cheeky, and illuminating...What appears initially as a folly with a look-at-this cover and title becomes, thanks to Radke’s intelligence and curiosity, something much meatier, entertaining, and wise.” —The Washington Post “Lively and thorough, *Butts* is the best kind of nonfiction.” —Esquire, Best Books of 2022 A “carefully researched and reported work of cultural history” (The New York Times) that explores how one body part has influenced the female—and human—experience for centuries, and what that obsession reveals about our lives today. Whether we love them or hate them, think they’re sexy, think they’re strange, consider them too big, too small, or anywhere in between, humans have a complicated relationship with butts. It is a body part unique to humans, critical to our evolution and survival, and yet it has come to signify so much more: sex, desire, comedy, shame. A woman’s butt, in particular, is forever being assessed, criticized, and objectified, from anxious self-examinations trying on jeans in department store dressing rooms to enduring crass remarks while walking down a street or high school hallways. But why? In *Butts: A Backstory*, reporter, essayist, and RadioLab contributing editor Heather Radke is determined to find out. Spanning nearly two centuries, this “whip-smart” (Publishers Weekly, starred review) cultural history takes us from the performance halls of 19th-century London to the aerobics studios of the 1980s, the music video set of Sir Mix-a-Lot’s “Baby Got Back” and the mountains of Arizona, where every year humans and horses race in a feat of gluteal endurance. Along the way, she meets evolutionary biologists who

study how butts first developed; models whose measurements have defined jean sizing for millions of women; and the fitness gurus who created fads like “Buns of Steel.” She also examines the central importance of race through figures like Sarah Bartmann, once known as the “Venus Hottentot,” Josephine Baker, Jennifer Lopez, and other women of color whose butts have been idolized, envied, and despised. Part deep dive reportage, part personal journey, part cabinet of curiosities, *Butts* is an entertaining, illuminating, and thoughtful examination of why certain silhouettes come in and out of fashion—and how larger ideas about race, control, liberation, and power affect our most private feelings about ourselves and others.

*Hipster Porn* Peter Rehberg, 2022-05-08 *Hipster Porn* examines models of gay hipster masculinity through the lens of the gay fanzine *Butt*. The book reconstructs an important chapter of recent gay and queer history in order to make sense of the cultural shifts of the last 20 years in the contemporary gay world. *Butt* exemplifies the changing nature of gay contemporary masculinity as it marked the beginning of a new era of queer fanzines such as *They Shoot Homos Don't They?*, *Kink*, *Kaiserin*, and *Meat* reflecting a specific cosmopolitan gay lifestyle in the West of the 2000s. The new forms of masculinity and sexuality demanded new ways of thinking about gender and desire. *Hipster Porn* takes the aesthetics of *Butt* to find a way of critiquing and rearticulating key concepts from gender, queer and affect theory, and delivers new accounts of subjectivity and sociality as they apply to queer media culture. This book is suitable for researchers in gender studies, queer and masculinity studies, cultural studies, media studies, and sociology.

*The Man Who Would Stop at Nothing: Long-Distance Motorcycling's Endless Road* Melissa Holbrook Pierson, 2011-10-03 “Pierson is an even better writer than she is a rider.”—*Boston Globe* “World’s Toughest Motorcycle Riders”—long-distance motorcycling is not a pastime but an obsession. In this candid, eloquent, sharply observed book, Melissa Holbrook Pierson introduces us to this strange endeavor and the men and women who live to ride impossibly long distances, eating up road, almost without cease. And who find it nothing but fun. Perhaps the most determined of them is John Ryan, a magnetic, enigmatic man who loves nothing better than breaking records of amazing distance—at no small risk to himself and his health. But why? Pierson, who rediscovered the joys of motorcycling in the midst of a personal crisis, puts on her helmet and joins Ryan in his element in order to understand his singular desire and discipline, his passion and his obsession. *The Man Who Would Stop at Nothing* offers an intimate glimpse of an unusually independent yet supportive community as well as a revealing, unforgettable portrait of its most daring member. In electric, pitch-perfect prose, Pierson gives us rare insights into not only a subculture but also the deeply human craving for something more that drives it.

**Another Good Dog: One Family and Fifty Foster Dogs** Cara Sue Achterberg,2018-08-07 A warm and entertaining memoir about what happens when you foster fifty dogs in less than two years—and how the dogs save you as much as you save them. When Cara felt her teenaged children slipping away and saw an empty nest on the horizon, she decided the best way to fill that void was with dogs—lots of them—and so her foster journey began. In 2015, her Pennsylvania farm became a haven for Operation Paws for Homes. There were the nine puppies at once, which arrived with less than a day’s notice; a heart- worm positive dog; a deeply traumatized stray pup from Iraq; and countless others who just needed a gentle touch and a warm place to sleep. Operation Paws for Homes rescues dogs from high-kill shelters in the rural south and shuttles them north to foster homes like Cara’s on the way to their forever homes. What started as a search for a good dog, led to an epiphany that there wasn’t just one that could ll the hole left in her heart from her children gaining independence—she could save dozens along the way. The stories of these remarkable dogs— including an eighty-pound bloodhound who sang arias for the neighbors—and the joy they bring to Cara and her family (along with a few chewed sofa cushions) fill the pages of this touching and inspiring new book that reveals the wonderful rewards of fostering. When asked how she can possibly say goodbye to that many loveable pups, Cara says, “If I don’t give this one away, I can’t possibly save another.” Filled with humanity and hope, *Another Good Dog* will take the reader on an journey of smiles, laughs, and tears—and lead us to wonder how many other good dogs are out there and what we can do to help.

**To Timbuktu** Mark Jenkins, 2008-05-27 For nearly eight years as the monthly columnist for Outside magazine, and in his award-winning books, Mark Jenkins has held fans spellbound with his riveting accounts of expeditions to remote parts of the globe. In *To Timbuktu*, he sets out with three friends to attempt their first descent of the Niger River, hoping to reach the legendary city of Timbuktu. Along the way they are attacked by killer bees, charged by hippos, and stalked by crocodiles. They stumble upon a group of completely blind men living alone in the bush and dance with a hundred naked women. That Jenkins finally reaches his goal—riding alone across the Sahara on a motorcycle—stands in sharp contrast to what befell earlier explorers who tried to find Timbuktu and whose fates the author interweaves with the narrative of his own journey. A rich combination of cultural exploration, history, and gripping adventure, this beautifully repackaged edition of *To Timbuktu* is a journey not to be missed.
