*Cheap Land Colorado* Ted Conover, 2022-11-01 From Pulitzer Prize finalist and National Book Critics Circle Award-winning author of *Newjack*, a passage through an America lived wild and off the grid, where along with independence and stunning views come fierce winds, neighbors with criminal pasts, and minimal government and medical services. “In these dispatches, [Conover] invites readers to ride shotgun along an unraveling edge of the American West, where sepia-toned myths about making a fresh start collide with modern modes of alienation, volatility, and exile.... In a nation whose edges have come to define its center, this is essential reading.”—Jessica Bruder, author of *Nomadland: Surviving America in the Twenty-First Century* In May 2017, Ted Conover went to Colorado to explore firsthand a rural way of life that is about living cheaply, on your own land—and keeping clear of the mainstream. The failed subdivisions of the enormous San Luis Valley make this possible. Five-acre lots on the high prairie can be had for five thousand dollars, sometimes less. Conover volunteered for a local group trying to prevent homelessness during the bitter winters. He encountered an unexpected diversity: veterans with PTSD, families homeschooling, addicts young and old, gay people, people of color, lovers of guns and marijuana, people with social anxiety—most of them spurning charity and aiming, and sometimes failing, to be self-sufficient. And more than a few predicting they’ll be the last ones standing when society collapses. Conover bought his own five acres and immersed himself for parts of four years in the often contentious culture of the far margins. He found many who dislike the government but depend on its subsidies; who love their space but nevertheless find themselves in each other’s business; who are generous but wary of thieves; who endure squalor but appreciate beauty. In their struggles to survive and get along, they tell us about an America riven by difference where the edges speak more and more loudly to the mainstream.

*Reforming Democracy* Camille Bedock,2017-05-12 When, why, and how are democratic institutions reformed? This is the broad question guiding this research, rooted in a context of crises of representative democracy. Core democratic rules can be understood as the formal political rules regulating the direct relationship between elites within the political system, parties, and citizens. They are therefore the cornerstone of the functioning of any political system. This book deals with the context, the motives, and the mechanisms explaining the incidence of institutional engineering in consolidated European democracies between 1990 and 2015. It is centred on the choice of political elites to use - or not to use - institutional engineering as a response to the challenges they face. This study provides both a better empirical understanding of the world of democratic reforms in consolidated democracies, thanks to a new data-set covering six dimensions of reform in 18 European countries. Secondly, the book provides evidence about the link between the lack of political support and democratic reforms, and the role of electoral shifts in fostering reforms. Thirdly, this research shows that the final outcome of a given reform depends on the type of reform at stake and on the process used during the phase of discussion of the reform, though case studies in Ireland, France and Italy. Ultimately, the book demonstrates that contrary to what has been commonly assumed, reforms of the core democratic rules are frequent and constitute in most cases an answer of challenged political elites to the erosion of political support and electoral change. Comparative Politics is a series for researchers, teachers, and students of political science that deals with contemporary government and politics. Global in scope, books in the series are characterised by a stress on comparative analysis and strong methodological rigour. The series is published in association with the European Consortium for Political Research. For more information visit: [www.ecprnet.eu](http://www.ecprnet.eu). The series is edited by Emilie van Haute,

Professor of Political Science, Université libre de Bruxelles; Ferdinand Müller-Rommel, Director of the Center for the Study of Democracy, Leuphana University; and Susan Scarrow, Chair of the Department of Political Science, University of Houston.

**What Is Mr Winkle?** Lara Jo Regan, 2004 Humorous pictures of the author's toy dog Mr. Winkle in various costumes.

**Archaeology of the Night** Nancy Gonlin, April Nowell, 2017-12-15 How did ancient peoples experience, view, and portray the night? What was it like to live in the past when total nocturnal darkness was the norm? *Archaeology of the Night* explores the archaeology, anthropology, mythology, iconography, and epigraphy of nocturnal practices and questions the dominant models of daily ancient life. A diverse team of experienced scholars uses a variety of methods and resources to reconstruct how ancient peoples navigated the night and what their associated daily—and nightly—practices were. This collection challenges modern ideas and misconceptions regarding the night and what darkness and night symbolized in the ancient world, and it highlights the inherent research bias in favor of “daytime” archaeology. Numerous case studies from around the world (including Oman, Mesoamerica, Scandinavia, Rome, Great Zimbabwe, Indus Valley, Peru, and Cahokia) illuminate subversive, social, ritual, domestic, and work activities, such as witchcraft, ceremonies, feasting, sleeping, nocturnal agriculture, and much more. Were there artifacts particularly associated with the night? Authors investigate individuals and groups (both real and mythological) who share a special connection to nighttime life. Reconsidering the archaeological record, *Archaeology of the Night* views sites, artifacts, features, and cultures from a unique perspective. This book is relevant to anthropologists and archaeologists and also to scholars of human geography, history, astronomy, sensory studies, human biology, folklore, and mythology. *A Sea Dog's Tale: The True Story of a Small Dog on a Big Ocean* Peter Muilenburg, 2012-06-30 A family with wanderlust, a sailboat to carry them across oceans, and an 11-pound dog to watch over them... These are the elements of this delightful memoir of adventurous living. Young newlyweds Peter and Dorothy Muilenburg found their way from New Hampshire to the Virgin Islands. He had been a civil rights Freedom Fighter, jailed in Mississippi while protesting racial injustice. In St. John, she founded the Pine Peace School. They both taught. On an East End beach, he built a sailboat strong enough to take them anywhere, and they put to sea with their two young sons. But their crew was not yet complete. Santos, a schipperke, came to them as a tiny puppy and sailed with them all his life—75,000 deep-sea miles—four times across the Atlantic, crisscrossing the Caribbean, coasting the U.S. eastern seaboard, exploring the Med, ranging up African rivers. A lightning rod for trouble, he survived a kidnapping, hurricanes, raging surf, being lost overboard at sea, and was twice given up for dead. And he

watched over his family with fierce and abiding devotion. If you want to see the world—really see it—go by sailboat. And if you want to absorb the world through every pore, take a venturesome dog as your guide. The bright spirit named Santos became a legend to millions of readers through the pages of SAIL and Reader's Digest magazines. Now Peter Muilenburg—a wise and observant chronicler with a true wanderer's desire to engage the world on authentic terms—has written this captivating story of familial love and adventure, unforgettable people and places, and an amazing schipperke who has sailed right into the sea dog hall of fame.

**Ten Lost Years, 1929-1939** Barry Broadfoot, 2013-04-23 Hundreds of ordinary Canadians tell their own stories in this book. They tell them in their own words, and the impact is astonishing. As page after page of unforgettable stories rolls by, it is easy to see why this book sold 300,000 copies and why a successful stage play that ran for years was based on them. The stories, and the 52 accompanying photographs, tell of an extraordinary time. One tells how a greedy Maritime landlord ho tried to raise a widow's rent was tarred and gravelled; another how rape by the boss was part of a waitress's job. Other stories show Saskatchewan families watching their farms turn into deserts and walking away from them; or freight-trains black with hoboes clinging to them, criss-crossing the country in search of work; or a man stealing a wreath for his own wife's funeral. Throughout this portrait of the era before Canada had a social safety net, there are amazing stories of what Time magazine called human tragedy and moral triumph during the hardest of times. In the end, this is an inspiring, uplifting book about bravery, one you will not forget.

*Mexican Calendar Girls* Angela Villalba, 2006-08-24 A truly popular art form, the glamorous paintings of Mexican calendar girls have a long and fascinating history as advertisements, enticements, and emblems of Mexican cultural heritage and pride. The result of years of research, this playful and informative book reproduces more than 150 vibrantly colorful calendar images, plus archival photographs and other materials that illuminate their creation. A fully bilingual text gives an overview of the calendars' social and cultural history, along with biographies of the talented artists who created them. Also including a foreword by the renowned Mexican cultural critic Carlos Monsivis, *Mexican Calendar Girls* presents this popular and delightful art as never before.

Donovan, Verified Reviewer Burgess's hopes for a calm Columbus Day picnic slam up against reality when two boys spot a dead body in the water. It's Reggie the Can Man—a damaged, alcoholic veteran who Burgess has tried to patch back together since they returned from Vietnam. Now, Reggie's fight for redemption is over. As Burgess dives deep, he uncovers Reggie's ex-wife, his scofflaw son, industrial toxins, corrupt businessmen, and that Reggie isn't the only one in need of redemption.
