*Kanuni i Lekë Dukagjinit* Lekë Dukagjini, Shtjefën Gjeçovi, 2023-09-24 Librashqip sjell versionin e plotë të Kanuni i Lekë Dukagjinit. Libri kontroversial një thesar i kulturës dhe traditës shqiptare, një kod i lashtë i sjellë nga periudha e lashtë e mesjetës. Ky kanun ka qenë një rrugëdrejtimit i rëndësishëm për shoqërinë shqiptare dhe një burim i pasur për të kuptuar vlerat, detyrat dhe rregullat e kësaj kulture të lashtë. Ky libër shpalos thelbin e Kanunit të Lekë Dukagjinit në mënyrë të qartë dhe të kuptueshme për lexuesin modern. Përmes faqeve të tij, do të zhytemi në botën e marrëdhënieve shoqërore dhe të drejtësisë së shekujve të kaluar. Kanuni trajton çështje të ndryshme të jetës shoqërore si martesë, gjakmarrja, trashëgimia, dhe të drejtat dhe detyrat e njeriut në shoqëri. Leximi i këtij libri është një udhëtim në thellësitë e zakoneve dhe besimeve të lashta shqiptare, duke ofruar një perspektivë të thellë mbi historinë dhe kulturën e këtij vendi të bukur.

Burning Down the House Nell Bernstein, 2014-06-03 When teenagers scuffle during a basketball game, they are typically benched. But when Will got into it on the court, he and his rival were sprayed in the face at close range by a chemical similar to Mace, denied a shower for twenty-four hours, and then locked in solitary confinement for a month. One in three American children will be arrested by the time they are twenty-three, and many will spend time locked inside horrific detention centers that defy everything we know about how to rehabilitate young offenders. In a clear-eyed indictment of the juvenile justice system run amok, award-winning journalist Nell Bernstein shows that there is no right way to lock up a child. The very act of isolation denies delinquent children the thing that is most essential to their growth and rehabilitation: positive relationships with caring adults. Bernstein introduces us to youth across the nation who have suffered violence and psychological torture at the hands of the state. She presents these youths all as fully realized people, not victims. As they describe in their own voices their fight to maintain their humanity and protect their individuality in environments that would deny both, these young people offer a hopeful alternative to the doomed effort to reform a system that should only be dismantled. *Burning Down the House* is a clarion call to shut down our nation's brutal and counterproductive juvenile prisons and bring our children home.

**Kosovo and Serbia** Leandrit I. Mehmeti, Branislav Radeljic, 2017-06-17 *Azan on the Moon* is an in-depth anthropological study of people's lives along the Pamir Highway in eastern Tajikistan. Constructed in the 1930s in rugged high-altitude terrain, the road fundamentally altered the material and social fabric of this former Soviet outpost on the border with Afghanistan and China. The highway initially brought sentiments of disconnection and hardship, followed by Soviet modernization and development, and ultimately a sense of distinction from bordering countries and urban centers that continues to this day. Based on extensive fieldwork and through an analysis of construction, mobility, technology, media, development, Islam, and the state, Till Mostowlansky shows how ideas of modernity are both challenged and reinforced in contemporary Tajikistan. In the wake of China's rise in Central Asia, people along the Pamir Highway strive to reconcile a modern future with a modern past. Weaving together the road, a population, and a region, *Azan on the Moon* presents a rich ethnography of global connections

**The Happiness Manifesto** Nic Marks, 2011 Much of modern life is based upon the assumption that happiness and well-being come from economic prosperity. Many - politicians and media and citizens alike - seem to assume that the main goal of government is to ensure that the economy is forever moving forward. It is now overwhelmingly clear however, says Nic Marks in this essay, that the blind pursuit of economic growth has created a whole set of social and environmental issues that are rapidly undermining the potential happiness and well-being of current and future generations. He convincingly posits and argues that it's time to imagine a different future, one where the desired outcome of policies and governance is the quality of people's experience of life.

The European Union Kristin Archick, 2018-12-04 The European Union (EU) is a unique partnership in which member states have pooled sovereignty in certain policy areas and harmonized laws on a wide range of economic and political issues. The EU is the latest stage in a process of European integration begun after World War II, initially by six Western European countries, to promote peace, security, and economic development. The EU currently consists of 28 member states, including most of the formerly communist countries of Central and Eastern Europe. The EU is largely viewed as a cornerstone of European stability and prosperity. For much of the last decade, however, many EU countries have faced considerable economic difficulties. Despite an improved economic situation in the EU since 2017, economic pressures and societal changes have contributed to the rise of populist and antiestablishment political parties, at least some of which harbor anti-EU or euroskeptical sentiments. Such trends have complicated the EU's ability to deal with multiple internal and external challenges. Among the most prominent challenges are the pending departure of the United Kingdom (UK) from the EU (Brexit); democracy and rule-of-law concerns in Poland, Hungary, and other EU members; migration and related societal integration concerns; a resurgent Russia; and a heightened terrorism threat. Amid these difficult issues, some are questioning the future shape and character of the EU are being. Supporters of the EU worry that some aspects of EU integration could be stopped or reversed. Others contend that the multiple crises could produce some beneficial reforms that ultimately would transform the EU into a more effective, cohesive entity. Recently, considerable attention has focused on developing a multispeed EU, in which some EU members could pursue greater integration in specified areas and others could opt out. Successive U.S. Administrations and many Members of Congress long have supported the European integration project, viewing it as crucial to European peace and security and as a way to foster strong U.S. allies and trading partners. Despite some tensions over the years, the United States and the EU share a dynamic political partnership on various foreign policy issues and an extensive trade and investment relationship. How the EU evolves in the years ahead may have strategic and economic repercussions for the United States. At the same time, some EU leaders are concerned about President Trump's apparent skepticism of the EU and his reported assessment of the bloc as an economic competitor. Those of this view also worry that elements of the Trump Administration's America First foreign policy—such as the U.S. decision to withdraw from the 2015 multilateral nuclear deal with Iran—pit the United States against the EU. A number of European officials and analysts question whether traditional U.S. support for close U.S.-EU relations may be shifting and whether the United States will remain a reliable international partner. Some observers suggest that managing relations with the United States under the Trump Administration has emerged as another, somewhat unexpected, challenge for the EU. At the same time, many in the EU hope to preserve close U.S.-EU ties and EU policymakers continue to seek to cooperate with the Trump Administration where possible on issues of common interest and concern. This report provides a brief history of the EU and the major challenges confronting the bloc. It also discusses the potential implications for the EU and for U.S.-EU relations.

Women in different global contexts Maćkowicz Jolanta, Pająk-Ważna Ewa, 2014-08-04 Oficyna Wydawnicza „Impuls”, we współpracy z Uniwersytetem Pedagogicznym im. KEN w Krakowie, wystąpiła z międzynarodowym projektem, zatytułowanym Women in different global contexts. Culture - Gender - Violence. Redaktorkom, a zarazem Autorkom kilku z zamieszczonych w tomie tekstów, udało się namówić do współpracy światowej klasy pedagogów, socjologów, psychologów, filozofów, prawników z polskich i zagranicznych ośrodków akademickich, co czyni publikację Jolanty Maćkowicz i Ewy Pająk-Ważnej szczególnie cenną, mającą charakter interdyscyplinarny a nawet multuidyscypliny. Osią, wokół której skupia się uwaga badaczy, jest sytuacja kobiety we współczesnym świecie, czemu służy przejrzysty podział książki na trzy części - trzy odmienne konteksty: kobieta postrzegana jest kolejno przez pryzmat kultury (m.in. sytuacja kobiety w rzymskiej społeczności oraz działalność żydowskich organizacji charytatywnych z przełomu XIX i XX w.), uwikłania w płęć (min. kwestia ról politycznych jakie mogą/nie mogą pełnić kobiety, mit Bilderberg Group oraz role, jakie przyjmują na siebie młode kobiety, dopiero wchodzące w dorosłość), a także jako ofiara przemocy, przede wszystkim domowej. Tematy skądinąd dobrze znane, w ujęciu Maćkowicz i Pająk-Ważnej zyskują nowy - międzynarodowy wymiar, rzucając na zawartą tu problematykę odmienne światło i pokazując, jak odmienne kulturowo środowisko modyfikuje rolę kobiety i koleje jej losów. Serdecznie zapraszamy do lektury.

**Caught** Marie Gottschalk,2016-02-16 A major reappraisal of crime and punishment in America The huge prison buildup of the past four decades has few defenders, yet reforms to reduce the numbers of those incarcerated have been remarkably modest. Meanwhile, an ever-widening carceral state has sprouted in the shadows, extending its reach far beyond the prison gate. It sunders families and communities and reworks conceptions of democracy, rights, and citizenship—posing a formidable political and social challenge. In *Caught*, Marie Gottschalk examines why the carceral state remains so tenacious in the United States. She analyzes the shortcomings of the two dominant penal reform strategies—one focused on addressing racial disparities, the other on seeking bipartisan, race-neutral solutions centered on reentry, justice reinvestment, and reducing recidivism. With a new preface evaluating the effectiveness of recent proposals to reform mass incarceration, *Caught* offers a bracing appraisal of the politics of penal reform.

**When Brute Force Fails** Mark A. R. Kleiman,2009-08-17 Since the crime explosion of the 1960s, the prison population in the United States has multiplied fivefold, to one prisoner for every hundred adults—a rate unprecedented in American history and unmatched anywhere in the world. Even as the prisoner head count continues to rise, crime has stopped falling, and poor people and minorities still bear the brunt of both crime and punishment. *When Brute Force Fails* explains how we got into the current trap and how we can get out of it: to cut both crime and the prison population in half within a decade. Mark Kleiman demonstrates that simply locking up more people for lengthier terms is no longer a workable crime-control strategy. But, says Kleiman, there has been a revolution—largely unnoticed by the press—in controlling crime by means other than brute-force incarceration: substituting swiftness and certainty of punishment for randomized severity, concentrating enforcement resources rather than dispersing them, communicating specific threats of punishment to specific offenders, and enforcing probation and parole conditions to make community corrections a genuine alternative to incarceration. As Kleiman shows, zero tolerance is nonsense: there are always more offenses than there is punishment capacity. But, it is possible—and essential—to create focused zero tolerance, by clearly specifying the rules and then delivering the promised sanctions every time the rules are broken. Brute-force crime control has been a costly mistake, both socially and financially. Now that we know how to do better, it would be immoral not to put that knowledge to work.

**Pulled Over** Charles R. Epp,Steven Maynard-Moody,Donald Haider-Markel,2014-04-04 In sheer numbers, no form of government control comes close to the police stop. Each year, twelve percent of drivers in the United States are stopped by the police, and the figure is almost double among racial minorities. Police stops are among the most recognizable and frequently criticized incidences of racial profiling, but, while numerous studies have shown that minorities are pulled over at higher rates, none have examined how police stops have come to be both encouraged and institutionalized. *Pulled Over* deftly

traces the strange history of the investigatory police stop, from its discredited beginning as “aggressive patrolling” to its current status as accepted institutional practice. Drawing on the richest study of police stops to date, the authors show that who is stopped and how they are treated convey powerful messages about citizenship and racial disparity in the United States. For African Americans, for instance, the experience of investigatory stops erodes the perceived legitimacy of police stops and of the police generally, leading to decreased trust in the police and less willingness to solicit police assistance or to self-censor in terms of clothing or where they drive. This holds true even when police are courteous and respectful throughout the encounters and follow seemingly colorblind institutional protocols. With a growing push in recent years to use local police in immigration efforts, Hispanics stand poised to share African Americans’ long experience of investigative stops. In a country that celebrates democracy and racial equality, investigatory stops have a profound and deleterious effect on African American and other minority communities that merits serious reconsideration. *Pulled Over* offers practical recommendations on how reforms can protect the rights of citizens and still effectively combat crime.

*The Foundations of Modern Terrorism* Martin A. Miller, 2013 A groundbreaking history of the roots of modern terrorism, ranging from early modern Europe to the contemporary Middle East.
