Word and Image in Russian History Maria di Salvo,Daniel H. Kaiser,Valerie A. Kivelson.2019-08-28 Word and Image invokes and honors the scholarly contributions of Gary Marker. Twenty scholars from Russia, the United Kingdom, Italy, Ukraine and the United States examine some of the main themes of Marker's scholarship on Russia—literacy, education, and printing; gender and politics; the importance of visual sources for historical study; and the intersections of religious and political discourse in Imperial Russia. A biography of Marker, a survey of his scholarship, and a list of his publications complete the volume. Contributors: Valerie Kivelson, Giovanna Brogi (University of Milan), Christine Ruane (University of Tulsa), Elena Smilianskaia (Moscow), Daniela Steila (University of Turin), Nancy Kollmann (Stanford University), Daniel H. Kaiser (Grinnell College), Maria di Salvo (University of Milan), Cynthia Whittaker (City Univ. of New York), Simon Dixon (University of London), Evgenii Anisimov (St. Petersburg), Alexander Kamenskii (Higher School of Economics, Moscow), Janet Hartley (London School of Economics), Olga Kosheleva (Moscow State University), Maksim Yaremenko (Kyiv), Patrick O'Meara (University of Durham), Roger Bartlett (London), Joseph Bradley (University of Tulsa), Robert Weinberg (Swarthmore College)

**Master the Russian Alphabet, a Handwriting Practice Workbook** Lang Workbooks.2019-09-11 Do you want to perfect your handwriting? Do you need a trustworthy resource to teach your small children to trace the Russian alphabet? Then this workbook is the perfect companion for your studies. In it, you'll find all the modern Russian consonants and vowels, including upper and lower case variations in both the print and cursive handwriting styles. Your benefits: Clear large letters make it easy to recognize even the most detailed of the Russian characters. Detailed stroke order instructions provide you with a strong foundation to build your skills. Dedicated Trace and Learn sections are designed to imprint proper stroke technique unto your muscle memory. Font variations in both the print and cursive form of each letter train your brain to recognize alternative character styles easily. Simple pronunciation guidelines prevent you from feeling overwhelmed while helping you to understand the basic sound of each letter. As a bonus, for each character, you'll find extra 8.5 x 11 inches pages fully dedicated to the handwriting practice of that letter, in both print and cursive, uppercase and lowercase, with and

without a guiding background light-gray letter. Feel free to photocopy these pages as you wish to extend the lifetime value of your workbook. Special information: As with all Lang Workbooks, this work is a labor of love. Accordingly, if you are a teacher, a student of Russian, or homeschooling your children, then you can photocopy any part of this workbook for your own, or your students, personal use. Learning to write the Russian script by heart has never been made easy.

**Crimes against History** Antoon De Baets.2018-12-13 Crimes against History takes a global approach to the extreme forms of censorship to which history and historians have been subjected through the ages. The book opens by considering the varieties of censorship, from suppression, dismissal, and defamation to persecution and murder. Part I, Kill switch, tells the tragic story of how the censorship of history has sometimes turned into deadly crimes against history, with chapters looking at topics such as historians and archivists being killed for political reasons, attacks by political leaders on historians, iconoclastic breaks with the past, and fake news. Part II, Fragile freedom, reverses the perspective and examines how the censorship of history has backfired. Chapters consider the subversive power of historical analogies and resistance to the censorship of history. The book also contains a Provisional memorial for history producers killed for political reasons (from ancient times until 2017). It is a double tribute: to the history producers who were killed and to those who mustered the courage to resist the blows of censorship. Comparing case studies from across the world and written from a human rights perspective, Crimes against History is an essential resource for anyone interested in how deeply history and politics influence each other, as well as for anyone wanting a fuller view of the history of history.

**The Ex-Girlfriend of My Ex-Girlfriend Is My Girlfriend** Maddy Court.2021-05-18 This illustrated book of advice on love, dating, and friendship—written by and for queer women and people of marginalized genders—is the new go-to queer relationship handbook. Fix yourself a cup of non-caffeinated herbal tea and prepare to laugh, cry, reminisce, and feel your feelings as you read through these quintessentially queer dating dilemmas. In *The Ex-Girlfriend of My Ex-Girlfriend Is My Girlfriend*, advice columnist Maddy Court (a.k.a. Xena Worrier Princess) answers anonymous queries from lesbian, bisexual, and queer women and people of marginalized genders. Illustrated by comics artist Kelsey Wroten and based on Court's viral zine of the same name, this book features never-before-published letters and responses about first loves, heartbreak, coming out, and queer friendship—all answered with the warmth and honesty of the gay big sister you wish you had. • BY QUEERS, FOR QUEERS: This book was written by and for queer women and people of marginalized genders. The questions reflect real experiences that aren't often represented in the media, and the answers offer an important reminder that loving ourselves takes patience, effort, and the support of our friends and communities. • EXCITING DEBUT AUTHOR: In 2018, Maddy Court made the leap from creating niche lesbian memes on Instagram to writing and distributing a series of zines. Never preachy or dismissive, Court offers advice that is sympathetic and straightforward—it's equal parts refreshing vulnerability and

remarkable wisdom. • **GORGEOUS ILLUSTRATION:** Kelsey Wroten's art brings the letters to life, immersing the reader in all the joys and disappointments of the contributors who wrote in from all over the world. In addition to the traditional illustrations, each chapter features a paneled mini-comic that speaks to the different themes. • **AMAZING GUEST EXPERTS:** Because one queer cannot possibly hold all the answers, *The Ex-Girlfriend of My Ex-Girlfriend Is My Girlfriend* also includes advice from an incredible roster of guest experts. Author and comedian Samantha Irby; musicians JD Samson and Ellen Kempner; and writers and activists Tyler Ford, Kalyn Heffernan, Lola Pellegrino, and Mey Rude all tackle questions on long-distance breakups, jealousy, love triangles, making friends, and more. Perfect for: • Lesbian, bisexual, and queer women and people of marginalized genders with questions about dating, friendship, and life • Fans of the Ex-Girlfriend zine series and followers of @Xenaworrierprincess • Fans of Kelsey Wroten's graphic novels and art

Russian Energy Chains Margarita M. Balmaceda.2021-05-11 Russia's use of its vast energy resources for leverage against post-Soviet states such as Ukraine is widely recognized as a threat. Yet we cannot understand this danger without also understanding the opportunity that Russian energy represents. From corruption-related profits to transportation-fee income to subsidized prices, many within these states have benefited by participating in Russian energy exports. To understand Russian energy power in the region, it is necessary to look at the entire value chain—including production, processing, transportation, and marketing—and at the full spectrum of domestic and external actors involved, from Gazprom to regional oligarchs to European Union regulators. This book follows Russia's three largest fossil-fuel exports—natural gas, oil, and coal—from production in Siberia through transportation via Ukraine to final use in Germany in order to understand the tension between energy as threat and as opportunity. Margarita M. Balmaceda reveals how this dynamic has been a key driver of political development in post-Soviet states in the period between independence in 1991 and Russia's annexation of Crimea in 2014. She analyzes how the physical characteristics of different types of energy, by shaping how they can be transported, distributed, and even stolen, affect how each is used—not only technically but also politically. Both a geopolitical travelogue of the journey of three fossil fuels across continents and an incisive analysis of technology's role in fossil-fuel politics and economics, this book offers new ways of thinking about energy in Eurasia and beyond.

The Tattooed Torah Marvell Ginsburg.2022-01-25 Now more than ever, it is essential to continue teaching the lessons of the Holocaust to young children in an impactful and palatable way, so that such horrific events are never forgotten, nor repeated. The beloved children's book by Marvell Ginsburg, *The Tattooed Torah*, has been beautifully reimaged for a new generation and is a powerful resource for Holocaust education all over the world. Stunningly illustrated by Martin Lemelman, the book recounts the true story of the rescue and restoration of a small Torah from Brno, Czechoslovakia, and teaches the Holocaust not only as a period of destruction, but also as an opportunity for redemption. Whether teaching little ones about their heritage or giving children an introduction of the historical event through World War 2 books for kids, your family will

treasure this beautifully-told story for years to come. This third edition of *The Tattooed Torah* is dedicated in loving memory of Marvell Ginsburg. Boys and girls will enjoy learning the rich history of the Jewish people. The hardcover book and paper pages make it a timeless and classic storybook to enjoy reading over and over again. Easy-to-read text with a vibrant and beautiful picture on each page. A portion of the proceeds from the sales of this book will go to support further educational resources to promote empathy and understanding among all people. A great library addition if you're looking for Jewish books, Hanukkah gifts, historical books, or nonfiction Holocaust books.

**How Voters Feel** Stephen Coleman. 2013-02-25. This book sets out to unearth the hidden genealogies of democracy, and particularly its most widely recognized, commonly discussed and deeply symbolic act, voting. By exploring the gaps between voting and recognition, being counted and feeling counted, having a vote and having a voice and the languor of count taking and the animation of account giving, there emerges a unique insight into how it feels to be a democratic citizen. Based on a series of interviews with a variety of voters and non-voters, the research attempts to understand what people think they are doing when they vote; how they feel before, during and after the act of voting; how performances of voting are framed by memories, narratives and dreams; and what it means to think of oneself as a person who does (or does not) vote. Rich in

theory, this is a contribution to election studies that takes culture seriously.

Corruption, Inequality, and the Rule of Law Eric M. Uslaner.2010-04-12 Corruption flouts rules of fairness and gives some people advantages that others don't have. Corruption is persistent; there is little evidence that countries can escape the curse of corruption easily-or at all. Instead of focusing on institutional reform, Uslaner suggests that the roots of corruption lie in economic and legal inequality and low levels of generalized trust (which are not readily changed) and poor policy choices (which may be more likely to change). Economic inequality provides a fertile breeding ground for corruption-and, in turn, it leads to further inequalities. Just as corruption is persistent, inequality and trust do not change much over time in my cross-national aggregate analyses. Uslaner argues that high inequality leads to low trust and high corruption, and then to more inequality-an inequality trap and identifies direct linkages between inequality and trust in surveys of the mass public and elites in transition countries. Eric M. Uslaner is Professor of Government and Politics at the University of Maryland-College Park, where he has taught since 1975. He has written seven books including *The Moral Foundations of Trust* (Cambridge University Press, 2002), and *The Decline of Comity in Congress* (University of Michigan Press, 1993). In 1981-82 he was Fulbright Professor of American Studies and Political Science at the Hebrew University, Jerusalem, Israel and in 2005, he was a Fulbright Senior Specialist Lecturer at Novosibirsk State Technical University, Novosibirsk, Siberia, Russia. In 2006 he was appointed the first Senior Research Fellow at the Center for American Law and Political Science at the Southwest University of Political Science and Law, Chongqing, China.

Creating and Managing the Democratic School Judith Chapman, Isak Froumin, David Aspin.2018-05-11 Originally published in 1995. In securing the future of any democracy, it is vital that the education service should provide an effective

introduction to citizenship by means of a high quality and empowering curriculum in educational institutions organized and administered according to democratic principles. In this volume, educators with a variety of backgrounds and experience gained in educational institutions in both Russia and western countries address the question of the conception, justification and implementation of the idea of 'education for democracy'. This is the first publication to emerge from a collaboration of Russian and Western educators in recent times and is an enthralling account of education in countries with wide social, political and historical differences yet having common ground to share over the creation and management of their school systems.

**Cognitive Learning and Memory in Children** M. Pressley, C.J. Brainerd. 2012-12-06 For some time now, the study of cognitive development has been far and away the most active discipline within developmental psychology. Although there would be much disagreement as to the exact proportion of papers published in developmental journals that could be considered cognitive, 50% seems like a conservative estimate. Hence, a series of scholarly books devoted to work in cognitive development is especially appropriate at this time. The Springer Series in Cognitive Development contains two basic types of books, namely, edited collections of original chapters by several authors, and original volumes written by one author or a small group of authors. The flagship for the Springer Series is a serial publication of the advances type, carrying the subtitle Progress in Cognitive Development Research. Each volume in the Progress sequence is strongly thematic, in that it is limited to some well-defined domain of cognitive-developmental research (e. g. , logical and mathematical development, development of learning). All Progress volumes will be edited collections. Editors of such collections, upon consultation with the Series Editor, may elect to have their books published either as contributions to the Progress sequence or as separate volumes. All books written by one author or a small group of authors are being published as separate volumes within the series. A fairly broad definition of cognitive development is being used in the selection of books for this series.

Plast: Ukrainian Scouting, a Unique Story Orest Subtelny. 2016-12-01 In this book, the renowned historian Orest Subtelny, who wrote *Ukraine: A History*, describes to us how, in 1911, a small group of teachers, whose people lived under foreign rule, at the crossroads of empires, took Baden Powell's idea, adapted it to their circumstances and formed a scouting organization for the betterment of Ukrainian youth and to provide hope to the Ukrainian nation. The organization was

buffeted by history — repression, war, emigration, dispersment throughout the world — and finally found renewal in a free Ukraine. It was an amazing journey, truly a unique story.

*The Plot to Destroy Democracy* Malcolm Nance.2019-04-16 New York Times and USA Today bestselling author provides a provocative, comprehensive analysis of Vladimir Putin and Russia's master plan to destroy democracy in the age of Donald Trump, with a foreword by Rob Reiner. A convincing cry that treason is afoot. - Kirkus Reviews [E]ven as this plot gets more intricate (and, yes, sometimes it does read like a political thriller), readers will be turning pages quickly, feeling both anxiety and betrayal. . . . [E]ven supporters of the president will have something to think about. - Booklist In the greatest intelligence operation in the history of the world, Donald Trump was made President of the United States with the assistance of a foreign power. *The Plot to Destroy Democracy* reveals the dramatic story of how blackmail, espionage, assassination, and psychological warfare were used by Vladimir Putin and his spy agencies to steal the 2016 U.S. election-and attempted to bring about the fall of NATO, the European Union, and Western democracy. Career U.S. intelligence officer Malcolm Nance examines how Russia has used cyberwarfare, political propaganda, and manipulation of our perception of reality-and will do so again-to weaponize American news, traditional media, social media, and the workings of the internet to attack and break apart democratic institutions from within, and what we can expect to come should we fail to stop their next attack. Nance has utilized top secret Russian-sourced political and hybrid warfare strategy documents to demonstrate the master plan to undermine American institutions that has been in effect from the Cold War to the present day. He exposes how Russia has supported the campaigns of right-wing extremists throughout both the U.S. and Europe to leverage an axis of autocracy, and how Putin's agencies have worked since 2010 to bring fringe candidate Donald Trump into elections. Revelatory, insightful, and shocking, *The Plot to Destroy Democracy* puts a professional spy lens on Putin's plot and unravels it play-by-play. In the end, Nance provides a better understanding of why Putin's efforts are a serious threat to our national security and global alliances-in much more than one election-and a blistering indictment of Putin's puppet, President Donald J. Trump.

[Soroka 3: Russian for Kids. Student's Book](#) Marianna Avery.2018-05-22 Soroka 3 is third level of a Russian language course Soroka. Russian for Kids. **Migration, Refugee Policy, and State Building in Postcommunist Europe** Oxana Shevel.2011-10-24 Why do similar postcommunist states respond differently to refugees? Why do some states privilege certain refugee groups, while other states do not? This book presents a theory to account for this puzzle, and it centers on the role of the politics of nation-building and of the office of the UN High Commissioner for Refugees (UNHCR). A key finding of the book is that when the boundaries of a nation are contested (and thus there is no consensus on which group should receive preferential treatment in

state policies), a political space for a receptive and nondiscriminatory refugee policy opens up. The book speaks to the broader questions of how nationalism matters after communism and under what conditions and through what mechanisms international actors can influence domestic policies. The analysis is based on extensive primary research the author conducted in four languages in the Czech Republic, Poland, Russia and Ukraine.

Kyiv, Ukraine Roman Adrian Cybriwsky. 2016-01-15 The unrest and violence in Ukraine in recent years shocked the world, and the region's long-term future remains troublingly uncertain. Focusing on the difficulty of Kiev's transition from socialism to market democracy, this book demonstrates how Ukraine reached this turbulent point. Roman Adrian Cybriwsky delves deeply into the changing social geography of the city, recent urban development, and critical problems such as official corruption, inequality, sex tourism, and the heedless destruction of the city's historical architecture - all difficulties that have contributed incrementally to Ukrainian citizens' anger against their government. This thoroughly revised edition brings Cybriwsky's account of events and their ramifications fully up to date, offering the clearest picture we've had yet of what has happened - and what is likely still to come - in Ukraine.

In the digital age, access to information has become easier than ever before. The ability to download Soroka 2 Russian For Kids Teacher S Book has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Soroka 2 Russian For Kids Teacher S Book has opened up a world of possibilities. Downloading Soroka 2 Russian For Kids Teacher S Book provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With

the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Soroka 2 Russian For Kids Teacher S Book has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Soroka 2 Russian For Kids Teacher S Book. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to

existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Soroka 2 Russian For Kids Teacher S Book. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Soroka 2 Russian For Kids Teacher S Book, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Soroka 2 Russian For Kids Teacher S Book has transformed the

way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
