AAA Yearbook on Arbitration and the Law - 24th Edition Ben H. Sheppard, Jr,Stephen K. Huber,2012-09-01 The Editors and the University of Houston Law Center are honored to collaborate with the American Arbitration Association (AAA) and its international division, the International Centre for Dispute Resolution (ICDR), to continue the tradition of publishing an annual survey of important developments in arbitration and the law. The AAA Yearbook on Arbitration and the Law provides arbitrators and busy practitioners a practical, relevant and readily accessible resource. The 24th Edition is organized into three parts: Part One contains digests of important decisions of the United States Supreme Court, the United States courts of appeals and state supreme courts. This volume includes digests of selected judicial decisions from 2007 through 2010, and is current through October 1, 2011. The book contains 176 case digests, together with citations and descriptive cross-references to more than 690 related decisions. We have arranged the case digests under the stages of the entire arbitration process - from the formation of the arbitration agreement to the challenge or enforcement of the arbitral award. Recognizing the important role of arbitration in the global economy, there is a separate chapter containing digests and cross-references to cases dealing with the unique issues presented in international arbitrations. Part Two, an entirely new feature, contains 100 digests of judicial opinions since January 2000 that discuss AAA arbitration rules. For ease of reference the cases are arranged in alphabetical order and are listed by the types of AAA Rules - Commercial, Construction, Employment and International - and by individual rule under each category. Thus the reader can quickly identify all the judicial decisions that discuss a particular AAA rule. Part Three includes selected articles addressing some of the hottest topics in domestic and international arbitration. The AAA Yearbook is the preeminent annual yearbook on Arbitration and Dispute Resolution in the United States. It is a required and necessary reference work for all who wish to stay on top of the latest trends, developments, cases and guidelines - accompanied by expert commentary and analysis - in Arbitration and Dispute Resolution.

AAA Handbook on Commercial Arbitration American Arbitration Association,2010-09-01 Assembled from Dispute

Resolution Journal - the flagship publication of the American Arbitration Association - the chapters in the Handbook have all, where necessary, been revised and updated prior to publication. The book is succinct, comprehensive and a practical introduction to the use of arbitration and ADR, written by leading practitioners and scholars. The Handbook begins with an exploration of drafting commercial arbitration clauses and provides advice on selecting the right arbitrator for any given commercial arbitration dispute. It supplies practitioners with guidelines for use in their arbitration practice and covers such topics as evidence and discovery, arbitral subpoena powers, procedural and interim orders. It also offers guidance on witness preparation, expert testimony, and cross-examination. There are chapters that specifically address the arbitration of large complex cases, healthcare disputes, and entertainment industry disputes. Arbitrators are provided with recommendations regarding professional conduct and responsibility. Arbitral awards and remedies are covered extensively and arbitrators are provided with practical approaches and information on drafting awards, punitive damages, the finality of awards and, post-decision debriefing. Lastly, this book discusses commercial arbitration as it relates to the legal system. The chapters were selected from an extensive body of writings and, in the main, represent world-class assessments of arbitration and ADR practice. All the major facets of the field are addressed and provide the reader with comprehensive and accurate information, lucid evaluations, and an indication of future developments. They not only acquaint, but also ground the reader in the field.
