Revolutionary Paris and the Market for Netherlandish Art Darius A. Spieth,2017-11-06 Revolutionary Paris and the Market for Netherlandish Art restores attention to the aesthetic, intellectual, and economic link between two key periods in the history of art: the “Golden Age” of Dutch and Flemish painting and that of the French Revolution.

Salvator Rosa in French Literature James Patty,2005-01-31 Salvator Rosa (1615-1673) was a colorful and controversial Italian painter, talented musician, a notable comic actor, a prolific correspondent, and a successful satirist and poet. His paintings, especially his rugged landscapes and their evocation of the sublime, appealed to Romantic writers, and his work was highly influential on several generations of European writers. James S. Patty analyzes Rosa’s tremendous influence on French writers, chiefly those of the nineteenth century, such as Stendhal, Honoré de Balzac, Victor Hugo, George Sand, and Théophile Gautier. Arranged in chronological order, with numerous quotations from French fiction, poetry, drama, art criticism, art history, literary history, and reference works, Salvator Rosa in French Literature forms a narrative account of the reception of Rosa’s life and work in the world of French letters. James S. Patty, professor emeritus of French at Vanderbilt University, is the author of Dürer in French Letters . He lives in Nashville, Tennessee.

French Inside Out Henriette Walter,2003-09-02 In this comprehensive introduction, Henriette Walter provides the reader with a panoramic view of the development of the French language in the past, present and future. She takes the reader on a rapid and lively journey through the historical development of the language from its Latin origins to the present day. She goes on to set the language in its linguistic context by surveying its surviving and vanished dialects and regional variations of the language within France. Widening her focus, Walter examines French throughout the world, giving examples of the pronunciation and vocabulary of each region or nation. Finally she looks at French today: its structure, the effects of social change on the language, and its future in an increasingly English dominated world. This stimulating and entertaining account offers students of French a clear and accessible introduction to the language. The wealth of information it provides is reflected in the extensive bibliography, four indices and numerous world lists, maps and diagrams.

The Vence Chapel Henri Matisse, Marie-Alain Couturier, Louis-Bertrand Rayssiguier, 1999 Completing this invaluable record, the correspondence between Matisse and Father Marie-Alain Couturier, the Dominican priest at the forefront of the post-World War II movement to commission works of religious art from leading modern painters and sculptors, details the creation of the Chapel's most remarkable feature - Matisse's bold stained-glass windows. The numerous letters he and the artist exchanged are in themselves a fascinating exchange on the art and the significance of modern stained glass.

Private Peaceful Michael Morpurgo, 2012-08-24 Private Peaceful relives the life of Private Tommo Peaceful, a young First World War soldier awaiting the firing squad at dawn. During the night he looks back at his short but joyful past growing up in rural Devon: his exciting first days at school; the accident in the forest that killed his father; his adventures with Molly, the love of his life; and the battles and injustices of war that brought him to the front line. Winner of the Blue Peter Book of the Year, Private Peaceful is by the third Children's Laureate, Michael Morpurgo, award-winning author of War Horse. His inspiration came from a visit to Ypres where he was shocked to discover how many young soldiers were court-martialled and shot for cowardice during the First World War. This edition also includes introductory essays by Michael Morpurgo, Associate Director of Private Peaceful production Mark Leipacher, as well as an essay from Simon Reade, adaptor & director of this stage adaptation of Private Peaceful.

French Warships in the Age of Sail, 1626-1786 Rif Winfield,Stephen S Roberts,2017-10-30 “The first comprehensive listing of these ships in English. . . . Profusely illustrated [and] impressively informative.” —Midwest Book Review The origins of a permanent French sailing navy can be traced to the work of Cardinal Richelieu in the 1620s, but this naval force declined rapidly in the 1650s and a virtually new Marine Royale had to be re-created by Colbert from 1661. Thereafter, Louis XIV’s navy grew rapidly to become the largest and most powerful in the world, at the same time establishing a reputation for the quality of its ship design that lasted until the end of sail. The eighteenth century was to see defeat and decline, revival and victory, but by 1786 the French Navy had emerged from its most successful naval war having frequently outfought or outmaneuvered the British Navy in battle, and in the process making a major contribution to American independence. This book provides significant technical and building data as well as highlights of the careers of each ship in every class. For the first time, it is possible to form a clear picture of the overall development of French warships throughout the whole of the sailing era. “A handy and quick reference to a variety of vessels . . . [A] top notch reference book.” —British Tars, 1740-1790

Sunjata David C. Conrad,Djanka Tassej Condé,2004-01-01 A pillar of the West African oral tradition for centuries, this epic traces the adventures and achievements of the Mande hero, Sunjata, as he liberates his people from Sumaworo Kanté, the sorcerer king of Soso, and establishes the great medieval empire of Mali. David Conrad conveys the strong narrative

thrust of the Sunjata epic in his presentation of substantial excerpts from his translation of a performance by Djanka Tassej Condé. Readers approaching the epic for the first time will appreciate the translation's highly readable, poetic English as well as Conrad's informative Introduction and notes. Scholars will find the familiar heroes and heroines taking on new dimensions, secondary characters gaining increased prominence, and previously unknown figures emerging from obscurity. Thanks to his careful editing and translating of Condé's narrative, Conrad offers a highly readable version of the epic that is about a third of its original length. The translation communicates not only the poetic qualities and the essential events of the Sunjata legend but also the master bard's performance values. Thus, this rendering will fascinate those who already know the story and culture and those coming to the epic for the first time. Conrad provides an excellent introduction to Mande oral tradition, the role of the griot, and the Manding belief system. Though he makes no claim for this as the complete scholarly edition, he does provide helpful scholarly notes, a glossary, and a good bibliography. . . . Summing up: Highly recommended. --L. W. Yoder, CHOICE
