The compiler has worked entirely in the South of the Punjab, and the work does not pretend to be more than a contribution to a very widely spoken and full language. **Legacies of the Homeland** Paramjeet Singh.2018-04-07 This book is not intended to provide a list of the 100 'best' books ever written and published by Punjabi authors. Given the sheer range of books written by Punjabi authors and the unpredictability of individual taste, any such definitive list is quite impossible. Secondly, the choice has been restricted to books that were written by them either in Punjabi, Hindi or Urdu but have been translated into English. Thus, personal choice restricted by availability has dictated this selection. The choice of books includes autobiographies, novels, short stories, poems, and plays. Research books, religious books, and books written originally in English have not been included. From the Introduction I am amazed at the scholarship, the passion and the love with which Paramjeet Singh has written this book. It will be a reference volume for all times. Nirupama Dutt Poet, Journalist & Translator Mr. Singh's effort is commendable as he is making available some of the rarest of gems of Punjabi literature to the non-Punjabi readers. I congratulate Mr. Singh on putting together this selection and hope that non-Punjabi readers of this book would find new horizons of cultural experience opening up before them. Of course, for Punjabi readers, it may be yet another opportunity to experience a sense of genuine pride in their rich legacy of language, literature and culture. . Prof. Rana Nayar

This third edition has been completely revised and expanded to include new series of maps and new points of view.

**The Secrets of the Self** Muhammad Iqbal.2021-08-27 When the world-illuming sun rushed upon Night like a brigand, My weeping bedewed the face of the rose. My tears washed away sleep from the eye of the narcissus, My passion wakened the grass and made it grow. The Gardener taught me to sing with power, He sowed a verse and reaped a sword. In the soil he planted only the seed of my tears And wove my lament with the garden, as warp and woof. Tho' I am but a mote, the radiant sun is mine: Within my bosom are a hundred dawns.

**Verses of a Lowly Fakir** Madho Lal Hussein.2016-01-15 Poet, weaver, mystic, saint, Shah Hussein created a stir in sixteenth-century Punjab through his unconventional lifestyle and the subversive power of his poetry. Popularly known as Madho Lal Hussein, after he adopted the name of his young lover and disciple, he remains a beguiling, enigmatic figure: a firebrand whose growing fame was a cause of anxiety for the political elite, a Muslim who fell in love with a Hindu boy and won his heart and devotion, a rebel philosopher who found solace in ignominy. Deceptively simple and astonishingly relevant, the poems in this magnificent collection are charged with longing, and offer insight into the true nature of love and death, desire and sublimation. Naveed Alam's lilting translation brings out the verve and allure of Hussein's verses which continue to be sung and recited over 400 years after his death.

**Language and society in South Asia** Michael C. Shapiro, Harold F. Schiffman. 1981 During the past two decades there has been a significant amount of research and publication concerning the sociolinguistics of South Asian languages. *Language and Society in South Asia* is the first major attempt to assess the impact of this new literature. It expounds the methodological and theoretical assumptions of sociolinguistic descriptions of south Asian languages, and contrasts them with the assumptions of earlier characterizations of these languages. An important feature of this book is its detailed examination of numerous schools of linguistic analysis within which most past descriptive work on South Asian languages has been carried out. This is done in language accessible both to the professional linguist and to non-linguists interested in social aspects of language use in South Asia. Among the topics treated in this book are traditional taxonomies of South Asian languages, South Asia as a linguistic area, social dialectology, bi- and multilingualism in South Asia, pidginization, creolization, and South Asian English, ethnographic semantics, and the ethnography of speaking. The work also contains an extensive bibliography of the scholarly literature pertinent to the study of South Asian languages in their social contexts.

**The Sikhs** Patwant Singh. 2007-12-18 Five hundred years ago, Guru Nanak founded the Sikh faith in India. The Sikhs defied the caste system; rejected the authority of Hindu priests; forbade magic and idolatry; and promoted the equality of men and women -- beliefs that incurred the wrath of both Hindus and Muslims. In the centuries that followed, three of Nanak's nine successors met violent ends, and his people continued to battle hostile regimes. The conflict has raged into our own time: in 1984 the Golden Temple of Amritsar -- the holy shrine of the Sikhs--was destroyed by the Indian Army. In retaliation, Sikh bodyguards assassinated Prime Minister Indira Gandhi. Now, Patwant Singh gives us the compelling story of the Sikhs -- their origins, traditions and beliefs, and more recent history. He shows how a movement based on tenets of compassion and humaneness transformed itself, of necessity, into a community that values bravery and military prowess as well as spirituality. We learn how Gobind Singh, the tenth and last Guru, welded the Sikhs into a brotherhood, with each man bearing the surname Singh, or Lion, and abiding by a distinctive code of dress and conduct. He tells of Banda the Brave's

daring conquests, which sowed the seeds of a Sikh state, and how the enlightened ruler Ranjit Singh fulfilled this promise by founding a Sikh empire. The author examines how, through the centuries, the Sikh soldier became an exemplar of discipline and courage and explains how Sikhs -- now numbering nearly 20 million worldwide -- have come to be known for their commitment to education, their business acumen, and their enterprising spirit. Finally, Singh concludes that it would be a grave error to alienate an energetic and vital community like the Sikhs if modern India is to realize its full potential. He urges India's leaders to learn from the past and to honour the social contract with Indians of every background and persuasion.

**Indian Popular Cinema** K. Moti Gokulsing, Wimal Dissanayake.2004 The book reviews nine decades of Indian popular cinema and examines its immense influence on people in India and its diaspora. Since it was published in 1998, Indian film has developed in new directions. As films today vie with Indian soap operas for popularity, film making in India has acquired 'industry status' and consequently has greater accountability to its public. All this is reflected in this new and extensively revised edition of Indian Popular Cinema. It tracks the rise of designer cinema, reviews the increasingly significant Tamil cinema, and considers films made by Indians in the diaspora.
