Don't Call Me Ishmael Michael Bauer,2012-01-01 By the time ninth grade begins, Ishmael Leseur knows it won't be long before Barry Bagsley, the class bully, says, Ishmael? What kind of wussy-crap name is that? Ishmael's perfected the art of making himself virtually invisible. But all that changes when James Scobie joins the class. Unlike Ishmael, James has no sense of fear - he claims it was removed during an operation. Now nothing will stop James and Ishmael from taking on bullies, bugs and Moby Dick, in the toughest, weirdest, most embarrassingly awful - and the best - year of their lives.

Theorien europäischer Integration Wilfried Loth,Wolfgang Wessels,2013-03-09 Wie kann man den Prozess der europäischen Integration erklären und was folgt daraus für seine weitere Entwicklung? Namhafte Vertreter der Geschichtswissenschaft, der Wirtschaftswissenschaft, der Politikwissenschaft, der Rechtswissenschaft und der Soziologie erläutern, welche Beiträge ihre Disziplinen zur Erklärung des europäischen Integrationsprozesses entwickelt haben und diskutieren die Möglichkeiten ihrer Verknüpfung zu einer interdisziplinären Integrationstheorie. Die Antriebskräfte der europäischen Integration kommen dabei ebenso in den Blick wie die Entwicklungsdynamik der europäischen Institutionen,

der Wandel von Staatlichkeit in Europa und das Demokratieproblem in der Europäischen Union. Konzepte und Ergebnisse der Disziplinen werden zu einer gemeinsamen Integrationswissenschaft verbunden.

A Practical Guide for Translators Geoffrey Samuelsson-Brown, 2010-03-24 This is the fifth revised edition of the best-selling A Practical Guide for Translators. It looks at the profession of translator on the basis of developments over the last few years and encourages both practitioners and buyers of translation services to view translation as a highly-qualified, skilled profession and not just a cost-led word mill. The book is intended principally for those who have little or no practical experience of translation in a commercial environment. It offers comprehensive advice on all aspects relevant to the would-be translator and, whilst intended mainly for those who wish to go freelance, it is also relevant to the staff translator as a guide to organisation of work and time. Advice is given on how to set up as a translator, from the purchase of equipment to the acquisition of clients. The process of translation is discussed from initial enquiry to delivery of the finished product. Hints are given on how to assess requirements, how to charge for work, how to research and use source material, and how to present the finished product. Guidance is given on where to obtain further advice and professional contacts. This revised edition updates practices in the translation profession and considers the impact of web-based translation offerings. Industry and commerce rely heavily on the skills of the human translator and his ability to make intellectual decisions that is, as yet, beyond the capacity of computer-aided translation.

Nonconformity, Dissent, Opposition, and Resistance in Germany, 1933-1990 Sabrina P. Ramet, 2020-10-29 "This book brings fresh light to previously marginalized subject in German history. It is an original approach, up-to-date written without scholarly jargon, easily accessible to students, both at undergraduate and graduate. It is highly focused departing from the usual "histories" of a single country arguing for the "two German states", and the three political systems."- Prof. Dr. László Kürti, Institute of Applied Social Sciences, University of Miskolc, Hungary This book contrasts three very different incarnations of Germany - the totalitarian Third Reich, the communist German Democratic Republic, and the democratic Federal Republic of Germany up to 1990 - in terms of their experiences with and responses to nonconformity, dissent, opposition, and resistance and the role played by those factors in each case. Although even innocent nonconformity came with a price in all three systems and in the post-war occupation zones, the price was the highest in Nazi Germany. . It is

worth stressing that what qualifies as nonconformity and dissent depends on the social and political context and, thus, changes over time. Like those in active dissent, opposition, or resistance, nonconformists are rebels (whether they are conscious of it or not), and have repeatedly played a role in pushing for change, whether through reform of legislation, transformation of the public's attitudes, or even regime change.
