Jacob Spon Roland Étienne,Jean-Claude Mossière.1995 Jacob Spon né à Lyon en 1647 est une belle figure de la crise de la conscience européenne du Grand Siècle. Médecin, alors que la médecine est encore un discours plutôt qu'une science, il tire de sa formation un regard aiguisé et le sens de l'observation qui lui permettent d'occuper une place de choix parmi les savants qui ont contribué à la naissance de l'archéologie, terme qu'il est le premier à employer et à définir dans la préface de son ouvrage : *Miscellanae eruditae antiquitatis* (1679). Il révèle les antiquités de sa ville, et écrit la première histoire imprimée de Genève. Bravant la peste et les corsaires, le mauvais temps et les brigands, il voyage de 1674 à 1676 et fait découvrir à ses contemporains l'Italie, la côte Dalmate, la Grèce et le Levant, dans une relation qui fut traduite en plusieurs langues, et qui devint le guide des voyageurs instruits jusqu'à l'époque romantique. Protestant convaincu, il préfère s'exiler plutôt que d'abjurer, et meurt à Vevey, en décembre 1685, deux mois après la révocation de l'Edit de Nantes.

Consilium Concepts Seng Thiam Teh,Tan Teh,Rebecca C. W. Tan.2009 This comprehensive financial accounting practice set aims to help students develop critical thinking skills and apply a 'deep learning' approach to their first year accounting studies, and an appreciation of how a real-life business may operate. Consilium Concepts is a fictional independent software games publisher and developer. The practice set guides students through the process of recording and preparing a range of accounting transactions in both manual and computerised contexts and incorporates both structured and semi-structured problems. Teaching and learning with a combined practice set offers many advantages. A major one is that students will gain a genuine understanding of the underlying processes involved in preparing a set of financial statements. In a purely computerised setting, these processes occur in the background and typically are unseen by the user of the software. Another key benefit using a combined practice set is that students are introduced to the use of accounting software while enhancing their understanding of the double-entry accounting system and allowing them to experience the role of computers in accounting. At the end of the practice set students are able to compare and evaluate the results produced manually with those produced by the MYOB package. This practice set comes with a student version MYOB Accounting Plus Version 18 CD Rom. Consilium Concepts is ideal to package with Horngren et al. Accounting and Financial Accounting.

Paradise Office Furniture Jillian Phillips.2004-01-26 Paradise Office Furniture is a small retail business operated by a sole trader. The practice set accounts for one month early in the life of the business and is designed to help students see the 'big picture' of the accounting cycle from analysis of transaction data through to preparation of financial reports. The practice set can be used in conjunction with any introductory financial accounting text, and is particularly suited to a course which has an emphasis on the preparation and use of financial statements for decision making. By completing the practice set, students will gain a step by step understanding of various accounting processes and how all the interdependent steps fit together as an integrated whole.

Justin's Gourmet Foods Pty Ltd Martin Bugeja.2010-02-08 Justin's Gourmet Food Pty Ltd is intended for students studying introductory accounting and can be used with any introductory textbook. An advantage of this practice set over many others is that revenue and expense accounts have not been closed at the end of the previous month, therefore providing students with a more realistic scenario. This practice set provides students with the unadjusted trial balance at the end of May and requires students to record typical transactions for a retail business for the last month of the financial year. Once these transactions have been recorded and posted students are required to complete the accounting cycle by journalising and posting adjusting and closing entries and preparing financial statements. Students that complete this practice set should develop the skills necessary to keep a set of manual accounting records and understand the steps required to complete the accounting cycle.
