*A Doll's House* Henrik Ibsen. 2021-02-16 Nora Helmer is a dutiful young wife and mother of three children whose attempt to secure her family's future may ultimately lead to its destruction. Ibsen's play explores female identity and independence in a male dominated society. The Helmer family consists of Torvald and Nora, as well as three children: Ivar, Bobby and Emmy. From the outside, they appear to live a happy and idyllic life. Yet, a secret from Nora's past threatens to destroy everything she loves. One of Torvald's employees blackmails Nora, hoping she can influence her husband in the workplace. When she doesn't succeed, Torvald is informed of her misdeeds. This leads to a life-changing confrontation that forces Nora to reevaluate her marriage and desire for a family. *A Doll's House* is one of Ibsen's most forward-thinking plays. It was deemed scandalous for its depiction of a wife who prioritizes her own well-being over others. It's an insightful examination of how gender roles dominated nineteenth century Europe. With an eye-catching new cover, and professionally typeset manuscript, this edition of *A Doll's House* is both modern and readable.

**Gap Creek** Robert Morgan.2012-08-21 A New York Times Bestseller & Oprah's Book Club Pick Young Julie Harmon works “hard as a man,” they say, so hard that at times she’s not sure she can stop. People depend on her to slaughter the hogs and nurse the dying. People are weak, and there is so much to do. At just seventeen she marries and moves down into the valley of Gap Creek, where perhaps life will be better. But Julie and Hank’s new life in the valley, in the last years of the nineteenth century, is more complicated than the couple ever imagined. Sometimes it’s hard to tell what to fear most—the fires and floods or the flesh-and-blood grifters, drunks, and busybodies who insinuate themselves into their new life. To survive, they must find out whether love can keep chaos and madness at bay. Their struggles with nature, with work, with the changing century, and with the disappointments and triumphs of their union make Gap Creek a timeless story of a marriage.

*City of Dreadful Delight* Judith R. Walkowitz.2013-06-14 From tabloid exposes of child prostitution to the grisly tales of Jack the Ripper, narratives of sexual danger pulsed through Victorian London. Expertly blending social history and cultural criticism, Judith Walkowitz shows how these narratives reveal the complex dramas of power, politics, and sexuality that were being played out in late nineteenth-century Britain, and how they influenced the language of politics, journalism, and fiction. Victorian London was a world where long-standing traditions of class and gender were challenged by a range of public spectacles, mass media scandals, new commercial spaces, and a proliferation of new sexual categories and identities. In the midst of this changing culture, women of many classes challenged the traditional privileges of elite males and asserted their presence in the public domain. An important catalyst in this conflict, argues Walkowitz, was W. T. Stead's widely read 1885 article about child prostitution. Capitalizing on the uproar caused by the piece and the volatile political climate of the time, women spoke of sexual danger, articulating their own grievances against men, inserting themselves into the public discussion of sex to an unprecedented extent, and gaining new entree to public spaces and journalistic practices. The ultimate manifestation of class anxiety and gender antagonism came in 1888 with the tabloid tales of Jack the Ripper. In between, there were quotidian stories of sexual possibility and urban adventure, and Walkowitz examines them all, showing how women were not simply figures in the imaginary landscape of male spectators, but also central actors in the stories of

metropolotin life that reverberated in courtrooms, learned journals, drawing rooms, street corners, and in the letters columns of the daily press. A model of cultural history, this ambitious book will stimulate and enlighten readers across a broad range of interests.
