*Ghostwritten* David Mitchell.2007-12-18 By the New York Times bestselling author of *The Bone Clocks* and *Cloud Atlas* A gallery attendant at the Hermitage. A young jazz buff in Tokyo. A crooked British lawyer in Hong Kong. A disc jockey in Manhattan. A physicist in Ireland. An elderly woman running a tea shack in rural China. A cult-controlled terrorist in Okinawa. A musician in London. A transmigrating spirit in Mongolia. What is the common thread of coincidence or destiny that connects the lives of these nine souls in nine far-flung countries, stretching across the globe from east to west? What pattern do their linked fates form through time and space? A writer of pyrotechnic virtuosity and profound compassion, a mind to which nothing human is alien, David Mitchell spins genres, cultures, and ideas like gossamer threads around and through these nine linked stories. Many forces bind these lives, but at root all involve the same universal longing for connection and transcendence, an axis of commonality that leads in two directions—to creation and to destruction. In the end, as lives converge with a fearful symmetry, *Ghostwritten* comes full circle, to a point at which a familiar idea—that whether the planet is vast or small is merely a matter of perspective—strikes home with the force of a new revelation. It marks the debut of a writer of astonishing gifts.

*Flawed Convictions* Deborah Tuerkheimer.2015 This book surveys the scientific, cultural, and legal history of Shaken Baby Syndrome from inception to formal dissolution. **Euthanasia: Searching for the Full Story** Timothy Devos.2021-03-17 This open access book has been written by ten Belgian health care professionals, nurses, university professors and doctors specializing in palliative care and ethicists who, together, raise questions concerning the practice of euthanasia. They share their experiences and reflections born out of their confrontation with requests for euthanasia and end-of-life support in a country where euthanasia has been decriminalized since 2002 and is now becoming a trivial topic.Far from evoking any militancy, these stories of life and death present the other side of a reality needs to be evaluated more rigorously.Featuring multidisciplinary perspectives, this thought-provoking and original book is intended not only for caregivers but also for anyone who questions the meaning of death and suffering, as well as the impact of a law passed in 2002. Presenting real-world cases and experiences, it highlights the complexity of situations and the consequences of the euthanasia law.This book appeals to palliative care providers, hematologists, oncologists, psychiatrists, nurses and health professionals as well as researchers, academics, policy-makers,

and social scientists working in health care. It is also a unique resource for those in countries where the decriminalization of euthanasia is being considered. Sometimes shocking, it focuses on facts and lived experiences to challenge readers and offer insights into euthanasia in Belgium.

*Iran's Struggles for Social Justice* Peyman Vahabzadeh.2016-12-20 This interdisciplinary volume offers a range of studies spanning the various historical, political, legal, and cultural features of social justice in Iran, and proposes that the present-day realities of life in Iran could not be farther from the promises of the Iranian Revolution. The ideals of social justice and participatory democracy that galvanized a resilient nation in 1979 have been abandoned as an avaricious ruling elite has privatized the economy, abandoned social programs and subsidy payments for the poor, and suppressed the struggles of women, workers, students, and minorities for equality. At its core, *Iran's Struggles for Social Justice* seeks to educate and to develop a new discourse on social justice in Iran.

*Children of the Jacaranda Tree* Sahar Delijani.2014-06-17 A tale set in post-revolutionary Iran follows the experiences of Neda, Omid, Sheida, and other individuals from three generations of families whose political activist loved ones were murdered during the violent purges inside Tehran's prisons.

**Schlepping Through Life Without a Road Map** Bruce Warshal.2023-07-28 There comes a time in most people's lives when he or she asks key questions: What can I believe about God, prayer, the source of ethics, the problem of evil, the answers in which we find our own tranquility? Warning: There are no right or wrong answers. Rabbi Warshal shares his own quest but makes no claim to finding universal truth, only his personal truth. If this book helps each person find his or her own way—schlepping through life without a road map—then he would consider the book a success. The process works for readers of all religions and those with none. But he presents the topics within a Jewish context and concludes the book with relating one's conclusions to the structure of the Jewish communal life in America.

*Reading Behind Bars* Jill Grunenwald.2019-09 In December 2008, twentysomething Jill Grunenwald graduated with her master's degree in library science, ready to start living her dream of becoming a librarian. But the economy had a different idea. As the Great Recession reared its ugly head, jobs were scarce. After some searching, however, Jill was lucky enough to snag one of the few librarian gigs left in her home state of Ohio. The catch? The job was behind bars as the prison librarian at a men's minimum-security prison. Talk about baptism by fire.

*Baby Star Finds Happy - a Story about Parental Incarceration* Avon Hart-Johnson.2019-12-15 This Children's book is a part of a project we affectionately call The Storybook Research Project. Through focus groups and individual interviews held

in the Washington, DC, Maryland, and Virginia area, our research team gained a depth and breadth of knowledge about communication between parents, caregivers, and their children regarding parental incarceration. Insights, lessons learned, and tips from parents and caregivers who participated in the study are integrated in our website resources for families and children. As we continue our quest to bring about social change that renders healing for those affected by mass incarceration, we offer our thanks to the countless families who in the midst of their own perils, were willing to contribute to research in hopes that their contributions will yield such interventions as our children's book.

Change of Heart Jeanne Bishop.2015-03-14 This powerful, true story of faith and forgiveness shows that all of us are capable of experiencing the healing and renewal that comes with truly forgiving another. Change of Heart follows the transformative journey undertaken by Jeanne Bishop after the murders of her sister and brother-in-law, a journey that challenged Jeanne's belief in the message of Jesus on the cross and eventually moved her beyond simple forgiveness to the deeper waters of redemption and grace. Jeanne's authentic story will guide readers past the temptation of anger and revenge, and help them navigate the path of truly forgiving someone whose actions have hardened their heart. From once wishing that her sister's killer languished in a cell for the rest of his life, Jeanne now visits him regularly in prison and publicly advocates for his release. It's not okay what you did, but I am not going to hate you. I am not going to wish evil on you, writes Bishop of the murderer. I am going to wish the opposite. I am going to wish that you will be redeemed. "The criminal justice system in the United States, which deems some people unworthy of redemption—even children who commit serious crimes—urgently needs to hear voices that speak for mercy and restoration. Jeanne Bishop's is such a voice" writes Sr. Helen Prejean, activist and author of *Dead Man Walking*. Change of Heart confronts these serious and pressing issues of restorative justice, juvenile life sentences, and incarceration in the criminal justice system. Ultimately, Jeanne is writing more than a memoir of finding faith through extraordinary obstacles. Her compelling story offers a better understanding of what it truly means to be a person of faith. It is a call to action that is a "must-read for pastors, social workers, caregivers, and all who seek to build community with people relegated to the margins" (Greg Ellison, Emory University).

**Now One Foot, Now the Other** Tomie DePaola.2005 When his grandfather suffers a stroke, Bobby teaches him to walk, just as his grandfather had once taught him.

Weekends with Daisy Sharron Kahn Luttrell.2013-09-10 Currently in development with CBS Films, this is the emotional and uplifting memoir of a woman who became a volunteer trainer for Daisy, a sweet yellow Lab puppy, and her unique relationship with the inmate who is Daisy's partner in the Prison PUP program. When Sharron Luttrell, a journalist still deeply mourning the loss of her family dog, found out about a weekend puppy raiser program for a service dog organization, she knew it was just she needed to help her move on. It seemed ideal; pick up a puppy on Friday, return it on Sunday night, get a new puppy each year. No strings attached. Well, it turns out that there were strings - and they tugged at her every Sunday evening when she had to return "her dog" to prison. This memoir chronicles Sharron's year co-parenting Daisy, a sweet lab puppy, with Keith, a convicted felon serving a decades-long sentence. As Sharron and Keith develop a rapport based on their brief weekend handovers (an exchange she describes as divorced parents handing over the kids), she begins to speculate about what the quiet, gentle Keith could have done to wind up in medium-security prison. When, through an accident of fate, Sharron finally discovers the crime Keith actually committed, she is shaken to her foundation. How can she continue to work with him, knowing what she does? But can she dismiss her personal experience with him, which has been nothing but kind? Ultimately, she looks to Daisy to pull her through—she must "think like a dog" and react in the present, not the past. Mindful of how much Daisy has taught her in a short time, Sharron can also see how much this special dog has helped Keith learn empathy, remorse, and to face the consequences of his actions. As the two of them work tirelessly to ensure that Daisy passes her final test and fulfills her destiny by becoming a service dog, Sharron tests the limits of her own strength, compassion, and capacity for love.

**The Care of Strangers** Ellen Michaelson.2020-11-10 Winner of the 2019 Miami Book Fair/de Groot Prize, *The Care of Strangers* is a moving story about friendship set in a gritty Brooklyn hospital, where a young woman learns to take charge of her life by taking care of others. Working as an orderly in a gritty Brooklyn public hospital, Sima is often reminded by her superiors that she's the least important person there. An immigrant who, with her mother, escaped vicious anti-Semitism in Poland, she spends her shifts transporting patients, observing the doctors and residents ... and quietly nurturing her aspirations to become a doctor herself by going to night school. Now just one credit short of graduating, she finds herself faltering in the face of pressure from her mother not to overreach, and to settle for the life she has now. Everything changes when Sima encounters Mindy Kahn, an intern doctor struggling through her residency. Sensing a fellow outsider in need of

support, Sima bonds with Mindy over their patients, and learns the power of truly letting yourself care for another person, helping to give her the courage to face her past, and take control of her future. A moving story about vulnerability and friendship, *The Care of Strangers* is the story of one woman's discovery that sometimes interactions with strangers are the best way to find yourself.

**Fairy Tale** Stephen King.2022-09-06 A #1 New York Times Bestseller and New York Times Book Review Editors' Choice! Legendary storyteller Stephen King goes into the deepest well of his imagination in this spellbinding novel about a seventeen-year-old boy who inherits the keys to a parallel world where good and evil are at war, and the stakes could not be higher—for that world or ours. Charlie Reade looks like a regular high school kid, great at baseball and football, a decent student. But he carries a heavy load. His mom was killed in a hit-and-run accident when he was ten, and grief drove his dad to drink. Charlie learned how to take care of himself—and his dad. When Charlie is seventeen, he meets a dog named Radar and her aging master, Howard Bowditch, a recluse in a big house at the top of a big hill, with a locked shed in the backyard. Sometimes strange sounds emerge from it. Charlie starts doing jobs for Mr. Bowditch and loses his heart to Radar. Then, when Bowditch dies, he leaves Charlie a cassette tape telling a story no one would believe. What Bowditch knows, and has kept secret all his long life, is that inside the shed is a portal to another world. Magnificent, terrifying, and “spellbinding...packed with glorious flights of imagination and characteristic tenderness about childhood, *Fairy Tale* is vintage King at his finest” (Esquire). “Good, evil, a kingdom to save, monsters to slay—these are the stuff that page-turners are made from.” —Laura Miller, Slate

*Al Capone Does My Shirts* Gennifer Choldenko.2006-04-20 The Newbery Honor Book and New York Times Bestseller that is historical fiction with a hint of mystery about living at Alcatraz not as a prisoner, but as a kid meeting some of the most famous criminals in our history. *Al Capone Does My Shirts* has become an instant classic for all kids to read! Today I moved

to Alcatraz, a twelve-acre rock covered with cement, topped with bird turd and surrounded by water. I'm not the only kid who lives here. There are twenty-three other kids who live on the island because their dads work as guards or cooks or doctors or electricians for the prison, like my dad does. And then there are a ton of murderers, rapists, hit men, con men, stickup men, embezzlers, connivers, burglars, kidnappers and maybe even an innocent man or two, though I doubt it. The convicts we have are the kind other prisons don't want. I never knew prisons could be picky, but I guess they can. You get to Alcatraz by being the worst of the worst. Unless you're me. Say Nothing Patrick Radden Keefe.2019-02-26 NEW YORK TIMES BESTSELLER • From the author of Empire of Pain—a stunning, intricate narrative about a notorious killing in Northern Ireland and its devastating repercussions Masked intruders dragged Jean McConville, a 38-year-old widow and mother of 10, from her Belfast home in 1972. In this meticulously reported book—as finely paced as a novel—Keefe uses McConville's murder as a prism to tell the history of the Troubles in Northern Ireland. Interviewing people on both sides of the conflict, he transforms the tragic damage and waste of the era into a searing, utterly gripping saga. —New York Times Book Review Jean McConville's abduction was one of the most notorious episodes of the vicious conflict known as The Troubles. Everyone in the neighborhood knew the I.R.A. was responsible. But in a climate of fear and paranoia, no one would speak of it. In 2003, five years after an accord brought an uneasy peace to Northern Ireland, a set of human bones was discovered on a beach. McConville's children knew it was their mother when they were told a blue safety pin was attached to the dress--with so many kids, she had always kept it handy for diapers or ripped clothes. Patrick Radden Keefe's mesmerizing book on the bitter conflict in Northern Ireland and its

aftermath uses the McConville case as a starting point for the tale of a society wracked by a violent guerrilla war, a war whose consequences have never been reckoned with. The brutal violence seared not only people like the McConville children, but also I.R.A. members embittered by a peace that fell far short of the goal of a united Ireland, and left them wondering whether the killings they committed were not justified acts of war, but simple murders. From radical and impetuous I.R.A. terrorists such as Dolours Price, who, when she was barely out of her teens, was already planting bombs in London and targeting informers for execution, to the ferocious I.R.A. mastermind known as The Dark, to the spy games and dirty schemes of the British Army, to Gerry Adams, who negotiated the peace but betrayed his hardcore comrades by denying his I.R.A. past--Say Nothing conjures a world of passion, betrayal, vengeance, and anguish. Look for Patrick Radden Keefe's latest bestseller, *Empire of Pain*

*Prisoners Without Bars* Donna O'Donnell Figurski.2018-11-01 "Laugh! Cry! G-A-S-P! This heart-wrenching and triumphant love story is a tale of advocacy and caregiving. Donna's husband, David, stumbled into their bedroom, his hand covering a blood-filled eye from a brain hemorrhage. Donna called 9-1-1. David slipped into a coma. At that moment, Donna was thrust onto the path of caregiver for her best friend and the love of her life. In her debut memoir, Donna shares how a neurosurgeon said that David would make a great organ donor. She writes of arrogant doctors, uncaring visitors, insensitive ambulance drivers, and problematic nurses. She also tells of the many compassionate doctors, nurses, therapists, staff, strangers, family members, and friends who helped them on their journey. Donna compellingly describes her ability to appear positive as she experiences the horror of making life-or-death decisions. As her world crashes, she credits laughter as her lifesaver. More than thirteen years later, Donna and David are living a new normal together.

**The Caregiver** Samuel Park.2019-07-09 From the critically acclaimed author of *This Burns My Heart* comes a "luminous mother-daughter saga" (Entertainment Weekly) about a young woman who is forced to flee 1980s Brazil for California, and in doing so unearths the hidden life of her enigmatic mother. Mara Alencar's mother Ana is her moon, her sun, her stars. Ana, a struggling voice-over actress, is an admirably brave and recklessly impulsive woman who does everything in her power to care for her little girl in perilous 1980s Rio de Janeiro. With no other family or friends her own age, Ana eclipses Mara's entire world. They take turns caring for each other—in ways big and small. But who is Ana, really? As she grows older, Mara slowly begins to piece together the many facets of Ana's complicated life—a mother, a rebel, and always, an actress. When Ana becomes involved with a civilian rebel group attempting to undermine the city's cruel Police Chief, their fragile arrangement begins to unravel. Mara is forced to flee the only home she's ever known, for California, where she lives as an undocumented immigrant, caregiving for a dying woman. It's here that she begins to grapple with her turbulent past and starts to uncover vital truths—about her mother, herself, and what it means to truly take care of someone. A "lovely and heartbreaking" (People) story that is "simultaneously dreamlike and visceral" (The Atlantic), *The Caregiver* is "a beautiful

testament to Samuel Park's extraordinary talents as a storyteller...that reads, in some moments, like a thriller—and, in others, like a meditation on what it means to be alive...A ferocious page-turner with deep wells of compassion for the struggles of the living—and the sins of the dead” (Kirkus Reviews, starred review).

*The Gold Coats* Aileen Hongo,Terrance David.2016-03-17 Correctional facilities are not geared to accommodate the needs of a growing aging population. With the natural slowdown of physical mobility and cognitive processes, aging prisoners are prone to predation and humiliation. Early onset dementia, including Alzheimer's Disease, is difficult to detect in a population often accompanied with other mental illness and maladaptive social behaviors. The Gold Coat program, based at the California Men's Colony State Prison in San Luis Obispo, consists of healthy inmates specially trained to care for those with dementia and other cognitive impairments and are designated for the gold smocks they wear. The experiences of former Gold Coats will reveal a working rehabilitative program, a true model of reform that can provide skills for meaningful employment while caring for those who cannot help themselves. Many of the Gold Coats in this book had dual roles and served as hospice caregivers assuring those that were dying they would not be alone or forgotten. Many, if not most, of their Alzheimer's clients who were not transferred or released ended up in hospice and again, in the care of the beloved Gold Coat that took care of them through the various stages of Alzheimer's Disease. This book will provide a foundation for a rehabilitative caregiver program to meet the needs of cognitively impaired inmates while healthy inmates can learn vital employable skills, confidence, self-esteem, empathy and compassion in a difficult environment. These former caregivers take pride in their training, skills and experience. Their passion to keep the Gold Standard of care throughout corrections and beyond is at the root of this book.

**I Cried, You Didn't Listen** Dwight Edgar Abbott.2006 California spends \$400,000,000 annually to incarcerate children as young as twelve years old. Every year, the price of a four year education at Stanford University buys each of these children horrifying physical, sexual, and psychological abuse behind the walls and fences of the California Youth Authority. At the age of nine, a family tragedy split up Dwight Abbott's family, and forced him into the hands of the California Youth Authority. This is the chilling chronicle of his life behind bars—a story of brutality and survival; a dark journey showing how the systematic abuse of incarcerated children creates a cycle of criminal behavior that usually ends with prison or death. - back cover.

*Are Prisons Obsolete?* Angela Y. Davis.2011-01-04 With her characteristic brilliance, grace and radical audacity, Angela Y. Davis has put the case for the latest abolition movement in American life: the abolition of the prison. As she quite correctly notes, American life is replete with abolition movements, and when they were engaged in these struggles, their chances of success seemed almost unthinkable. For generations of Americans, the abolition of slavery was sheerest illusion. Similarly, the entrenched system of racial segregation seemed to last forever, and generations lived in the midst of the practice, with few predicting its passage from custom. The brutal, exploitative (dare one say lucrative?) convict-lease system that succeeded formal slavery reaped millions to southern jurisdictions (and untold miseries for tens of thousands of men, and women). Few predicted its passing from the American penal landscape. Davis expertly argues how social movements transformed these social, political and cultural institutions, and made such practices untenable. In *Are Prisons Obsolete?*, Professor Davis seeks to illustrate that the time for the prison is approaching an end. She argues forthrightly for decarceration, and argues for the transformation of the society as a whole.

Prison Without Bars Monique Van Leeuwen.2014-02-18 Monique is one of triplets. She grew up in an unstable family where alcoholism prevailed. As she was growing up, her supervision and rearing went completely out of hand. Big mistakes were made, and dramatic consequences followed. Youth Prisons, mental hospitals, shelters, and TBS with compulsory treatment were next. To free herself from a Prison Without Bars, she shared her story through this book.

*A Life's Work* Rachel Cusk.2015-02-17 A New York Times Book Review Notable Book, *A Life's Work: On Becoming a Mother* is multi-award-winning author Rachel Cusk's honest memoir that captures the life-changing wonders of motherhood. Selected by the New York Times as one of the 50 Best Memoirs of the Past 50 Years The experience of motherhood is an experience in contradiction. It is commonplace and it is impossible to imagine. It is prosaic and it is mysterious. It is at once banal, bizarre, compelling, tedious, comic, and catastrophic. To become a mother is to become the chief actor in a drama of human existence to which no one turns up. It is the process by which an ordinary life is transformed unseen into a story of strange and powerful passions, of love and servitude, of confinement and compassion. In a book that is touching, hilarious, provocative, and profoundly insightful, novelist Rachel Cusk attempts to tell something of an old story set in a new era of

sexual equality. Cusk's account of a year of modern motherhood becomes many stories: a farewell to freedom, sleep, and time; a lesson in humility and hard work; a journey to the roots of love; a meditation on madness and mortality; and most of all a sentimental education in babies, books, toddler groups, bad advice, crying, breastfeeding, and never being alone. "Funny and smart and refreshingly akin to a war diary—sort of Apocalypse Baby Now...A Life's Work is wholly original and unabashedly true."—The New York Times Book Review

*I Know This Much Is True* Wally Lamb.1998-06-03 With his stunning debut novel, *She's Come Undone*, Wally Lamb won the adulation of critics and readers with his mesmerizing tale of one woman's painful yet triumphant journey of self-discovery. Now, this brilliantly talented writer returns with *I Know This Much Is True*, a heartbreaking and poignant multigenerational saga of the reproductive bonds of destruction and the powerful force of forgiveness. A masterpiece that breathtakingly tells a story of alienation and connection, power and abuse, devastation and renewal--this novel is a contemporary retelling of an ancient Hindu myth. A proud king must confront his demons to achieve salvation. Change yourself, the myth instructs, and you will inhabit a renovated world. When you're the same brother of a schizophrenic identical twin, the tricky thing about saving yourself is the blood it leaves on your hands--the little inconvenience of the look-alike corpse at your feet. And if you're into both survival of the fittest and being your brother's keeper--if you've promised your dying mother--then say so long to sleep and hello to the middle of the night. Grab a book or a beer. Get used to Letterman's gap-toothed smile of the absurd, or the view of the bedroom ceiling, or the influence of random selection. Take it from a godless insomniac. Take it from the uncrazy twin--the guy who beat the biochemical rap. Dominick Birdsey's entire life has been compromised and constricted by anger and fear, by the paranoid schizophrenic twin brother he both deeply loves and resents, and by the past they shared with their adoptive father, Ray, a spit-and-polish ex-Navy man (the five-foot-six-inch sleeping giant who snoozed upstairs weekdays in the spare room and built submarines at night), and their long-suffering mother, Concettina, a timid woman with a harelip that made her shy and self-conscious: She holds a loose fist to her face to cover her defective mouth--her perpetual apology to the world for a birth defect over which she'd had no control. Born in the waning moments of 1949 and the opening minutes of 1950, the twins are physical mirror images who grow into separate yet connected entities: the seemingly strong and protective yet fearful Dominick, his mother's watchful monkey; and the seemingly weak and sweet yet noble Thomas, his mother's gentle bunny. From childhood, Dominick fights for both separation and wholeness--and ultimately self-protection--in a house of fear dominated by Ray, a bully who abuses his power over these stepsons whose biological father is a mystery. I was still afraid of his anger but saw how he punished weakness--pounced on it. Out of self-preservation I hid my fear, Dominick confesses. As for Thomas, he just never knew how to play defense. He just didn't get it. But Dominick's talent for survival comes at an enormous cost, including the breakup of his marriage to the warm, beautiful Dessa, whom he still loves. And it will be put to the ultimate test when Thomas, a Bible-spouting zealot,

commits an unthinkable act that threatens the tenuous balance of both his and Dominick's lives. To save himself, Dominick must confront not only the pain of his past but the dark secrets he has locked deep within himself, and the sins of his ancestors--a quest that will lead him beyond the confines of his blue-collar New England town to the volcanic foothills of Sicily 's Mount Etna, where his ambitious and vengefully proud grandfather and a namesake Domenico Tempesta, the *sostegno del famiglia*, was born. Each of the stories Ma told us about Papa reinforced the message that he was the boss, that he ruled the roost, that what he said went. Searching for answers, Dominick turns to the whispers of the dead, to the pages of his grandfather's handwritten memoir, *The History of Domenico Onofrio Tempesta, a Great Man from Humble Beginnings*. Rendered with touches of magic realism, Domenico's fablelike tale--in which monkeys enchant and religious statues weep--becomes the old man's confession--an unwitting legacy of contrition that reveals the truth's of Domenico's life, Dominick learns that power, wrongly used, defeats the oppressor as well as the oppressed, and now, picking through the humble shards of his deconstructed life, he will search for the courage and love to forgive, to expiate his and his ancestors' transgressions, and finally to rebuild himself beyond the haunted shadow of his twin. Set against the vivid panoply of twentieth-century America and filled with richly drawn, memorable characters, this deeply moving and thoroughly satisfying novel brings to light humanity's deepest needs and fears, our aloneness, our desire for love and acceptance, our struggle to survive at all costs. Joyous, mystical, and exquisitely written, *I Know This Much Is True* is an extraordinary reading experience that will leave no reader untouched.

**The Gift** Edith Eva Eger.2020-09-15 "I will be forever changed by Edith Eger's story." —Oprah A practical and inspirational guide to stopping destructive patterns and imprisoning thoughts to find freedom and joy in life—now updated to address the challenges of the pandemic and a world in crisis. World renowned psychologist and internationally bestselling author, Edith Eger's, powerful New York Times bestselling book *The Choice* told the story of her survival in the concentration camps, her escape, healing, and journey to freedom. Readers around the world wrote to tell her how *The Choice* moved them and inspired them to confront their own past and try to heal their pain. They asked her to write another, more prescriptive book. Eger's second book, *The Gift*, expands on her message of healing and provides a hands-on guide that gently encourages readers to change the thoughts and behaviors that may be keeping them imprisoned in the past. Eger explains that the worst prison she experienced is not the prison that Nazis put her in but the one she created for herself: the prison within her own mind. She describes the most pervasive imprisoning beliefs she has known—including fear, grief, anger, secrets, stress, guilt, shame, and avoidance—and the tools she has discovered to deal with these universal challenges. These lessons are offered through riveting and inspiring stories from her life and the lives of her patients. This new, revised edition of *The Gift* contains two new chapters that examine the invaluable insights and lessons Edie learned during the Covid-19 pandemic; a time she used to rediscover freedom even in lockdown and to enjoy the simple pleasures of life, including preparing and sharing meals

with the ones we love. Edie includes recipes for some of her favorite dishes which have been updated and tested by her daughter Marianne Engle and explains how food can be a deep expression of love and connection. As readers seek to find joy and some peace in these challenging times, Eger's wisdom and heartfelt advice is as timely, and timeless, as ever and certain to resonate with Eger's devoted readers and those who have not yet found her transformational wisdom. Filled with empathy, insight, and humor, *The Gift* captures the vulnerability and common challenges we all face and provides encouragement and advice for breaking out of our personal prisons to find healing and greater joy in life.
