Homelands and Diasporas Giorgia Foscarini,Dario Miccoli,Marcella Simoni,2019-01-15 The volume brings together a collection of essays on Jewish-related subjects to celebrate Emanuela Trevisan Semi's career and research authored by some former students, friends and colleagues on the occasion of her retirement. Drawing upon the many academic interests and research of Trevisan Semi, one of the most important European scholars of Jewish and Israel Studies, the volume discusses the diversity of Jewish culture both in the diaspora and in Israel. The contributors here wrote their pieces understanding

Jewish culture as inscribed in a set of different, yet interrelated, homelands and diasporas, depending on the time and space we refer to, and what this means for communities and individuals living in places as different as West Africa, Poland, Morocco, and Israel and the Occupied Palestinian Territories. At the same time, they discuss the notion of diaspora as being crucial in the formation of the Jewish cultural identity both before and after the birth of the State of Israel.

The Work of Art Gérard Genette, 1997 What art is--its very nature--is the subject of this book by one of the most distinguished continental theorists writing today. Informed by the aesthetics of Nelson Goodman and referring to a wide range of cultures, contexts, and media, *The Work of Art* seeks to discover, explain, and define how art exists and how it works. To this end, Gérard Genette explores the distinction between a work of art's immanence--its physical presence--and transcendence--the experience it induces. That experience may go far beyond the object itself. Genette situates art within the broad realm of human practices, extending from the fine arts of music, painting, sculpture, and literature to humbler but no less fertile fields such as haute couture and the culinary arts. His discussion touches on a rich array of examples and is bolstered by an extensive knowledge of the technology involved in producing and disseminating a work of art, regardless of whether that dissemination is by performance, reproduction, printing, or recording. Moving beyond examples, Genette proposes schemata for thinking about the different manifestations of a work of art. He also addresses the question of the artwork's duration and mutability.

Narrative Comprehension and Film Edward Branigan, 2013-06-17 Narrative is one of the ways we organise and understand the world. It is found everywhere: not only in films and books, but also in everyday conversations and in the nonfictional discourses of journalists, historians, educators, psychologists, attorneys and many others. Edward Branigan presents a telling exploration of the basic concepts of narrative theory and its relation to film - and literary - analysis, bringing together theories from linguistics and cognitive science, and applying them to the screen. Individual analyses of classical narratives form the basis of a complex study of every aspect of filmic fiction exploring, for example, subjectivity in *Lady in the Lake*, multiplicity in *Letter from an Unknown Woman*, post-modernism and documentary in *Sans Soleil*.

Verso Ninive Paola Ziccone, Matteo Maria Zuppi, 2021-07-02T00:00:00+02:00 L'episodio biblico dal quale trae ispirazione il titolo di questo libro è quello in cui il profeta Giona si indigna con Dio perché non distrugge Ninive, città nemica di Israele, sterminandone gli abitanti dapprima minacciati da Dio per i loro peccati ma poi salvati perché convertitisi. Il libro di Giona viene richiamato nel dialogo tra il cardinale arcivescovo di Bologna Matteo Maria Zuppi, figura tra le più eminenti e popolari del cattolicesimo contemporaneo, e Paola Ziccone, operatrice del Diritto da decenni impegnata nel mondo carcerario e nella pratica della mediazione penale. Il resoconto di questo dialogo, che costituisce la parte centrale del volume, si è svolto in alcuni incontri avvenuti durante il periodo del lockdown della primavera 2020: un momento di sofferenza e paura planetaria, che ha condotto miliardi di persone a vivere contemporaneamente un'esperienza di separazione, segregazione, costrizione, com'è quella del carcere.
