**Por quién doblan las campanas / For Whom the Bell Tolls** Ernest Hemingway,2017-03-28 En los tupidos bosques de pinos de una región montañosa española, un grupo de milicianos se dispone a volar un puente esencial para la ofensiva republicana. La acción cortará las comunicaciones por carretera y evitará el contraataque de los sublevados. Robert Jordan, un joven voluntario de las Brigadas Internacionales, es el dinamitero experto que ha venido a España para volar dicho puente. Allí, en las montañas, descubrirá los peligros y la intensa camaradería de la guerra. Y descubrirá también a María, una joven rescatada por los milicianos de manos de las fuerzas sublevadas de Franco, de la cual se enamorará enseguida. Mientras atraviesan las montañas, Robert Jordan irá conociendo lo sucedido durante los primeros días de la sublevación hasta el momento en que se precipite la tragedia colectiva en que están inmersos. Por quién doblan las campanas es la novela que le dio a Hemingway lo mejor y lo peor que puede recibir alguien con mentalidad de atleta: un triunfo insuperable. Juan Villoro ENGLISH DESCRIPTION Nobel Prize Winner 1954 In 1937 Ernest Hemingway traveled to Spain to cover the civil war there for the North American Newspaper Alliance. Three years later he completed the greatest novel to emerge from the good fight, For Whom the Bell Tolls. The story of Robert Jordan, a young American in the International Brigades attached to an antifascist guerilla unit in the mountains of Spain, it tells of loyalty and courage, love and defeat, and the tragic death of an ideal. In his portrayal of Jordan's love for the beautiful Maria and his superb account of El Sordo's last stand, in his brilliant travesty of La Pasionaria and his unwillingness to believe in blind faith, Hemingway surpasses his achievement in The Sun Also Rises and A Farewell to Arms to create a work at once rare and beautiful, strong and brutal, compassionate, moving, and wise. If the function of a writer is to reveal reality, Maxwell Perkins wrote Hemingway after reading the manuscript, no one ever so completely performed it. Greater in power, broader in scope, and more intensely emotional than any of the author's previous works, it stands as one of the best war novels of all time.

**Palabra y acción. El profetismo en la literatura moderna y contemporánea** Gabriel Insausti ,Luis Galván,2022-10-13 Palabra y acción explora las múltiples facetas del profetismo en la cultura y literatura modernas y contemporáneas. El profeta, incómodo, a veces descabellado, ofrece bajo la visión del futuro otras vertientes: la del reformador social, la de la razón crítica, la de la admonición pública. ¿Cómo es posible enunciar un discurso semejante, ejercer un carisma por el propio poder de la palabra y la visión?

**El derecho de guerra contemporáneo** Guillermo Alejandro Gatt Corona,2013-10-17 En un mundo donde los conflictos bélicos son una noticia cotidiana que genera tensión e incertidumbre, aparejado con el debilitamiento que sufre el pensamiento práctico para distinguir entre una guerra y otros eventos, tales como los delitos internacionales, esta obra desentraña los casos en los que un estado u otro sujeto de derecho internacional público puede declarar una “guerra justa” a otro, a la luz de las reflexiones y los escritos del fraile dominico Francisco de Vitoria (1483-1546), considerado por algunos como el padre del derecho internacional. Contra lo que pudiera pensarse, el autor no desarrolla una apología a la guerra sino que ofrece una aportación seria y comprometida con la cultura de la paz, pues además de presentar los escenarios en que el derecho internacional no avala la agresión armada de un país contra otro sujeto internacional, deja en claro que el objetivo de cualquier guerra, en especial la catalogada como “justa”, no debe ser otro sino el de lograr la paz. Esta obra constituye un material invaluable para calificar el acto bélico, esencial para quienes estudian derecho internacional público, relaciones internacionales, derecho internacional humanitario y derecho de guerra, así como los interesados en los temas donde confluyen la guerra y la paz. **ACCESO A LA LITERATURA ESPAÑOLA CONTEMPORÁNEA. PANORAMA Y COMENTARIO** LAÍN CORONA, Guillermo ,2023-07-18 La literatura es una actividad recreativa con la que buscamos disfrutar de una experiencia estética, igual que cuando vemos una película en el cine y después nos vamos de cañas para comentarla. Ahora bien, dado que la

literatura es una manifestación artística valiosa y milenaria, existe la necesidad de estudiarla. Por eso, a veces, puede parecer que es algo frío, carente de interés o, incluso, aburrido. Para evitar este problema, este manual propone un acercamiento accesible a la literatura, desde la curiosidad y la cercanía. Se trata de mostrar la actualidad que aún tienen en nuestro presente hechos culturales como el desastre del 98 o la poesía de Antonio Machado, del mismo modo que hoy nos atrae el debate de si Joaquín Sabina es (o no) poeta, o la novela de memoria histórica de Almudena Grandes. Además, el libro incluye herramientas para ejercitar la comprensión y el comentario de textos literarios.

Los discursos del presente Luis Enrique Alonso,Carlos Jesús Fernández Rodríguez,2013-10-07 En los últimos años han sido numerosos los intentos de interpretar la deriva social, política y cultural de Occidente desde las ciencias sociales. Sin embargo, no ha sido tan frecuente abordar dicho análisis desde la producción y la construcción de los discursos de las grandes factorías de sentido, que no solo sirven para legitimar procesos como el de la desregulación sino que además modelan una subjetividad adaptada a un supuesto nuevo espíritu del capitalismo. Nuevo espíritu que no reconoce ningún freno social para sus oportunidades de negocio. La publicidad, el marketing, la propaganda política, las imágenes, las ficciones, los instrumentos tecnológicos, los estilos de vida y las formas de consumo, por citar sólo unos cuantos ámbitos de socialidad, han producido un ingente torrente de nuevos discursos que dan sentido a las prácticas de actores que se desenvuelven en un nuevo modo de regulación o en una nueva forma disciplinaria, caracterizada, precisa y paradójicamente, por la desregulación financiera y la violencia simbólica de la imposición de los códigos del mercado total. Este libro sin duda contribuye a esta reflexión, no tan frecuente, iluminando al lector el complejo mundo de la economía, la empresa y la política de Occidente.

Historia de España contemporánea vista por el cine Tomás Valero,2010 ¿Es posible contar la Historia Contemporánea de España con las películas de ficción?. Si el cine argumental es un testimonio de la sociedad, los films españoles realizados durante este período histórico son una fuente para explicar los principales acontecimientos de nuestro pasado..Cada época posee una introducción histórica, cronología, propuesta didáctica y bibliografía especializada, junto con el estudio del film seleccionado. .Historia de España contemporánea vista por el cine es un libro innovador, que está dirigido no sólo al mundo académico universitario, sino también a profesores y alumnos de enseñanza secundaria.

El romance de la democracia Matthew Charles Gutmann,2009-01-01 El romance de la democracia es un estudio etnográfico de la política popular y oficial en la ciudad más populosa del mundo, una exploración detallada y rigurosa de la vida de los residentes de un barrio de clase obrera pobre en la capital de México. Una obra sobre lo que piensan muchos hombres y mujeres acerca de la democracia nacional y del barrio, de sus sueños de una sociedad mejor y su sentido de sí mismo como

ciudadanos.

**El relato nacional** José Álvarez Junco, Gregorio De la Fuente, 2017-06-15 José Álvarez Junco y Gregorio de la Fuente analizan en este ensayo el proceso de construcción de la idea de España por parte de políticos nacionalistas, historiadores y otras élites culturales. «Es habitual en toda sociedad humana que las narraciones sobre su pasado, más que indignaciones guiadas por un mero interés por el conocimiento, sean ante todo pilares básicos sobre los que se edifica la identidad colectiva. Versan sobre los padres de la patria, sus héroes y mártires, los valores perennes sobre los que se fundamenta la identidad colectiva, todo lo cual escapa a cualquier crítica historiográfica o simplemente racional. Quien intente poner en duda estos relatos heredados a la luz de nuevas evidencias o nuevas técnicas interpretativas corre serios riesgos de ser acusado, pura y simplemente, de antipatriota. » El relato nacional traza la evolución del modo en que, a lo largo del tiempo, se ha ido entendiendo y construyendo la historia de este territorio y grupo humano conocidos hoy como «españoles». Y muestra cómo -desde sus orígenes en el terreno legendario, con referencias hoy inverosímiles a heroicos antecesores, hasta tiempos más recientes- ese relato se ha ido adaptando de acuerdo a las necesidades del momento. Basado en un texto publicado originalmente en *Las historias de España. Visiones del pasado y construcción de identidad* (Crítica-Marcial Pons, 2013), este libro ha sido reescrito, anotado y completado con dos capítulos inéditos y enormemente significativos sobre las crónicas de Indias. Reseñas a los autores y a sus obras: «Una de las novedades más sólidas e interesantes de los últimos tiempos, un compendio profundo, incisivo y convincente para comprender la historia de la historia de España.» Rafael Núñez Florencio, *El Cultural* (sobre *Las historias de España*) «Álvarez Junco es un historiador que ha abordado, y siempre con maestría, algunos fenómenos esenciales de la historia española: el anarquismo, el populismo, el nacionalismo y la relación entre visión del pasado y construcción de identidad.» José Andrés Rojo, *Babelia* «Este libro es un buen instrumento para conocer en profundidad los antecedentes históricos de muchos de los problemas actuales.» Rogelio López Blanco, *El Cultural de El Mundo* (sobre *Mater dolorosa*) «Un espléndido libro sobre el nacimiento del nacionalismo español en el siglo XIX.» Luis Berenguer, *El País* (sobre *Mater dolorosa*)
