Watercolour Workshop Ann Blockley,2018-07-03 An inspirational and practical art manual, packed with step-by-step projects. Artist Ann Blockley is renowned for her innovative approach to watercolour painting. Her highly anticipated new book provides a series of workshops demonstrating how to push the boundaries of watercolour, using key techniques to develop your own work and take your paintings to the next level. Ann's easy-to-follow, step-by-step projects demonstrate how some of her most dramatic paintings are created. She describes in detail some of the key techniques used and how you can experiment with alternative methods to create your own interpretations. Finally, her beautiful and inspirational artworks demonstrate how different interpretations of a subject might take an unexpected or unusual direction, and how to make the most of these opportunities. The book moves, with progressively challenging projects, from loose wildflower meadows, textured woodland and rustic rambling walls to atmospheric or semi-abstract landscape corners, all rendered in Ann's adventurous signature style. Loose, expressive mark-making and unusual techniques include combining water-based paint and ink with granulation medium for dramatic texture, drawing with twigs, using gesso and collage to create unique effects; manipulating paint with materials such as plastic wrap (clingfilm); developing printed marks made using found materials. Following the huge demand for more practical guidance in experimental painting, the book provides plenty of techniques and instruction. Ann's personal commentary also gives a unique insight into the mind of the artist - ways of looking at your subject, how to explore and experiment - to unlock the potential of your watercolour painting.

Creativity Through Nature Ann Blockley, 2021-05-13 A passionate and purposeful book on finding real creativity through nature. An essential book for our times and all artists at whatever level. In her most passionate and personal book to date, acclaimed watercolour artist Ann Blockley takes both budding and more experienced artists through a series of ideas for working with nature - in its widest sense - to nurture our creativity, inspire us, make us more sustainable artists, and replenish energy and flow when our artistic streams run dry. In 'Go Outside and Play', the author exhorts artists to recapture a fun, no-pressure way of being outside and use that feeling when creating. In 'Connecting Materials to Place' she creates her own paint from the local pond. In 'The Slow Movement', the artist reveals her year of working on a specific local hedgerow and painting a series of different interpretation in its every-changing detail. She created regular creative rituals, using her weekly playing card as a starting point for a new painting to reflect the season each week. She reuses old paintings, and tissue and paper - wabi-sabi style - to create new textures and even new paintings. Including work from other artists as well as her own, she shows the ideas and work from textile and mixed-media artists. From allotment inspiration to reusing old painting and from nature prints to the alchemy of found materials, this is a journey to find new creativity through our connection with our natural world.

John Blockley - A Retrospective Ann Blockley, 2018-10-26 John Blockley was one of Britain's most outstanding watercolour and pastel painters of the late 20th century, and has exhibited at the Royal Academy. Self-taught, he produced work that has always been experimental and progressive. His highly textured style was well ahead of his time and still hugely influential now. The quality of his work is even more staggering given that he never trained at any art college, and spent most of his working life as an engineer. He only started painting full time at the age of 52. His obsession for drawing and painting, even while a successful engineer, was driven by his search for the essence of his subjects. The power of his paintings reveal that passion. This beautiful retrospective of his work, including drawings, watercolours, pastels and also acrylics, brings together the best of his work. The illuminating commentary on his work is from his daughter, Ann Blockley, who is also an acclaimed painter in her own right. She understands completely where John Blockley was coming from in his artistic vision and also explains the techniques he used. Breaking with so many traditions in watercolour painting in the 1960s, John was and is an influential figure in the art world. John said, 'In order to paint the terrain as I see it - blotched, mottled, grainy - I must experiment'. These experimentations are still of huge value to painters today. This book is perfect for any painter who enjoys John's work but also for all the many, many fans of his work.

Light and Movement in Watercolour Jake Winkle,Robin Capon,2023-03-02 Jake Winkle's loose, fresh and spontaneous style of painting is very popular. His paintings are full of light and movement and a key feature of his technique is that he doesn't work in the traditional way of light to dark but by placing the darks first. In Light and Movement in Watercolour, his first book, he demonstrates how to paint watercolours in a loose, direct way by step-by-step demonstrations and practical projects. Watercolours are often spoiled by a desire to be entirely truthful to the subject matter, which can lead to a painting

that is overworked and tight. Jake's loose approach avoids those problems. He looks at subject simplification and shows how to focus on shapes rather than objects and, by painting what you see and not what you know, demonstrates how to capture the essence of the scene with freshness and clarity. The main topics in this book are: Understanding Watercolour; Building Confidence; What to Paint; Shapes, Tones and Colours; Dark to Light and Freshness and Clarity. Jake considers each topic in detail and shows the reader how to create paintings that glow with life, interest and spontaneity.
