American Latinos and the Making of the United States Stephen J. Pitti.2012 From the founding of St. Augustine, Florida, in 1565, American Latinos have influenced US culture, politics, and economics. This book presents an overview of the Latino journey as documented in the experiences of five individuals whose lives trace major historical developments from the early 19th century to today. They include exiled Cuban priest Félix Varela, Mexican American author María Amparo Ruíz de Burton, Puerto Rican historian and collector Arturo Schomburg, Guatemalan civil rights organizer Luisa Moreno, and Mexican American politician Edward Roybal. Their unique and valuable contributions have helped shape our nation--Back cover.

Hispanic Surnames and Family History Lyman De Platt.1996 A reference guide to the relatively unknown but prosperous European nation outlining the key figures and events of its past and present. The dictionary includes over 350 entries covering all aspects of Luxembourg history as well as significant aspects of its politics, society, economy, and culture. Barteau (former head of the American International School of Luxemburg) supplies an introductory overview of the country's geography, language, religion, government, and education. Contains maps, photographs, historical chronology, lists of rulers and prime ministers, and a comprehensive bibliography keyed by topic. Annotation copyright by Book News, Inc., Portland, OR

Nouveaux Risques Sociaux European Institute for Social Security.1997-07-16 A multi-disciplinary, international scientific organisation, The European Institute of Social Security brings together over 400 top-ranking specialists in social security study and research from throughout Europe and abroad. Its annual conferences probe new frontiers in thinking and research about social security issues in the world. This Yearbook explores the concept of 'social risk' from a historical, theoretical, and socioeconomic perspective. it illustrates social risk as a concept with a study of three important new developments: care requirements for dependent (elderly) people, social protection needs due to changes in family structures, and special protection measures necessitated by changes in the labour market. This book will interest and inform researchers as well as

policymakers and managers concerned about the future development of the social protection systems in Europe and other highly industrialized countries.

Murder at the National Cathedral Margaret Truman. 2014-09-17 "A vigorous tale of twists and turns . . . An authentic thriller."—The Washington Post Book World Murder didn't stop Mac Smith or Annabel Reed from falling in love, or from getting married at the glorious church on the hill in Washington, D.C., the National Cathedral. But the brutal murder of a friend drags them from their newlywed bliss into an unholy web of intrigue and danger. The body is found in the cathedral. There are scant clues and no suspects. And to further complicate matters, a parallel crime is committed at a church in England's Cotswolds, where the honeymooners have recently been visitors. Across the sea go the Smiths again, and straight into the center of an ungodly plot of secret agents, a playboy priest, a frustrated lover, a choleric cleric . . . and a murder so perfect it's a sin. Praise for *Murder at the National Cathedral* "One of her most enjoyable books."—Associated Press "Margaret Truman has become a first-rate mystery writer."—Los Angeles Times Book Review

Mexican American Baseball in Orange County Richard Santillan, Susan Luévano-Molina, Luis F. Fernández, Angelina F. Veyna. 2013 Images of Baseball: Mexican American Baseball in Orange County celebrates the once-vibrant culture of baseball and softball teams from Placentia, Anaheim, Santa Ana, Westminster, San Juan Capistrano, and nearby towns. Baseball allowed men and women to showcase their athletic and leadership skills, engaged family members, and enabled community members to develop social and political networks. Players from the barrios and colonias of La Fabrica, Campo Colorado, La Jolla, Logan, Cypress Street, El Modena, and La Colonia Independencia, among others, affirmed their Mexican and American identities through their sport. Such legendary teams as the Placentia Merchants, the Juveniles of La Habra, the Lionettes de Orange, the Toreros of Westminster, and the Road Kings of Colonia 17th made weekends memorable. Players and their families helped create the economic backbone and wealth evident in Orange County today. This book sheds light on powerful images and stories of the Mexican American community.

NATO's Secret Armies Daniele Ganser.2005-06-21 This fascinating new study shows how the CIA and the British secret service, in collaboration with the military alliance NATO and European military secret services, set up a network of clandestine anti-communist armies in Western Europe after World War II. These secret soldiers were trained on remote islands in the Mediterranean and in unorthodox warfare centres in England and in the United States by the Green Berets and SAS Special Forces. The network was armed with explosives, machine guns and high-tech communication equipment hidden in underground bunkers and secret arms caches in forests and mountain meadows. In some countries the secret army linked up with right-wing terrorist who in a secret war engaged in political manipulation, harrassement of left wing parties, massacres, coup d'états and torture. Codenamed 'Gladio' ('the sword'), the Italian secret army was exposed in 1990 by Italian Prime Minister Giulio Andreotti to the Italian Senate, whereupon the press spoke of The best kept, and most damaging, political-military secret since World War II (Observer, 18. November 1990) and observed that The story seems straight from the pages of a political thriller. (The Times, November 19, 1990). Ever since, so-called 'stay-behind' armies of NATO have also been discovered in France, Spain, Portugal, Germany, Belgium, the Netherlands, Luxemburg, Denmark, Norway, Sweden, Finland, Switzerland, Austria, Greece and Turkey. They were internationally coordinated by the Pentagon and NATO and had their last known meeting in the NATO-linked Allied Clandestine Committee (ACC) in Brussels in October 1990.

Multilingual Norms Madalena Cruz-Ferreira.2010 Multilinguals are not multiple monolinguals. Yet multilingual assessment proceeds through monolingual norms, as if fair conclusions were possible in the absence of fair comparison. In addition, multilingualism concerns what people do with language, not what languages do to people. Yet research focus remains on multilinguals' languages, as if languages existed despite their users. This book redresses these paradoxes. Multilingual scholars, teachers and speech-language clinicians from Europe, Asia, Australia and the US contribute the first studies dedicated to multilingual norms, those found in real-life multilingual development, assessment and use. Readership includes educators, clinicians, decision-makers and researchers interested in multilingualism.

The Black Diaspora of the Americas Christine Chivallon.2011 Using the Caribbean experience as the focus, Christine Chivallon examines the transatlantic slave trade and slavery as founding events in the identification of a black diaspora experience. The exploration is extended to include the US to exemplify contrasting situations in slavery-based systems.

Devil Talk Daniel A. Olivas.2004 In the short stories that fill these pages, men and women confront evil in all its forms, drama, and even humor against a backdrop of Chicano and Mexicano culture. Situations range from the bizarre to the very real. In Sight, a young man is allowed to see exactly what his girlfriend is doing when she leaves their home. A botched robbery in Jorge, Get the Gun leads to murder the same day JFK is buried. In the end, Devil Talk shocks, amuses, and

tantalizes as it explores human passions and the corruption we valiantly attempt to avoid as we wander through life. Anything can happen in one of Daniel Olivas' stories. These are disorienting, sometimes disturbing, but always entertaining tales told by a master folk-teller who knows we would much rather listen to the devil talk than hear an angel sing. -- Rob Johnson, editor *Fanastas: Supernatural Stories by Mexican American Writers*

A Legacy Greater Than Words Maggie Rivas-Rodriguez.2006-05 Since 1999 the U.S. Latino & Latina WWII Oral History Project at the University of Texas at Austin has videotaped more than 500 interviews throughout the country and in Puerto Rico and Mexico. This volume, featuring summaries of interviews and thumbnail photographs of the individuals, demonstrates the vast breadth of experiences of the Latino WWII generation. The interviews are arranged by wartime experiences - on the home front, as well as in the military - followed by postwar efforts.--BOOK JACKET.

Nicolás Guagnini: Theatre of the Self Alaina Claire Feldman,Aimé Iglesias Lukin,David Joselit,Karin Schneider,Dessane Lopez Cassell,Ei Arakawa,Pamela M. Lee,Aura Rosenberg.2020-10-08 *Nicolás Guagnini: Theatre of the Self* is a hybrid catalogue-reader based on the exhibition of the multi-threaded performances of Buenos Aires-born New York-based Guagnini. Many of these works, spanning from 2005 until 2019, have never been seen before or have not been seen since their original live presentation. Raised in Argentina during the Dirty War and violent military dictatorship, Guagnini moved to New York in

the late 1990s and co-founded the film production company Union Gaucha Productions with Karin Schneider in 1997. In 2005 Guagnini became co-founder of Orchard Gallery, an artist cooperative based on the Lower East Side. The work in Theatre of the Self is informed in part by autobiography, history, politics and through Guagnini's community itself. Some performances were participatory, some were not. But all were made polyvocally in collaboration with a group of artists with shared interests and concerns around performance and the moving image including Ei Arakawa, Leigh Ledare, Jeff Preiss, Aura Rosenberg, Karin Schneider among others. This publication invites internationally acclaimed art historians, curators and artists to think about the material in Guagnini's work within a unique format. Readers of the publication will be interested in contemporary art, film, political science, performance studies, and Latin American studies.

Inventing Luxembourg Pit Péporté, Sonja Kmec, Benoît Majerus, Michel Margue.2010-02-16 The grand duchy of Luxembourg is a showcase example for the constructed nature of national identities. This book explores this construction process from the nineteenth to the twenty-first century, focusing on representations of the past, space and language.

Language use in business and commerce in Europe European Federation of National Institutions for Language. Conference, Gerhard Stickel.2010 The linguistic domains of business and commerce are especially affected by the economic and communicative globalization. Since language use in these domains has an impact on the use of a language in other domains, the future development of the European languages will not mainly depend on language-internal processes, but will increasingly be influenced by the use of English as the international vehicular language. The present development in Europe is discussed in several overview articles and a series of reports on the specific situation in various European countries. In addition, the Lisbon Resolution of EFNIL, pointing at the advantages of multilingualism in international business, is presented in 26 languages including the 23 official languages of the European Union. It calls the EU and its members to acknowledge languages as key factors for economic success, also from the perspective of consumers and workers.

Whose America? Virginia M. Bouvier.2001-08-30 In the midst of the culture wars raging in the United States, this book recovers a part of U.S. history that some wish to forget--the war of 1898. With the war, U.S. policymakers terminated more than four centuries of Spanish colonial rule in the region and launched a paradigm for U.S.-Latin American relations that dominated the 20th century. The war inaugurated an era of profound change not only in U.S. policy toward Latin America, but also in regional cultures and identities within the United States, Cuba, Puerto Rico, and the Philippines. Virginia M. Bouvier underscores the importance of the war in defining American identities. Contributors discuss such items as Spanish perspectives on the U.S. role in the conflict, the multiple and conflicted identities of the Cuban émigré community, and the capacity of gender discourse to explain Congressional actions. A final bibliographic essay reviews recent scholarship on the war. Scholars, students, and researchers involved with American and Latin American history will find this collection

particularly valuable.

Theological Education in Contemporary Africa Grant LeMarquand,Joseph D. Galgalo.2004 Part One addresses 'Theological Foundations.' The five essays in this section deal with the Bible, Theology and Ecumenism. The subjects of theological methods, contextual hermeneutics, and appropriate curriculum are given special attention. Of course even foundational issues cannot be discussed in a vacuum and so each of the essays addresses these foundational subjects in the light of African realities. Part Two deals with 'Contemporary Issues.' It is particularly in this section that the traditional themes in African theology have been somewhat displaced by concerns which are today very pressing indeed. Three essays are devoted to the question of HIV/AIDS. This disease, which has devastated the African continent, demands a theological and practical response from those who claim to follow Jesus Christ. If the churches do not respond to this crisis with energy and determination we should not be surprised if the next generation wonders whether the Gospel has the power which we claim that it has. Two essays address the question of Islam and Muslim-Christian Relations in Africa. The resurgence of Islam in the world today is a concern of many. For those who believe in Jesus, this is a challenge which demands much wisdom and love. How should we respond to our Muslim neighbours? What are appropriate and thoughtful ways to share the love of Christ? Two further essays appear under the title of 'The Marginalized.' This could, of course, be a much large section. Those who suffer from AIDS could be included in this number, and one might have expected to see at least one essay on the place of women. In this volume, however, the 'disabled' and youth are highlighted. Both groups are clearly in need of the attention of the churches, and both groups are clearly misunderstood and neglected. The final section of Part Two contains essays, which focus attention on 'Theological Paedagogy.' All of the other contributions to this volume make suggestions and arguments about curriculum, resources, and issues of concern for theological educators. The causal aim of this book is that these essays may help us to reflect in an intentional way on the implications of contemporary realities for the future of theological education.

Barrios to Burbs Jody Vallejo.2012-08-15 Too frequently, the media and politicians cast Mexican immigrants as a threat to American society. Given America's increasing ethnic diversity and the large size of the Mexican-origin population, an investigation of how Mexican immigrants and their descendants achieve upward mobility and enter the middle class is long

overdue. *Barrios to Burbs* offers a new understanding of the Mexican American experience. Vallejo explores the challenges that accompany rapid social mobility and examines a new indicator of incorporation, a familial obligation to give back in social and financial support. She investigates the salience of middle-class Mexican Americans' ethnic identification and details how relationships with poorer coethnics and affluent whites evolve as immigrants and their descendants move into traditionally white middle-class occupations. Disputing the argument that Mexican communities lack high quality resources and social capital that can help Mexican Americans incorporate into the middle class, Vallejo also examines civic participation in ethnic professional associations embedded in ethnic communities.

Villa de Branciforte Leon Rowland.1941 Under Spanish rule, Villa de Branciforte grew from a compact little village on the East Bank of the San Lorenzo River into an area of huge estates which spread forty miles along the California coast. When American days came, it lapsed into a small community under Santa Cruz County. Here are gathered short essays on its rise and fall: first families; land grants (including Bolsa del Pajaro, Las Corralitos, Canada Verde Salsipuedes, and San Andres); cattle brands; revolutionaries and outlaws; and the arrival of English speakers.

Clint Eastwood Richard Schickel.2011-04-27 Through extensive, exclusive interviews with Eastwood (and the friends and colleagues of a lifetime), Time magazine film critic Richard Schickel has penetrated a complex character who has always been understood too quickly, too superficially. Schickel pierces Eastwood's monumental reserve to reveal the anger and the shyness, the shrewdness and frankness, the humor and powerful will that have helped make him what he is today. of photos.

Six-Guns and Saddle Leather Ramon Frederick Adams.1998-02-25 Authoritative guide to everything in print about lawmen and the lawless—from Billy the Kid to the painted ladies of frontier cow towns. Nearly 2,500 entries, taken from newspapers, court records, and more.

They Answered the Call Gil Dominguez.2004 Latinos have fought in every conflict in which the United States has been involved, from the American Revolution to Operation Iraqi Freedom. Regardless of whether they were inductees or volunteers, Latino soldiers, sailors, airman, and Marines served with great distinction and bravery, compiling a record of courage unmatched by any other group of Americans: Thirty-nine Medals of Honor earned -- fourteen of those for service in Vietnam. Yet the American public is largely unaware of the sacrifices made by Latino citizens, mainly because of the lack of writings on the subject. This book is an attempt to fill the void in the literature dealing with the role of Hispanics in war; in this case, America's longest and most unpopular conflict. The author interviewed twenty-one warriors who candidly relate their experiences in combat and share their feelings about the war and what it means to be a Latino Vietnam vet.

Early Christian Books in Egypt Roger S. Bagnall.2021-07-13 For the past hundred years, much has been written about the early editions of Christian texts discovered in the region that was once Roman Egypt. Scholars have cited these papyrus manuscripts--containing the Bible and other Christian works--as evidence of Christianity's presence in that historic area during the first three centuries AD. In *Early Christian Books in Egypt*, distinguished papyrologist Roger Bagnall shows that a great deal of this discussion and scholarship has been misdirected, biased, and at odds with the realities of the ancient world. Providing a detailed picture of the social, economic, and intellectual climate in which these manuscripts were written and circulated, he reveals that the number of Christian books from this period is likely fewer than previously believed. Bagnall explains why papyrus manuscripts have routinely been dated too early, how the role of Christians in the history of the codex has been misrepresented, and how the place of books in ancient society has been misunderstood. The author offers a realistic reappraisal of the number of Christians in Egypt during early Christianity, and provides a thorough picture of the economics of book production during the period in order to determine the number of Christian papyri likely to have existed. Supporting a more conservative approach to dating surviving papyri, Bagnall examines the dramatic consequences of these findings for the historical understanding of the Christian church in Egypt.
