Moon Called Patricia Briggs,2006-01-31 THE FIRST MERCY THOMPSON NOVEL! Moon Called is the novel that introduced Patricia Briggs's Mercy Thompson to the world and launched a #1 bestselling phenomenon... Mercy Thompson is a shapeshifter, and while she was raised by werewolves, she can never be one of them, especially after the pack ran her off for having a forbidden love affair. So she's turned her talent for fixing cars into a business and now runs a one-woman mechanic shop in the Tri-Cities area of Washington State. But Mercy's two worlds are colliding. A half-starved teenage boy arrives at her shop looking for work, only to reveal that he's a newly changed werewolf—on the run and desperately trying to control his animal instincts. Mercy asks her neighbor Adam Hauptman, the Alpha of the local werewolf pack, for assistance. But Mercy's act of kindness has unexpected consequences that leave her no choice but to seek help from those she once considered family—the werewolves who abandoned her... "In the increasingly crowded field of kick-ass supernatural heroines, Mercy stands out as one of the best."—Locus

The Last Vampire: Complete Series, Books 1-6 R. A. Steffan,Jaelynn Woolf,2019-12-10 There's a smokin' hot dead guy locked in my garden shed. That part's bad enough. But now, he's trying to get out. Growing up, my father always told me that I'd come to a bad end, just like my mom did when I was a kid. Hearing that kind of stuff when you're little eventually gets to a girl, but I can't say I ever expected my 'bad end' to involve an angry vampire with a severe case of iron deficiency and a panty-melting English accent. Maybe I shouldn't be surprised. Ever since my mother was assassinated, I've felt like there was something vast and frightening hidden beneath the fabric of the world. Something none of us are supposed to know about. So far, finding out I was right hasn't been nearly as satisfying as I'd hoped. I guess the trick will be staying alive long enough to shout 'I told you so' from the rooftops. But before I can do that, I really need to figure out if the vampire who just bit me is one of the good guys or not. * * * The Last Vampire is a steamy urban fantasy romance series from USA Today Bestseller R. Marked P. C. Cast,Kristin Cast,2010-04-01 Enter the dark, magical world of the House of Night series by bestselling authors P.C. Cast and Kristin Cast, a world very much like our own, except here vampyres have always existed. One minute, sixteen-year-old Zoey Redbird is a normal teenager dealing with everyday high school stress: her cute boyfriend Heath, the school's star quarterback who suddenly seems more interested in partying than playing ball; her nosy frenemy Kayla, who's way too concerned with how things are going with Heath; her uber-tough geometry test tomorrow. The next, she's Marked as a fledgling vampyre, forcing her to leave her ordinary life behind and join the House of Night, a boarding school where she

will train to become an adult vampyre. That is, if she makes it through the Change—and not all of those who are Marked do. It sucks to begin a new life, especially away from her friends, and on top of that, Zoey is no average fledgling. She has been chosen as special by the vampyre Goddess, Nyx. Zoey discovers she has amazing powers, but along with her powers come bloodlust and an unfortunate ability to Imprint with Heath, who just doesn't know how to take no for an answer. To add to her stress, she is not the only fledgling at the House of Night with special powers: when she discovers that the leader of the Dark Daughters, the school's most elite group, is misusing her Goddess-given gifts, Zoey must look deep within herself for the courage to embrace her destiny—with a little help from her new vampyre friends.
