Encountering Kamala Kamalā Surāyya, Andrew Arkin. 2007 Poetry. Asian Studies. For over 40 years, Kamala Das, considered India's 'Poet Laureate,' has set a bold new tone for India's women, poor and disenfranchised. Now her message comes to the United States in her first American book--ENCOUNTERING KAMALA. When no one else dared, a young woman named Kamala Das took a poetic stance for those who had no voice in India. Her powerful words helped slowly change India's views on the role of women--to the point where its first female president was recently elected. Now in this book, Kamala speaks to all, touching on elements common to people worldwide: love, hope, despair, religion, and old age. ENCOUNTERING KAMALA: SELECTIONS FROM THE POETRY OF KAMALA DAS, INDIA'S POWERFUL VOICE FOR CHANGE features works previously published around the world, plus poems for her new audience. Also included are original drawings, photographs, and her personal correspondence with Andrew Arkin, longtime friend and publisher of this book. Encountering Kamala captures the courageous spirit of a Nobel Prize-nominated poet. Kamala Das's poems epitomise the dilemma of the modern Indian woman who attempts to free herself, sexually and domestically, from the role of bondage sanctioned by the past--The Hindu

Geography of Tongues Shikha Malaviya. 2013-12-08 Poetry. Asian & Asian American Studies. In GEOGRAPHY OF TONGUES by Shikha Malaviya, the poet playfully dons the role of 'morphologist,' moving deftly through continents, cultures, and personal histories, its often rugged terrain highlighted through shape-shifting poetic forms and unusual juxtapositions. Published by The (Great) Indian Poetry Collective and hailed in Scroll.in as one of '11 books of Indian poetry to read' in 2014, GEOGRAPHY OF TONGUES flexes its lyrical muscle as negotiator/communicator, as taster/holder of experience and as rebel/tease, sticking its tongue out in defiance. 'Shikha Malaviya's clever and inventive poems inhabit the contested space where Western culture collides with Hindu mythology, in a resplendent crash of forms that range from prose poems to lyrical litanies, all of them deeply felt and elegantly crafted.' Places in the Making Jim Cocola.2016-05-01 Places in the Making maps a range of twentieth- and twenty-first century American poets who have used language to evoke the world at various scales. Distinct from related traditions including landscape poetry, nature poetry, and pastoral poetry—which tend toward more idealized and transcendent lyric registers—this study traces a poetics centered upon more particular and situated engagements with actual places and spaces. Close generic predecessors of this mode, such as topographical poetry and loco-descriptive poetry, folded themselves into the various regionalist traditions of the late-nineteenth and early-twentieth centuries, but place making in modern and contemporary American poetics has extended beyond its immediate environs, unfolding at the juncture of the proximate and the remote, and establishing transnational, planetary, and cosmic formations in the process. Turning to geography as an interdisciplinary point of departure, Places in the Making distinguishes itself by taking a comparative and multiethnic approach, considering the relationship between identity and emplacement among a more representative demographic cross-section of Americans, and extending its inquiry beyond national borders. Positing place as a pivotal axis of identification and heralding emplacement as a crucial model for cultural, intellectual, and political activity in a period marked and imperiled by a tendency toward dislocation, the critical vocabulary of this project centers upon the work of place-making. It attends to a poetics that extends beyond epic and lyric modes while relying simultaneously on auditory and visual effects and proceeding in the interests of environmental advocacy and social justice, often in contrast to the more orthodox concerns of literary modernism, global capitalism, and print culture. Focusing on poets of international reputation, such as Elizabeth Bishop, Pablo Neruda, Charles Olson, and William Carlos Williams, Places in the Making also considers work by more recent figures, including Kamau Brathwaite, Joy Harjo, Myung Mi Kim, and Craig Santos Perez. In its larger comparative, multiethnic, and transnational emphases, this book addresses questions of particular moment in American literary and cultural studies and aspires to serve as a catalyst for further interdisciplinary work connecting geography and the humanities.

The Oxford Handbook of Indigenous American Literature James H. Cox, Daniel Heath Justice.2014-07-31 Over the course of the last twenty years, Native American and Indigenous American literary studies has experienced a dramatic shift from a critical focus on identity and authenticity to the intellectual, cultural, political, historical, and tribal nation contexts from which these Indigenous literatures emerge. The Oxford Handbook of Indigenous American Literature reflects on these changes and provides a complete overview of the current state of the field. The Handbook's forty-three essays, organized into four sections, cover oral traditions, poetry, drama, non-fiction, fiction, and other forms of Indigenous American writing from

the seventeenth through the twenty-first century. Part I attends to literary histories across a range of communities, providing, for example, analyses of Inuit, Chicana/o, Anishinaabe, and Métis literary practices. Part II draws on earlier disciplinary and historical contexts to focus on specific genres, as authors discuss Indigenous non-fiction, emergent trans-Indigenous autobiography, Mexicanoh and Spanish poetry, Native drama in the U.S. and Canada, and even a new Indigenous children's literature canon. The third section delves into contemporary modes of critical inquiry to expound on politics of place, comparative Indigenism, trans-Indigenism, Native rhetoric, and the power of Indigenous writing to communities of readers. A final section thoroughly explores the geographical breadth and expanded definition of Indigenous American through detailed accounts of literature from Indian Territory, the Red Atlantic, the far North, Yucatán, Amerika Samoa, and Francophone Quebec. Together, the volume is the most comprehensive and expansive critical handbook of Indigenous American literatures published to date. It is the first to fully take into account the last twenty years of recovery and scholarship, and the first to most significantly address the diverse range of texts, secondary archives, writing traditions, literary histories, geographic and political contexts, and critical discourses in the field.

The Wind Also Sings Yumlam Tana.2015-05-27 The writing style has been purposefully adopted to suit the simple thought and immediacy of expresion of the tribal dialect, especially in the first section which is written at a latter date

When The Tree Weeps Guna Moran. A wholesome effort is made to express universality of the world we live that is enriched with the wisdom of truth and reality. The humility and commitment of the poet is reflected in the use of easily comprehensible expressions that are capable of touching and enthralling the heart and soul of the readers. Rather than playing a game with words in the name of poetry, the poems included in the compilation demands the exploration of source of eternal loss-win for humanity along with the path of upliftment. Such heartfelt effort can always be expected to transform poems into a majestic resource for mankind. The poems in the collection appear to have succeeded in bringing innumerable waves of echoes and resonances getting automatically hummed in the heart of the readers.

Little Bit India -- Little Bit U.S.A. Soma Vira.1997 For Soma Vira, poetry is exploring origins, from India to the United States - from her roots in an ancient country to life in New York City. She bridges the gap in our cultures. Witty, wistful, poignant, she shows us the dichotomy of the two worlds, yet their compatibility. She's the right one to write about it, because as she says in one poem: O', old is India and the new America I'm a little bit old and a little bit new a little bit India and a little bit U.S.A.

Tunes from the Indian Subcontinent Fabrizio Frosini.2017-12-10 Is poetry a mere pleasurable pastime, residing on the poets' realms of dream only? Perhaps not.When Fabrizio Frosini, Italian poet and publisher, first thought of writing a book against terrorism, in the aftermath of the bloody terrorist attack in Paris on 13th Nov 2015, he invited many poets to lend their voices against the bloody scourge of terrorism. Sixty-four poets from forty-two countries, worldwide, were united irrespective of their diverse religion, race or creed and wrote poems for the Anthology, 'Poetry Against Terror'.With that book, Fabrizio Frosini brought about a mini revolution of sort in our poetry world, and since then a broad group of poets has been formed under his initiative: the open association, 'Poets Unite Worldwide', is today a vibrant reality. This book, 'Tunes from the Indian Subcontinent', is the latest in a long list, and it collects some of the best poems of poets from six out of the seven countries of this huge region (India, Pakistan, Sri Lanka, Nepal, Bhutan and Bangladesh).Among the different themes and issues you can found here (: from the plight of the refugees to democracy, inequality and women's status, from climate change to the Arts, from the lovers' feelings to the love for Nature,...), I've chosen just a few lines to let you catch a glimpse of this poetry book:~ The pure grief hitting the earth like broken glass stabbing God's chest. Ammar Butt writes, then adding: Every poem I ever wrote is trying to get closer to the people I have lost. ~~ She can fill a glass of salty tears, / To quench your thirst. / She carries your flesh in her womb, / Yet you blame it to be someone else's. is the opening of Asavri Dhillon's poem; ~~ She smiled, yes, since she loved, forever, unconditionally; / She suffered at his hands, brutally, and still she smiled at him. / Mona Lisa! She no longer is an artifact confined within walls. is Manu Mangattu's song... ~~ But inside

she is like a ballerina with a / Broken toe, in an opaque glass globe, / Where charcoal snow falls and freezes her heart, the hidden reality of a poor girl, revealed by Soren Mondal's verses. ~Apart from its literary value, this is a book of much social significance and it should be read not only by poetry lovers, but also by teachers, administrators, professionals, politicians, and the common people alike --You have to read the book to find out its real worth.(Bharati Nayak, Bhubaneswar, India)

Coconut Milk Dan Taulapapa McMullin.2013-09-26 Coconut Milk is the first book-length collection of poems by contemporary queer Samoan writer and painter Dan Taulapapa McMullin. His poems humorously attack cultural appropriation, gender, and the hypocrisies of Western influence in Oceania today. Pulling at the stereotype of a beautiful Polynesia available for the taking, his poems challenge and carve out new avenues of meaning for Pacific Islanders.

Arrival and Exile Subhash Kak.2016-07 Subhash Kak's Arrival and Exile is a collection of poems on journeys, memories, and loss. While some of the journeys are to known places, others are stops in the landscapes of imagination. The circles of memory in the poems speak of love and estrangement, beauty and solitude, and arrival at destination followed by exile.

From Unincorporated Territory [Åmot] Craig Santos Perez.2023-04-05 Experimental and visual poems diving into the history and culture of the poet's homeland, Guam. This book is the fifth collection in Craig Santos Perez's ongoing from unincorporated territory series about the history of his homeland, the western Pacific island of Guåhan (Guam), and the culture of his indigenous Chamoru people. Åmot is the Chamoru word for medicine, commonly referring to medicinal plants. Traditional Chamoru healers were known as yo'åmte; they gathered åmot in the jungle and recited chants and invocations of taotao'mona, or ancestral spirits, in the healing process. Through experimental and visual poetry, Perez explores how storytelling can become a symbolic form of åmot, offering healing from the traumas of colonialism, militarism, migration, environmental injustice, and the death of elders.

Leaving Yuba City Chitra Banerjee Divakaruni.2009-09-15 Like Divakaruni's much-loved and bestselling short story collection Arranged Marriage, this collection of poetry deals with India and the Indian experience in America, from the adventures of going to a convent school in India run by Irish nuns (Growing up in Darjeeling) to the history of the earliest Indian immigrants in the U.S. (Yuba City Poems). Groups of interlinked poems divided into six sections are peopled by many of the same characters and explore varying themes. Here, Divakaruni is particularly interested in how different art forms can

influence and inspire each other. One section, entitled Indian Miniatures, is based on and named after a series of paintings by Francesco Clemente. Another, called Moving Pictures, is based on Indian films, including Mira Nair's Salaam Bombay and Satyajit Ray's Ghare Baire. Photographs by Raghubir Singh inspired the section entitled Rajasthani. The trials and tribulations of growing up and immigration are also considered here and, as with all of Divakaruni's writing, these poems deal with the experience of women and their struggle to find identities for themselves. This collection is touched with the same magic and universal appeal that excited readers of Arranged Marriage. In Leaving Yuba City, Chitra Banerjee Divakaruni proves once again her remarkable literary talents.

Angels of the Americlypse: An Anthology of New Latin@ Writing Carmen Giménez Smith, John Chávez. 2014-06-18 The contemporary literary moment the anthology Angels of the Americlypse: New Latin@ Writing attempts to capture is one defined by diversity, various points of view, literary styles and voices, topical concerns, and senses of self. Not only have these writers widened the field, they have forged new inquiry into their own experiences of the world, as they live in it and understand it. Writing in forms of lyric, short short fiction, nonfictional prose, and in various degrees and forms of experimentation, this collection represents one of the first efforts, in years, to include a critical introduction to the writers' poetry or prose, their literary work, and their own aesthetic statements meant to express their distinct literary presence in American letters.

Wet Silence Sweta Srivastava Vikram. 2015-07-12 Sweta Vikram captures bold raw passion, poignant reality and crafts a powerful voice for the voiceless. --Kate Campbell Stevenson, Actor & Producer Wet Silence reads moving accounts of Hindu widows in India. The book raises concern about the treatment of widowed women by society; lends their stories a voice; shares their unheard tales about marriage; reveals the heavy hand of patriarchy; and, addresses the lack of companionship and sensuality in their lives. This collection of poems covers a myriad of social evils such as misogyny, infidelity, gender inequality, and celibacy amongst other things. The poems in the collection are bold, unapologetic, and visceral. The collection will haunt you. Nothing short of sacred genius, Wet Silence reads with a sensual and dangerous grace. It is a body of work that ushers presence into absence and love into a world that has all but done away with the word. --Slash Coleman, author of The Bohemian Love Diaries and blogger for Psychology Today. Sweta's poems did a powerful job

at highlighting the mental and sexual abuse, violence, loneliness and the pain experienced by millions of widows in India. Why I ask, is being a widow a crime? --Shruti Kapoor, Founder of Sayfty, an organization that helps women protect themselves against violence In a gorgeous choir of reclaimed voices, Sweta Srivastava Vikram tells the stories of women forgotten and passed over, women silenced and without choices, women who 'don't exist'--Hindu widows. Through the magical breath of her poetry Vikram not only animates these women's hopes, sorrows, dreams, and defeats, she lovingly restores them to honor. --Melissa Studdard, award-winning author of *I Ate the Cosmos for Breakfast*. Ecopoetic Place-Making Judith Rauscher.2023-08-31 American ecopoetries of migration explore the conflicted relationships of mobile subjects to the nonhuman world and thus offer valuable environmental insight for our current age of mass mobility and global ecological crisis. In *Ecopoetic Place-Making*, Judith Rauscher analyzes the works of five contemporary American poets of migration, drawing from ecocriticism and mobility studies. The poets discussed in her study challenge exclusionary notions of place-attachment and engage in ecopoetic place-making from different perspectives of mobility, testifying to the potential of poetry as a means of conceptualizing alternative environmental imaginaries for our contemporary world on the move.

Clearly You Are ESL Ranjani Murali.2021-12 Poetry. Winner of the Editor's Choice Award. *CLEARLY YOU ARE ESL* by Ranjani Murali is a genre-bending collection of poems that playfully explores the hybrid postcolonial Englishes that exist within an Indian English context. The attempt of the poet is to diffuse both the simultaneous specificity and the vagueness of this linguistic experience (and register) using visual poems and syntactic experimentation. These intellectually ambitious and surprising poems--some of them in the form of graphs and figures--investigate the politics of language, dating, and workplace etiquette, writes poet and professor Jennifer Atkinson. This is a new and unforgettable voice--by turns witty, acerbic, compassionate, and comic. I like this kind of poetry--it has how-to manuals, diagrams and words that are startling and perfect. Non-standardized 'Indian/South Indian' English is usually put on display for ridicule and I feel that many of these pieces capture the oft-overlooked aspects of the language that make it so extra-ordinary. One rarely finds it laid out like this--very honest and stripped down but in a humble way. To me, these poems unfold like a city--they are familiar, sad, quietly breathtaking.--Kuzhali Manickavel This is a dazzling collection of lyric adventures and experiments. Born in South India and living in the U.S. since her twenties, Murali navigates the cross-currents of contemporary South Indian and Midwest American culture and language. She explores the ironies and conflicts of living and working in and between those worlds. These intellectually ambitious and surprising poems--some of them in the form of graphs and figures--investigate the politics of language, dating, and workplace etiquette. This is a new and unforgettable voice--by turns witty, acerbic, compassionate, and comic.--Jennifer Atkinson

The Challenges of Island Studies Ayano Ginoza.2020-11-23 This book places islanders' struggles and knowledge at the

forefront of island studies. Written by experts from diverse fields and locations, it covers a wide range of topics, from the history of island studies to critical ocean studies. In remapping the field of island studies from Okinawa, an emerging hub of community-based knowledge and interdisciplinary collaboration between leading critics and theorists in geography, linguistics, tourism, literature, international relations, and peace studies reveals the challenges for the future of island studies. The book consists of two parts: the first offers a collection of individual contributions that demonstrate the vital role that the field's interdisciplinarity can play in creating bridges between the political and social issues islanders and the islands face and the disciplines involved. The second part provides a cross-disciplinary discussion between the authors and scholars of island studies in Okinawa, including local experts, and suggests new ways to think about the future of island studies that are intricately linked to islanders' agency, preservation of languages and heritage, and the security of the islands. As such, the book directly addresses the current state of the field as well as with its future.

India Poem India Radfar.2005 This book of poems-by a North American woman who as a child was immersed in the culture of India...who traveled in India as an adult, who was named for the region (itself emblematically named for the mighty Indus River which defined its location)-had to come into existence. Please read this book at quiet moments, when it can release its singular charm. Its author is speaking in the same personal tones India's finest poets always use. I like to think some day a singer will reach for her vina and assign a particular raga to each of these poems. They will then go out & live where they belong-along the city streets and country lanes of India, smelling of jasmine & cow dung, turmeric & mud.
