**Jean-François Lyotard**

Farewell to Matters of Principle Odo Marquard.1989-12-28 This book is the latest addition to the Odéon series, a multidisciplinary series devoted to original works and translations by European writers in the areas of literature, criticism, philosophy, history and politics. An English translation of the German best-seller *Abschied vom Prinzipiellen*, the book offers a series of essays that present a philosophy of human morality critical of philosophical utopianism. Marquard, widely considered the heir of Gadamer, Habermas, and Blumenberg, describes his role as skeptical philosopher and discusses the 18th-century formation of such themes and disciplines as aesthetics, philosophical anthropology, philosophy of history, the nature of myth and attempts to account for it, and hermeneutics.

*William Friedkin* Thomas D. Clagett.2003 Academy Award-winning director William Friedkin, long recognized for his technical brilliance, has had a career marked by extremes of success and failure. Among his successes are 'The French Connection' and 'The Exorcist'. This book traces the evolution of his cinematic style.

**Under the Hammer** Robin Myers,Michael Harris,Giles Mandelbrote.2001 This work examines book auctions since the 17th century. The auction has provided a commercial focus for sectors of the book trade for over four centuries. Initiated on the continent of Europe, the practice was adopted in London in the late 17th century, rapidly becoming a primary system for the collecting and dispersal of books. The development in the 19th century of the great London-based auction houses created a new commercial environment in which books and works of art became part of a worldwide cultural agenda. This volume is the 20th in the Publishing Pathways series.

*Vergleichende Syntax der indogermanischen Sprachen* Berthold Delbrück.2009-11-26 Karl Brugmann originally intended to include a volume on syntax in his comparative grammar of Indo-European, but as that ambitious project expanded, he and his publisher enlisted Berthold Delbrück (1842-1922) to take on the treatment of syntax. Delbrück's three volumes on inflection and phrase and sentence structure appeared between 1893 and 1900 and remain the fullest treatment of Indo-European syntax to this day. In this, his first volume, Delbrück gives an overview of the prevailing academic positions in the

field of Indo-European comparative syntax of his day. He applies the Neogrammarian methodology used by Brugmann, and meticulously presents data relating to nouns, the case system, adjectives, pronouns, numerals, adverbs and prepositions, giving particular attention to the ablative and the dative in a number of Indo-European languages.

Death and the Maiden Ariel Dorfman.1994-12-01 “Suspenseful, riveting . . . Achieves a universality that is movingly personal.” —The New York Times The explosively provocative, award-winning drama set in a country that has just emerged from a totalitarian dictatorship Gerardo Escobar has just been chosen to head the commission that will investigate the crimes of the old regime when his car breaks down and he is picked up by the humane doctor Roberto Miranda. But in the voice of this good Samaritan, Gerardo's wife, Paulina Salas, thinks she recognizes another man—the one who raped and tortured her as she lay blindfolded in a military detention center years before. Relentlessly paced and filled with lethal surprises, *Death and the Maiden* is an inquest into the darker side of humanity—one in which everyone is implicated and justice itself comes to seem like a fragile, perhaps ambiguous invention.

Truffaut Antoine de Baecque,Serge Toubiana.2000-09-04 Here is the definitive story of one of the most celebrated filmmakers of our time, an intensely private individual who cultivated the public image of a man consumed by his craft. But as this absorbing biography shows, Truffaut's personal story—from which he drew extensively to create the characters and plots of his films—is itself an extraordinary human drama.

**Heidegger's Children** Richard Wolin.2015-08-25 Martin Heidegger is perhaps the twentieth century's greatest philosopher, and his work stimulated much that is original and compelling in modern thought. A seductive classroom presence, he attracted Germany's brightest young intellects during the 1920s. Many were Jews, who ultimately would have to reconcile their philosophical and, often, personal commitments to Heidegger with his nefarious political views. In 1933, Heidegger cast his lot with National Socialism. He squelched the careers of Jewish students and denounced fellow professors

whom he considered insufficiently radical. For years, he signed letters and opened lectures with "Heil Hitler!" He paid dues to the Nazi party until the bitter end. Equally problematic for his former students were his sordid efforts to make existential thought serviceable to Nazi ends and his failure to ever renounce these actions. This book explores how four of Heidegger's most influential Jewish students came to grips with his Nazi association and how it affected their thinking. Hannah Arendt, who was Heidegger's lover as well as his student, went on to become one of the century's greatest political thinkers. Karl Löwith returned to Germany in 1953 and quickly became one of its leading philosophers. Hans Jonas grew famous as Germany's premier philosopher of environmentalism. Herbert Marcuse gained celebrity as a Frankfurt School intellectual and mentor to the New Left. Why did these brilliant minds fail to see what was in Heidegger's heart and Germany's future? How would they, after the war, reappraise Germany's intellectual traditions? Could they salvage aspects of Heidegger's thought? Would their philosophy reflect or completely reject their early studies? Could these Heideggerians forgive, or even try to understand, the betrayal of the man they so admired? Heidegger's Children locates these paradoxes in the wider cruel irony that European Jews experienced their greatest calamity immediately following their fullest assimilation. And it finds in their responses answers to questions about the nature of existential disillusionment and the juncture between politics and ideas.

**The Judas Rose** Suzette Haden Elgin. 2019-07-16 In this dystopian science fiction classic set in a world where women have no rights, the patriarchy sends a covert female agent to take down the resistance. In the second entry of the Native Tongue trilogy, the time has come for Láadan—the secret language created to resist an oppressive patriarchy—to empower womankind worldwide. To expand the language's reach, female linguists translate the Bible into Láadan, and a group of Roman Catholic nuns are tasked to spread the language. But when outraged priests detect their sabotage, they send a double agent to infiltrate and destroy the movement from the inside... Originally published in the 1980s, the Native Tongue trilogy is a classic dystopian tale: a testament to the power of language and women's collective action. "This angry feminist text is also an exemplary experiment in speculative fiction, deftly and implacably pursuing both a scientific hypothesis and an ideological hypothesis through all their social, moral, and emotional implications."—Ursula K. Le Guin "Less well known than *The Handmaid's Tale* but just as apocalyptic in their vision... Native Tongue along with its sequel *The Judas Rose* . . . record female tribulations in a world where... women have no public rights at all. Elgin's heroines do, however, have one set of weapons—words of their own."—Sandra M. Gilbert and Susan Gubar, *New York Times Book Review* "A pioneering feminist experiment."—*Literary Hub* "A welcome reminder of the feminist legacies of science fiction... Explores the power of speech, agency, and subversion in a work that is as gripping, troubling, and meaningful today as it has ever been."—*Publishers Weekly* (starred review)

**Ornaments of the Metropolis** Henrik Reeh.2004 Variations on the theme of the ornament in Kracauer's urban writings, suggesting ways in which the subjective can reappropriate urban life.

**Paul McCartney, Now & Then** Tony Barrow,Robin Bextor,Julian Newby.2004 The 'now' part of this book is drawn from Robin Bextor's exclusive interviews with Paul McCartney during which he talked candidly of his private life, of his life as a singer, musician, composer and businessman. Tony Barrow looks back on McCartney as he was 'then', offering an account of life inside the Fab Four camp.

**The Communicative Construction of Reality** Hubert Knoblauch.2019-12-06 This volume advocates a shift from the social constructivism found in the work of Thomas Luckmann and Peter Berger, to a communicative constructivism that acknowledges communication as an embodied form of action in its own right, according to which social actors, in engaging in communicative action, construct a material social reality that guides, delimits, and enables actions. A study of the importance of understanding the role of communication in an age in which digitization and mediatization have extended the reach of communication to a global level and brought about the emergence of the communication society, *The Communicative Construction of Reality* shows how communication society does not merely replace modern society and its hierarchical institutions, but complements it in a manner that continually results in conflicts leading to the refiguration of society. As such, it will appeal to scholars of sociology with interests in the sociology of knowledge, communication, and social theory.

**Mapping Markets for Paintings in Europe 1450-1750** Neil De Marchi,Hans J. van Miegroet.2006 Over the course of the fifteenth century easel paintings edged out tapestries, frescoes and wood inlay pictures on the walls of private dwellings. Millions of such paintings were produced in the period 1450-1800, in all shapes and sizes, and across the whole range of prices. Who bought them? How were they distributed? What place did they occupy among other luxury possessions? Such questions seem to require that visual culture be treated as an integral part of family spending and commercial pursuits. This volume is the outcome of a four-year collaboration between art historians, economists, social historians and museum professionals from the US, Australia and Europe; its aim was to map the new ground identified by these and related questions, in local contexts, but with comparative and longitudinal concerns constantly in mind. The result is an entirely new matrix of the business and artistic interactions through which visual cultures in early modern Europe were formed. The editors, Neil De Marchi and Hans J. Van Miegroet, an economist and an art historian, have collaborated across their disciplines for ten years. Here they have interspersed participants' essays with brief connecting observations, to produce a text that respects disciplinary expertise while making connections across locations and across time. Much has been written about European paintings; but how markets in paintings emerged, who they served, what roles and institutions were developed that enabled them to function effectively, and how exchange affected visual preferences, have not been studied in

such a deliberately wide-angled, comparative way. Mapping Markets is not only a book about paintings, but a compendium of cross-disciplinary methods and insights. It charts the state of research in this trans-disciplinary field, identifies gaps, and poses questions for scholars and students wishing to pursue further the issues raised here.

**Women's Orients: English Women and the Middle East, 1718-1918** Billie Melman.2016-01-06 In this highly acclaimed study, Billie Melman recovers the unwritten history of the European experience of the Middle-East during the colonial era. She focuses on the evolution of Orientalism and the reconstruction - through contact with other cultures - of gender and class. Beginning with the eighteenth century Billie Melman describes the many ways in which women looked at oriental people and places and developed a discourse which presented a challenge to hegemonic notions on the exotic and 'different'. Through her examination of the writings of famous feminist writers, travellers, ethnographers, missionaries, archaeologists and Biblical scholars, many of which are studied here for the first time, Billie Melman challenges traditional interpretations of Orientalism, placing gender at the forefront of colonial studies. 'This book provides a real extension to Edward Said's writing not only in the sense of challenging Edward Said's perspective, but also by adding a significant empirical and conceptual element to the discussion on orientalism. Those interested in women's history, in the cultural politics of cross-cultural encounters and in feminist or cultural theory will find much to engage them, inform them and challenge them in Melman's book.' - Joanna De Groot, Times Higher Education Supplement 'Using the perspectives of both gender and class Melman sets an alternative view of the Orient against that of Said... a much less monolithic and much more complex and heterogenous than that of Said' - Francis Robinson, Times Literary Supplement 'Women's Orients is an important contribution to our understanding of Orientalism. Melman's work is characterized by a fruitful bringing together of the skills of the historian with the sensitive reading of the British women writers...' - Catherine Hall, The Feminist Review 'An excellent work... This book is a must for anyone interested in women's history, both English and Middle Eastern. It is well written and well argued and effectively does what it promises to do' - Afaf Lutfi Al-Sayyid Marsot, The International History Review 'Women's Orients, a project of recovery and analysis, is an important consideration of European women traveller's writing on the Middle East. It provides a rich and detailed interpretation of a feminine version of the Orient' - Sherifa Zuhur, MESA Bulletin 'The book raises provocative issues and suggests complexities that deepen our understanding of colonial changes and representations' - Dorothy O.Helly, American Historical Review.

Monsieur Linh and His Child Philippe Claudel.2014-08-12 Traumatized by memories of his war-ravaged country, and with his son and daughter-in-law dead, Monsieur Linh travels to a foreign land to bring the child in his arms to safety. The other refugees in the detention center are unsure how to help the old man; his caseworkers are compassionate, but overworked. Monsieur Linh struggles beneath the weight of his sorrow, and becomes increasingly bewildered and isolated in this

unfamiliar, fast-moving town. And then he encounters Monsieur Bark. They do not speak each other's language, but Monsieur Bark is sympathetic to the foreigner's need to care for the child. Recently widowed and equally alone, he is eager to talk, and Monsieur Linh knows how to listen. The two men share their solitude, and find friendship in an unlikely dialogue between two very different cultures. *Monsieur Linh and His Child* is a remarkable novel with an extraordinary twist, a subtle portrait of friendship and a dialogue between two cultures.

**With Her in Ourland Illustrated** Charlotte Perkins Gilman.2020-07-23 *With Her in Ourland: Sequel to Herland* is a feminist novel and sociological commentary written by Charlotte Perkins Gilman. The novel is a follow-up and sequel to *Herland* (1915), and picks up immediately following the events of *Herland*, with Terry, Van, and Ellador traveling from *Herland* to *Ourland* (the contemporary 1915-16 world). The majority of the novel follows Van and Ellador's travels throughout the world, and particularly the United States, with Van curating their explorations through the then-modern world, while Ellador offers her commentary and prescriptions from a *Herlander's* perspective, discussing topics such as the First World War, foot binding, education, politics, economics, race relations, and gender relations.

**Linked Data in Linguistics** Christian Chiarcos, Sebastian Nordhoff, Sebastian Hellmann.2012-02-21 The explosion of information technology has led to substantial growth of web-accessible linguistic data in terms of quantity, diversity and complexity. These resources become even more useful when interlinked with each other to generate network effects. The general trend of providing data online is thus accompanied by newly developing methodologies to interconnect linguistic data and metadata. This includes linguistic data collections, general-purpose knowledge bases (e.g., the DBpedia, a machine-readable edition of the Wikipedia), and repositories with specific information about languages, linguistic categories and phenomena. The Linked Data paradigm provides a framework for interoperability and access management, and thereby allows to integrate information from such a diverse set of resources. The contributions assembled in this volume illustrate the band-width of applications of the Linked Data paradigm for representative types of language resources. They cover lexical-semantic resources, annotated corpora, typological databases as well as terminology and metadata repositories. The book includes representative applications from diverse fields, ranging from academic linguistics (e.g., typology and corpus linguistics) over applied linguistics (e.g., lexicography and translation studies) to technical applications (in computational linguistics, Natural Language Processing and information technology). This volume accompanies the Workshop on Linked Data in Linguistics 2012 (LDL-2012) in Frankfurt/M., Germany, organized by the Open Linguistics Working Group (OWLG) of

the Open Knowledge Foundation (OKFN). It assembles contributions of the workshop participants and, beyond this, it summarizes initial steps in the formation of a Linked Open Data cloud of linguistic resources, the Linguistic Linked Open Data cloud (LLOD).

**We Are Prisoners** Oskar Graf.2019-12-07 The autobiography of Oskar Maria Graf, his first major work, was published in 1927. It covers his early youth growing up in the village of Berg by Lake Starnberg, his cruel abuse by his older brother, his escape to Munich, where he worked as a baker, and then to anarchist communes in Switzerland. Graf is drafted into the army, where he reluctantly serves as a horse-groom on the supply trains. He is discharged as mentally unfit, spends a year in an asylum, then returns to Munich, working in a biscuit factory, starting his literary career and making money on the black market. *We Are Prisoners* paints a fascinating picture of bohemian life in Schwabing, the radical politics of the time, and climaxes with the short-lived Bavarian Soviet Republic of 1919. Many of the characters in the novel became well known artists and writers in Weimar Germany. *We Are Prisoners (A Confession)* is an honest and blithe personal account of momentous events. Graf's quirky literary style combines a self-deprecating and anarchic sense of humour, sympathy for the downtrodden and the Heimat genre of German culture. He behaves disgracefully and provokes laughter and disbelief, but in so doing, he wins our hearts. THOMAS MANN Translated and introduced by Ed Walker.

**The Christmas Pig** Kinky Friedman.2006-11-14 It's a Christmas tale only a man called Kinky could tell. King Jonjo Mayo the First is in a bind. Every Christmas, he commissions an artist to paint a traditional nativity scene to be dramatically revealed after midnight mass. This year, though, the date is mere weeks away, and he still has not yet found his painter. The king decides to take a chance on a peculiar, mute boy whose artistic genius and clairvoyance are rumored throughout the kingdom. He sends three valiant, if begrudging, knights to seek out the boy in the remote countryside. Finally, they find Benjamin -- and he is, indeed, peculiar. Nobody knows if the child is up to the task, but the king's Christmas tradition -- and Benjamin himself -- might just be saved by a Christmas miracle that comes in the form of a very special pig -- who is rather peculiar herself.

**The Crystal Frontier** Carlos Fuentes.2012-08-16 \_\_\_\_\_ A DRAMATIC FICTIONAL PORTRAIT OF THE US-MEXICO BORDER, MIGRATION, AND ITS IMPACT ON PEOPLE'S LIVES \_\_\_\_\_ Through this network of nine personal stories, Carlos Fuentes sets out to explain Mexico and America to each other - and to the rest of the world. He presents a dramatic fictional portrait of the relationship between the United States and Mexico, as played out in a Mexican dynasty led by a powerful Mexican oligarch with complex ties north of the border. It is the story of Mexican families who send their sons north to provide for whole villages with dollars and of Mexican tycoons who exploit their own people. Young Jose Francisco grows up in Texas, determined to write about the border world - the immigrants and illegals, Mexican poverty and Yankee prosperity - stories to break the stand-off silence with a victory shout, to shatter at last the crystal frontier.

**The Two Fundamental Problems of the Theory of Knowledge** Karl Popper.2014-05-01 In a letter of 1932, Karl Popper described Die beiden Grundprobleme der Erkenntnistheorie - The Two Fundamental Problems of the Theory of Knowledge - as '...a child of crises, above all of ...the crisis of physics.' Finally available in English, it is a major contribution to the philosophy of science, epistemology and twentieth century philosophy generally. The two fundamental problems of knowledge that lie at the centre of the book are the problem of induction, that although we are able to observe only a limited number of particular events, science nevertheless advances unrestricted universal statements; and the problem of demarcation, which asks for a separating line between empirical science and non-science. Popper seeks to solve these two basic problems with his celebrated theory of falsifiability, arguing that the inferences made in science are not inductive but deductive; science does not start with observations and proceed to generalise them but with problems, which it attacks with bold conjectures. The Two Fundamental Problems of the Theory of Knowledge is essential reading for anyone interested in

Karl Popper, in the history and philosophy of science, and in the methods and theories of science itself.

**Ways of Going Home** Alejandro Zambra.2013-01-08 Alejandro Zambra's *Ways of Going Home* begins with an earthquake, seen through the eyes of an unnamed nine-year-old boy who lives in an undistinguished middleclass housing development in a suburb of Santiago, Chile. When the neighbors camp out overnight, the protagonist gets his first glimpse of Claudia, an older girl who asks him to spy on her uncle Raúl. In the second section, the protagonist is the writer of the story begun in the first section. His father is a man of few words who claims to be apolitical but who quietly sympathized—to what degree, the author isn't sure—with the Pinochet regime. His reflections on the progress of the novel and on his own life—which is strikingly similar to the life of his novel's protagonist—expose the raw suture of fiction and reality. *Ways of Going Home* switches between author and character, past and present, reflecting with melancholy and rage on the history of a nation and on a generation born too late—the generation which, as the author-narrator puts it, learned to read and write while their parents became accomplices or victims. It is the most personal novel to date from Zambra, the most important Chilean author since Roberto Bolaño.

*Ecolinguistics Reader* Alwin Fill, Peter Mühlhäusler.2006-05-01 Thirty years ago a new linguistic paradigm was created when Einar Haugen combined language with ecology. For Haugen, 'the ecology of language' meant the study of the interrelations between languages in the human mind and in the multilingual community. Since then a special branch of linguistics, named Ecolinguistics, has developed in which the connection between language and ecology has been established in a variety of ways and using a multitude of methods and approaches. In addition to the original ecolinguistic topics of language interrelation, language endangerment and language pressure, *Ecolinguistics Reader* also gives due consideration to the themes of biological and linguistic diversity as well as the ecocritical aspect.
