Anatol Arthur Schnitzler, 2022-03-17 Anatol ist ein Einakter-Zyklus von Arthur Schnitzler. Als Buchausgabe erschien er im Herbst 1892, vordatiert auf das Jahr 1893. Das einleitende Gedicht stammt von Loris, einem Pseudonym des jungen Hugo von Hofmannsthal, der mit Schnitzler befreundet war. Die Stücke wurden einzeln aufgeführt, zu einer gemeinsamen Aufführung kam es erstmals am 3. Dezember 1910 im Deutschen Volkstheater in Wien sowie im Lessingtheater in Berlin.

The Creative World of Mozart Paul Henry Lang, 1963 Every phase of his career and output, the workings of his mind, and his relations with other composers are being studied by scholars in various countries. This collection of articles were written for the Musical Quarterly by internationally known authorities who examine various aspects of Mozart's style, his works, and his life. The introduction is an essay on the special nature of Mozart's genius. Erich Hartzmann leads us into the composer's workshop; Edward E. Lowinsky and Hans T. David analyze his rhythm and harmony; Nathan Broder describes the instrument for which the piano works were written; Ernst Fritz Schmid contrasts Mozart's personality and output with those of his friend and older contemporary, Haydn; Friedrich Blume unravels the tangled skein of the creation of the requiem; Frederick W. Sternfeld establishes the relationship between Papageno's song and Bach's motet Singet dem Herren ein neues lied; Nathan Broder assesses A. E. Muller's Guide to the accurate performance of Mozartean Piano Concertos; and Otto Erich Deutsch investigates the errors and fallacies in Mozart biography.

Theology and Church Walter Kasper, 1989 This new collection of essays by West Germany's most distinguished Roman Catholic theologian covers the two broad areas indicated in the title. The first half discusses the Christian understanding of

God; the place of Christianity in the modern world; the modern sense of freedom and history and the theological definition of human rights; christology and anthropology; and the possibilities of a new spiritual christology in a trinitarian setting. The second half discusses various aspects of the church: as universal sacrament of salvation; as the place of truth and as communion. Two final studies examine the continuing challenge of the Second Vatican Council and the fundamental form and meaning of the eucharist. An extended introduction considers systematic theology today and the tasks which confront it.

In the Course of Performance Bruno Nettl, Melinda Russell, 1998-12-15 In the Course of Performance is the first book in decades to illustrate and explain the practices and processes of musical improvisation. Improvisation, by its very nature, seems to resist interpretation or elucidation. This difficulty may account for the very few attempts scholars have made to provide a general guide to this elusive subject. With contributions by seventeen scholars and improvisers, In the Course of Performance offers a history of research on improvisation and an overview of the different approaches to the topic that can be used, ranging from cognitive study to detailed musical analysis. Such diverse genres as Italian lyrical singing, modal jazz, Indian classical music, Javanese gamelan, and African-American girls' singing games are examined. The most comprehensive guide to the understanding of musical improvisation available, In the Course of Performance will be indispensable to anyone attracted to this fascinating art. Contributors are Stephen Blum, Sau Y. Chan, Jody Cormack, Valerie Woodring Goertzen, Lawrence Gushee, Eve Harwood, Tullia Magrini, Peter Manuel, Ingrid Monson, Bruno Nettl, Jeff Pressing, Ali Jihad Racy, Ronald Riddle, Stephen Slawek, Chris Smith, R. Anderson Sutton, and T. Viswanathan.

Gustav Mahler--Richard Strauss Gustav Mahler, Richard Strauss, 1996-06-15 Gustav Mahler and Richard Strauss came to know one another as young conductors in Leipzig in 1887. From then until Mahler's death in 1911—the year of the first performance of *Der Rosenkavalier*—they kept in touch. Mahler himself described their relationship as that of two miners tunneling from opposite directions with the hope of eventually meeting. This first publication of their correspondence, which includes twenty-five previously unknown Strauss letters, offers a portrait of two men who were as antithetical in their musical means and goals as in their temperaments and personalities, but who exercised a strong fascination for one another. These sixty-three letters show both composers advancing in their careers as they battled against adverse conditions in the musical world at the turn of the century. They present Mahler's energetic support of Strauss's *Symphonia Domestica*, which Mahler conducted in 1904 and, in turn, Strauss's championing of Mahler's music, especially the Second and Third Symphonies. The correspondence is fully annotated and is supplemented with a major essay by Herta Blaukopf. Unfailingly absorbing. . . . An indispensable addition to the literature on these composers.—Norman Del Mar, *Times Literary Supplement*

Freud and the Émigré Elana Shapira, Daniela Finzi, 2020-10-16 This book reconsiders standard narratives regarding Austrian émigrés and exiles to Britain by addressing the seminal role of Sigmund Freud and his writings, and the critical part played by his contemporaries, in the construction of a method promoting humanized relations between individual and society and subjectivity and culture. This anthology presents groundbreaking examples of the manners in which well-known personalities including psychoanalysts Anna Freud and Ernst Kris, sociologist Marie Jahoda, authors Stefan Zweig and Hilde Spiel, film director Berthold Viertel, architect Ernst Freud, and artist Oskar Kokoschka, achieved a greater impact, and contributed to the broadening of British and global cultures, through constructing a psychologically effective language and activating their émigré networks. They advanced a visionary Viennese tradition through political and social engagements and through promoting humanistic perspectives in their scientific, educational and artistic works.

Children and War Grazia Prontera, John Buckley, Wolfgang Aschauer, Helga Embacher, Albert Lichtblau, Johannes-Dieter Steinert, 2016 The amount of international research on 'Children and War' carried out by academics, governments and non-governmental organizations has continually increased in recent years. At the same time there has been growing public interest in how children experience military conflicts and how their lives have been affected by war and its aftermath. In light of the many brutal post-colonialist civil wars or 'new wars', especially in Africa and Asia, child soldiers have in particular gained increased attention. Simultaneously, since the 1990s, the history of the Holocaust and World War II has also increasingly been written from the perspective of children; those who speak out now and publish their memoirs experienced the Holocaust as children. A similar generational change has also taken place in the societies of the perpetrators: Germans and Austrians who experienced the war as children took over the role of war witnesses from the soldiers of the German Wehrmacht. Moreover, intensified focus on children's experiences and their strategies for dealing with what they went through is evident in Eastern Europe as well. In *Children and War: Past and Present Volume II* scholars from different academic disciplines, practitioners in the field, and representatives of government and non-governmental institutions present a further selection of studies in this sensitive subject from different angles and in various methodological ways. A number of studies investigate the difficult areas of recovery and reintegration both of child soldiers specifically, and children affected by armed conflict. Further sections examine Victims and Witnesses, Public Discourse and Education and World War II and the

Second Generation.

No Respect Andrew Ross, 2016-09-16 The intellectual and the popular: Irving Howe and John Waters, Susan Sontag and Ethel Rosenberg, Dwight MacDonal and Bill Cosby, Amiri Baraka and Mick Jagger, Andrea Dworkin and Grace Jones, Andy Warhol and Lenny Bruce. All feature in Andrew Ross's lively history and critique of modern American culture. Andrew Ross examines how and why the cultural authority of modern intellectuals is bound up with the changing face of popular taste in America. He argues that the making of taste is hardly an aesthetic activity, but rather an exercise in cultural power, policing and carefully redefining social relations between classes.

Journey to Italy Heinrich Heine, 1998 Translated by Charles Leland; Introduction by Phillip Lopate The Italian Journey contains celebrated examples of Heine's wit, combining street scenes and art masterpieces with scathing attacks against religious bigotry and reactionary politics. The Baths of Lucca intertwines irony and the expression of romantic sentiments to capture the restlessness that heralded the birth of the modern world. Freud included some of Heine's anecdotes in his own writings on humor and its relation to the unconscious.
