**Wolf Lullaby** Hilary Bell,2002 In a bleak, remote town, a small child is murdered. Suspicion falls on nine-year-old Lizzie. Angela, Lizzie's young mother, is convinced her daughter is guilty. She must make the torturous choice between ignoring what her intuition tells her, and presenting Lizzie to the police with painfully extracted information. Lizzie is constantly haunted by a 'Wolf', which seems to overwhelm her and, in her own words, 'swallow' her. It is not only Lizzie who is changed forever by the act. Her father Warren, bewildered and full of denial, and the local policeman, Ray, find their accepted beliefs crumbling around them. And Angela, at the end of the play, does not know how she will go on. (2 male; 2 female).

**Hazel Wolf** Susan Starbuck,2011-12-01 When Hazel Wolf died, at the age of 101, more than nine hundred of her friends -- from the governor of Washington to union organizers, from birdwatchers to hunters -- crowded Town Hall in Seattle to honor the feisty activist and tell the often outrageous Hazel stories that were their common currency. In this book, Hazel herself tells the stories. From twenty years of taped conversations, Susan Starbuck has fashioned both a biography and a historical document, the tale of a century♦s forces and events as played out in one woman's extraordinary life. Hazel Wolf earned a national reputation as an environmentalist and was awarded the National Audubon Society's Medal of Excellence, an honor she shared with Rachel Carson and Jimmy Carter. She laid the groundwork for a unique coalition of Native Americans and environmentalists who are now working together on issues related to nuclear energy, fisheries, and oil pipelines. She lectured and taught at schools and universities all over the United States. She lobbied Congress on irrigation, labor rights, nuclear energy, and peace, and she corresponded with a global network of environmental leaders. But for all her influence, she never held a political post higher than precinct committee officer in Seattle♦s 43rd legislative district, and her highest office in the environmental movement was that of secretary in the Seattle Audubon Society, where she served for thirty-five years. This book follows Hazel Wolf from childhood to old age, a lifetime of burning with a fierce desire for justice. She saw the quest for justice as a collective responsibility. Time and again, she met that challenge head on. Whether organizing for labor rights or founding chapters of the Audubon Society, battling to save old-growth forests or fighting deportation to her native Canada as a communist, over and over she put herself in the line of fire. I was just there, she said, powerless and strong, someone who wouldn♦t chicken out.

**The Last Wolf** Mini Grey,2019 Once upon a time, Little Red set off into the woods to catch a wolf . . . But the woods

aren't all they seem - and are there even any wolves left? Mini Grey re-imagines the classic Little Red Riding Hood fable in an entirely new way. Can Little Red help her new friends in need and recover the wild days of the past? This is a powerful, moving and funny picture book which will have children and adults revisiting its exquisite pages time and time again, and discussing the important message it holds. From the award-winning author/illustrator of The Adventures of the Dish and the Spoon, The Pea and the Princess and Biscuit Bear.

**Henry F. Gilbert** Sherrill Martin,2004-06-30 During his lifetime, Henry F. Gilbert was regarded as one of the foremost composers of the day and a trailblazer in America's rich musical heritage. Often called the Mark Twain of American Music, Gilbert was one of American music's nonconformists. He was a maverick who became a true prophet of American music as a composer, writer, editor, and lecturer. This volume contains a short biography of Gilbert, a listing of his compositions, including the different versions of the works and the holding libraries. A discography is included, which puts emphasis on the inclusion of excerpts from contemporary performances. This book captures much of the new material on Gilbert that has surfaced since the Henry F. Gilbert Papers were presented to Yale. The volume is divided into six sections. The first is the biography, which includes a sketch of Gilbert's life, and his importance in establishing an American school of composition. The Works and Performances section provides the name of the work, publisher, and date and revisions of the work. Scoring for the compositions is also given along with cross-references to Gilbert's program notes and reviews. An annotated Bibliography of writings by Gilbert summarizes his philosophy of American music, and illuminates his own compositional style. A discography, general bibliography, and a bibliography of works and performances are also concluded. This bio-bibliography will appeal to musicians and American enthusiasts alike.

For years there had been rumors that the owner, Lilith Martin, had been part of an unholy cult. People spoke of blasphemous rituals, black rites filled with blood, sex...and sacrifices. Then Lilith died and the house sat empty. Until now. Lilith's nephew, Chris, and his wife, Ellie, are moving in. Ellie isn't happy about living in such a dark, foreboding place, but she wants to get pregnant and this house has a lot more room to raise a baby than their apartment. *Epic Television Miniseries* John De Vito,Frank Tropea,2010-03-08 To paraphrase silent movie queen Norma Desmond in Billy Wilder's classic 1950 film Sunset Boulevard, The epic miniseries are big! It's television that got small! This is especially true when one compares such iconic epic miniseries as Rich Man, Poor Man (1976), Roots (1977), Holocaust (1978), Shogun (1980), The Winds of War (1983), War and Remembrance (1988-89) and Angels in America (2003) to today's ordinary television programming. This work traces the historical trajectory of the epic miniseries and delves into the character archetypes and themes that recur in the genre, giving close critical attention to more than 40 miniseries. A filmography is included.

*More Than Love* Natasha Gregson Wagner,2020-05-05 The "graceful, loving," (The New York Times Book Review), never-before-told story of Hollywood icon Natalie Wood's glamorous life, sudden death, and lasting legacy, written by her daughter, Natasha Gregson Wagner. Natasha Gregson Wagner's mother, Natalie Wood, was a child actress who became a legendary movie star, the dark-haired beauty of Splendor in the Grass and West Side Story. She and Natasha's stepfather, the actor

Robert Wagner, were a Hollywood it-couple twice over, first in the 1950s, and then again when they remarried in the 70s. To Natasha, she was, above all, a doting, loving mom. But Natalie's sudden death by drowning off Catalina Island at the age of forty-three devastated her family, turned Robert Wagner into a person of interest, and transformed a vibrant wife, mother, and actress into a figure of tragedy. The weekend has long been shrouded in rumors and scandalous tabloid speculation, but until now there has never been an account of how the events and their aftermath were experienced by Natalie's beloved eldest daughter. Here, for the first time, is a "deeply intimate chronicle of life with her famous mother and how Wood's death devastated the family" (Los Angeles Times). Cutting through the shadow hanging over her mother's legacy, More Than Love is a "poignant" (The Washington Post) tale of a daughter coming to terms with her grief, as well as a "revealing new look at Natalie Wood" (Good Morning America).

*The Restless Compendium* Felicity Callard, Kimberley Staines, James Wilkes, 2016-09-27 This book is open access under a CC BY license. This interdisciplinary book contains 22 essays and interventions on rest and restlessness, silence and noise, relaxation and work. It draws together approaches from artists, literary scholars, psychologists, activists, historians, geographers and sociologists who challenge assumptions about how rest operates across mind, bodies, and practices. Rest's presence or absence affects everyone. Nevertheless, defining rest is problematic: both its meaning and what it feels like are affected by many socio-political, economic and cultural factors. The authors open up unexplored corners and experimental pathways into this complex topic, with contributions ranging from investigations of daydreaming and mindwandering, through histories of therapeutic relaxation and laziness, and creative-critical pieces on lullabies and the Sabbath, to experimental methods to measure aircraft noise and track somatic vigilance in urban space. The essays are grouped by scale of enquiry, into mind, body and practice, allowing readers to draw new connections across apparently distinct phenomena. The book will be of interest to students and scholars across a range of disciplines in the social sciences, life sciences, arts and humanities.
