Because, my dear Max, you dance on the edge of darkness ... and I don't think it would take very much for you to dance my way. When an old enemy appears out of nowhere with an astonishing proposition for Max - a proposition that could change everything Max is tempted. Very tempted. With an end to an old conflict finally in sight, it looks as if St Mary's problems are over with. Can they all now live happily ever after? As everything hangs in the balance, Max and St Mary's find themselves engulfed in tragedies worse than they could ever imagine. Is this the end? Readers love Jodi Taylor: 'Once in a while, I discover an author who changes everything... And the Rest Is History Jodi Taylor, 2017-07-18 The eighth book in the bestselling British madcap time-travelling series, served with a dash of wit that seems to be everyone's cup of tea. Behind the seemingly innocuous facade of St. Mary's Institute of Historical Research, a different kind of academic work is taking place. Just don't call it "time travel"—these historians "investigate major historical events in contemporary time." And they aren't your harmless eccentrics either; a more accurate description, as they ricochet around history, might be unintentional disaster-magnets. The Chronicles of St. Mary's tells the chaotic adventures of Madeleine Maxwell and her compatriots—Director Bairstow, Leon "Chief" Farrell, Mr. Markham, and many more—as they travel through time, saving St. Mary's Institute (too often by the very seat of their pants) and thwarting time-travelling terrorists, all the while leaving plenty of time for tea. You think you're having a bad day? Max is trapped in the same deadly sandstorm that buried the fifty thousand-strong army of the Pharaoh Cambyses II, and she's sharing the only available shelter for miles around with the murdering psychopath who recently kidnapped her and left her adrift in time. She's no safer at St. Mary's. Tragedy strikes—not once, but several times—and with no Leon, no Markham, and no Peterson at her side, Max's personal life slowly begins to unravel. From the Egyptian desert to the Battle of Hastings, and from Bayeux Cathedral to the Sack of Constantinople, Max must race through time to save the ones she loves.

An Argumentation of Historians Jodi Taylor,2019-01-01 The ninth book in the bestselling Chronicles of St Mary's series which follows a group of tea-soaked disaster magnets as they hurtle their way around History. If you love Jasper Fforde or Ben Aaronovitch, you won't be able to resist Jodi Taylor. They say you shouldn't push your luck. Max gives her own luck a massive shove every day - and it's only a matter of time until luck pushes back... January 1536 - the day of Henry VIII's infamous jousting accident. Historians from St Mary's are there in force, recording and documenting. And, arguing - obviously. A chance meeting between Max and the Time Police leads to a plan of action. And, it's one that will have very serious consequences - especially for Max. Her private life is already more than a little rocky. But with Leon recovering and Matthew safe in the future there will never be a better opportunity to bring down Clive Ronan, once and for all. From Tudor England to the burning city of Persepolis - and from a medieval siege to a very nasty case of 19th century incarceration - Max is determined that this time, he will not escape. My Name is Markham Jodi Taylor, 2019-01-01 A Chronicles of St Mary's short story that is sure to entertain. If you love Jasper Fforde or Ben Aaronovitch, you won't be able to resist Jodi Taylor. It's Christmas and time for the first (and almost certainly last) St Mary's Annual Children's Christmas Party - attendance compulsory, by order of Dr Bairstow. Discovered practising his illegal reindeer dance and poo-dropping routine, our hero, along with fellow disaster-magnets Peterson and Maxwell, is despatched to Anglo-Saxon England to discover the truth about Alfred and the cakes. In his own words, our hero reveals Major Guthrie's six-point guide to a successful assignment and the Security Section's true opinion of the History Department. And of historians in general. And of one historian in particular. And, just to be clear, it is time travel, for God's sake. Forget all that pretentious 'investigating major historical events in contemporary time' rubbish. This is history without the capital 'H'. Because this is the way the Security Section rolls! Readers love Jodi Taylor: 'Once in a while, I discover an author who changes everything... Jodi Taylor and her protagonist Madeleine Max Maxwell have seduced me' 'A great mix of British proper-ness and humour with a large dollop of historical fun' 'Addictive. I could have been a bomb-disposal expert, or a volunteer for the Mars mission, or a firefighter, something safe and sensible. But, no, I had to be an historian. It began well. A successful assignment to 17th century Cambridge to meet Isaac Newton, and another to witness the historic events at The Gates of Grief. So far so good. But then came the long-awaited jump to the Trojan War that changed everything. And for Max, nothing will ever be the same again. Dead End in Norvelt Jack Gantos,2011-09-13 Dead End in Norvelt is the winner of the 2012 Newbery Medal for the year's best contribution to children's literature and the Scott O'Dell Award for Historical Fiction! Melding the entirely true and the wildly fictional, Dead End in Norvelt is a novel about an incredible two months for a kid named Jack Gantos, whose plans for vacation excitement are shot down when he is grounded for life by his feuding parents, and whose nose spews bad blood at every little shock he gets. But plenty of excitement (and shocks) are coming Jack's way once his mom loans him out to help a fiesty old neighbor with a most unusual chore—typewriting obituaries filled with stories about the people who founded his utopian town. As one obituary leads to another, Jack is launced on a strange adventure involving molten wax, Eleanor Roosevelt, twisted promises, a homemade airplane, Girl Scout cookies, a man on a trike, a dancing plague, voices from the past, Hells Angels . . . and possibly murder. Endlessly surprising, this sly, sharp-edged narrative is the author at his very best, making readers laugh out loud at the most unexpected things in a dead-funny depiction of growing up in a slightly off-kilter place where the past is present, the present is confusing, and the future is completely up in the air.

The Very First Damned Thing Jodi Taylor,2019-01-01 A Chronicles of St Mary's short story that is sure to entertain. If you love Jasper Fforde or Ben Aaronovitch, you won't be able to resist Jodi Taylor. Ever wondered how it all began? It's two years since the final victory at the Battersea Barricades. The fighting might be finished, but for Dr Bairstow, just now setting up St Mary's, the struggle is only beginning. How will he assemble his team? From where will his funding come? How can he overcome the massed ranks of the Society for the Protection of Historical Buildings? How do stolen furniture, a practical demonstration at the Stirrup Charge at Waterloo, students' alcohol-ridden urine, a widowed urban guerrilla, a young man wearing exciting knitwear, and four naked security guards all combine to become the St Mary's of the future? Readers love Jodi Taylor: 'Once in a while, I discover an author who changes everything... Jodi Taylor and her protagonista Madeleine Max

Maxwell have seduced me' 'A great mix of British proper-ness and humour with a large dollop of historical fun' 'Addictive. I wish St Mary's was real and I was a part of it' 'Jodi Taylor has an imagination that gets me completely hooked' 'A tour de force'

Our Way Or the Highway Mary Losure,2002 Construction plans for the reroute of Highway 55 through south Minneapolis sparked an environmental movement that pitted activists against public authorities in one of the most dramatic episodes in the city's history. Mary Losure was there: as a reporter for Minneapolis Public Radio she witnessed the neighborhood's transformation from a quiet street to the center of an emotionally charged standoff. Fueled by idealism and anger, a diverse coalition of Native Americans, neighborhood residents, and young anarchists banded together to try to stop the highway expansion. Beginning in 1998, this group sustained protests for more than a year and eventually faced an unprecedented show of force by law enforcement. Through her detailed account of this struggle, Losure explores the roles of ecoanarchism and grassroots activism in the age of globalization. This subculture, brought to the spotlight during protests over the World Trade Organization in Seattle and Genoa, has been largely undocumented in the mainstream press. With a practical reporter's eye, Mary Losure portrays the activists' experiences and the establishment's view of them, ultimately revealing the power of the existing order and the fragility and absolute necessity of dissent.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
