**The Angel of Grozny** Asne Seierstad, 2008-09-09 In the early hours of New Year's 1994, Russian troops invaded the Republic of Chechnya, plunging the country into a prolonged and bloody conflict that continues to this day. A foreign correspondent in Moscow at the time, Åsne Seierstad traveled regularly to Chechnya to report on the war, describing its affects on those trying to live their daily lives amidst violence. In the following decade, Seierstad became an internationally renowned reporter and author, traveling to the Balkans, Afghanistan, Iraq, and other war-torn regions. But she never lost sight of this conflict that had initially inspired her career. Over the course of a decade, she watched as Russia ruthlessly suppressed an Islamic rebellion in two bloody wars and as Chechnya evolved into one of the flashpoints in a world now focused on the threat of international terrorism. In 2006, Seierstad finally returned to Chechnya, traveling in secret and under the constant threat of danger. In a broken and devastated society she lived with orphans, the wounded, the lost. And she lived with the children of Grozny, those who will shape the country's future. She asks the question: What happens to a child who grows up surrounded by war and accustomed to violence? A compelling, intimate, and often heartbreaking portrait of Chechnya today, *The Angel of Grozny* is a vivid account of a land's violent history and its ongoing battle for freedom.

*A Hundred and One Days* Åsne Seierstad, 2009-04-24 From January until April 2003 -- for one hundred and one days --

Åsne Seierstad worked as a reporter in Baghdad for Scandinavian, German, and Dutch media. Through her articles and live television coverage she reported on the events in Iraq before, during, and after the attacks by the American and British forces. But Seierstad was after a story far less obvious than the military invasion. From the moment she arrived in Baghdad Seierstad was determined to understand the modern secrets of an ancient place and to find out how the Iraqi people really live. In *A Hundred and One Days*, she introduces us to daily life under the constant threat of attack -- first from the Iraqi government and later from American bombs. Moving from the deafening silence of life under Hussein to the explosions that destroyed the power supply, the water supply, and security, Seierstad sets out to discover: What happens to people when the dam bursts? What do they choose to say when they can suddenly say what they like? What do they miss most when their world changes overnight? Displaying the novelist's eye and lyrical storytelling that have won her awards around the world, Seierstad here brings to life an unforgettable cast of characters to tell the stories we never see on the evening news. The only woman in the world to cover both the fall of Kabul in 2001 and the bombings of Baghdad in 2003, Åsne Seierstad has redefined war reporting with her mesmerizing book.

*Two Sisters* Åsne Seierstad, 2018-04-03 The riveting true story of two sisters' journey to the Islamic State and the father who tries to bring them home *Two Sisters*, by the international bestselling author Åsne Seierstad, tells the unforgettable story of a family divided by faith. Sadiq and Sara, Somali immigrants raising a family in Norway, one day discover that their teenage daughters, Leila and Ayan, have vanished—and are en route to Syria to aid the Islamic State. Seierstad's riveting account traces the sisters' journey from secular, social democratic Norway to the front lines of the war in Syria, and follows Sadiq's harrowing attempt to find them. Employing the same mastery of narrative suspense she brought to *The Bookseller of Kabul* and *One of Us*, Seierstad puts the problem of radicalization into painfully human terms, using instant messages and other primary sources to reconstruct a family's crisis from the inside. Eventually, she takes us into the hellscape of the Syrian civil war, as Sadiq risks his life in pursuit of his daughters, refusing to let them disappear into the maelstrom—even after they marry ISIS fighters. *Two Sisters* is a relentless thriller and a feat of reporting with profound lessons about belief, extremism, and the meaning of devotion.

**The Bookseller of Kabul** Åsne Seierstad, 2003-12-01 This phenomenal international bestseller is an admirable, revealing portrait of daily life in a country that Washington claims to have liberated but does not begin to understand (Washington Post). This mesmerizing portrait of a proud man who, through three decades and successive repressive regimes, heroically braved persecution to bring books to the people of Kabul has elicited extraordinary praise throughout the world and become a phenomenal international bestseller. *The Bookseller of Kabul* is startling in its intimacy and its details — a revelation of the plight of Afghan women and a window into the surprising realities of daily life in Afghanistan. The most intimate description of an Afghan household ever produced by a Western journalist...Seierstad is a sharp and often lyrical

observer. —New York Times Book Review

One of Us Åsne Seierstad, 2015-04-21 One of The New York Times Book Review's Ten Best Books of 2015 and a New York Times bestseller, and now the basis for the Netflix film 22 July, from acclaimed filmmaker Paul Greengrass Widely acclaimed as a masterpiece, Åsne Seierstad's One of Us is essential reading for a time when mass killings are so grimly frequent. On July 22, 2011, Anders Behring Breivik detonated a bomb outside the Norwegian prime minister's office in central Oslo, killing eight people. He then proceeded to a youth camp on the wooded island of Utøya, where he killed sixty-nine more, most of them teenage members of the country's governing Labour Party. In One of Us, the journalist Åsne Seierstad tells the story of this terrible day and its reverberations. How did Breivik, a gifted child from an affluent neighborhood in Oslo, become Europe's most reviled terrorist? How did he accomplish an astonishing one-man murder spree? And how did a famously peaceful and prosperous country cope with the slaughter of so many of its young? As in her international bestseller The Bookseller of Kabul, Seierstad excels at the vivid portraiture of lives under stress. She delves deep into Breivik's childhood, showing how a hip-hop and graffiti aficionado became a right-wing activist, a successful entrepreneur, and then an Internet game addict and self-styled master warrior who believed he could save Europe from the threat of Islam and multiculturalism. She writes with equal intimacy about Breivik's victims, tracing their political awakenings, teenage flirtations and hopes, and ill-fated journeys to the island. By the time Seierstad reaches Utøya and relates what happened there, we know both the killer and those he will kill. In the book's final act, Seierstad describes Breivik's tumultuous public trial. As Breivik took the stand and articulated his ideas, an entire country debated whether he should be deemed insane, and asked why a devastating sequence of police errors allowed one man to do so much harm. One of Us is at once a psychological study of violent extremism, a dramatic true crime procedural, and a compassionate inquiry into how a privileged society copes with homegrown evil. Lauded in Scandinavia for its literary merit and moral poise, One of Us is the true story of one of our age's most tragic events.

**With Their Backs to the World** Asne Seierstad, 2006-11-07 Uses interviews and extended personal contact to depict thirteen Serbian individuals and one Serbian family before and after the arrest of former Serbian dictator Slobodan Milosevic.

Allah's Angels Paul J Murphy, 2010-11-15 In this comprehensive portrait of the women of Chechnya in modern war, Paul Murphy challenges conventional thinking on why they fight and are willing to kill themselves in the name of Allah. His book covers the two wars with Russia in 1994 and 1999 and the present conflict with Islamic Jihadists. It argues that these wars forced Chechen women to venture far beyond their traditional roles and advance their human rights but that the current movement championing traditional Islam is taking those rights away. Drawing on personal interviews, insider resources, and other materials, Murphy presents powerful portrayals of women who fight in the Chechen Jihad, including snipers, suicide

bombers and the mysterious “Black Widows,” as well as women who collect intelligence, hide arms, and perform other non-combatant roles.

*The Chechen Struggle* I. Akhmadov, M. Lansky, 2010-11-14 Told from the perspective of its former Foreign minister, this is a uniquely candid account of Chechnya's struggle for independence and its two wars against Russia which will revise our understanding of the conflict and explain how it continues. Features new insights, intimate portraits of key personalities and a foreword by Zbigniew Brzezinski.

*The Tsar of Love and Techno* Anthony Marra, 2015-10-06 From the New York Times bestselling author of *A Constellation of Vital Phenomena*—dazzling, poignant, and lyrical interwoven stories about family, sacrifice, the legacy of war, and the redemptive power of art. This stunning, exquisitely written collection introduces a cast of remarkable characters whose lives intersect in ways both life-affirming and heartbreaking. A 1930s Soviet censor painstakingly corrects offending photographs, deep underneath Leningrad, bewitched by the image of a disgraced prima ballerina. A chorus of women recount their stories and those of their grandmothers, former gulag prisoners who settled their Siberian mining town. Two pairs of brothers share a fierce, protective love. Young men across the former USSR face violence at home and in the military. And great sacrifices are made in the name of an oil landscape unremarkable except for the almost incomprehensibly peaceful past it depicts. In stunning prose, with rich character portraits and a sense of history reverberating into the present, *The Tsar of Love and Techno* is a captivating work from one of our greatest new talents.

*Locked On* Tom Clancy, Mark Greaney, 2011-12-13 Jack Ryan Jr.—along with the covert warriors of the *Campus*—continues to uphold his legendary father's legacy of courage and honor in this thriller from #1 New York Times bestselling author Tom Clancy. Privately training with special forces, he's honing his combat skills to continue his work within the *Campus*, hunting down and eliminating terrorists wherever he can—even as Jack Ryan Sr. campaigns to become President of the United States again. But what neither father nor son knows is that the political and personal have just become equally dangerous. A devout enemy of Jack Sr. launches a privately-funded vendetta to discredit him and connect him to a mysterious killing in his longtime ally John Clark's past. All they have to do is catch him. With Clark on the run, it's up to Jack Jr. to stop a growing threat emerging in the Middle East, where a corrupt Pakistani general has entered into a deadly pact with a fanatical terrorist to procure four nuclear warheads they can use to blackmail any world power into submission—or face annihilation.

*The Sky Wept Fire* Mikail Eldin, 2013-11-07 On the eve of the first Chechen war in the 1990s, Mikail Eldin was a young and naive arts journalist. By the end of the second war, he had become a battle-hardened war reporter and mountain partisan who had endured torture and imprisonment in a concentration camp. His compelling memoir traces the unfolding of the conflict from day one, with vivid scenes right from the heart of the war. *The Sky Wept Fire* presents a unique glimpse into the

lives of the Chechen resistance, providing testimony of great historical value. Yet it is not merely the story of the battle for Chechnya: this is the story of the battle within the heart, the struggle to conquer fear, hold on to faith and preserve one's humanity. Eldin was fated to witness key events in Chechnya's history: from the first day of the attack on Grozny, and the full-scale Russian invasion that followed it, to the siege of Grozny five years later that razed the city to the ground and has been compared to the destruction of Dresden. Resurrecting these memories with extraordinary lyricism, Eldin observes the sights, the sounds and smells of war. Having fled Grozny alongside the droves of refugees, he joins the defending army - yet he always considers his role as that of journalist and witness. Shortly after joining the Chechen resistance, Eldin is captured in the mountains. He undergoes barbaric torture as his captors attempt to break his will. They fail to make him talk, and he is eventually transferred to a concentration camp. There a new struggle awaits him: the battle to overcome his own suicidal thoughts and ensuing insanity.

**The Man Without a Face** Masha Gessen, 2013-03-05 History of Eastern Europe, Russia.

**Ingush Grammar** Johanna Nichols, 2011-03-15 Comprehensive reference grammar of Ingush, a language of the Nakh branch of the Nakh-Daghestanian or East Caucasian language family of the central Caucasus (southern Russia). Ingush is notable for its complex phonology, prosody including minimal tone system, complex morphology of both nouns and verbs, clause chaining, long-distance reflexivization, and extreme degree of syntactic ergativity.

Sounds of War Susanna Hast, 2018-02-05 Sounds of War is a book on the aesthetics of war experience in Chechnya. It includes theory on, and stories of, compassion, dance, children's agency and love. It is not simply a book to be read, but to be listened to. The chapters begin with the author's own songs expressing research findings and methodology in musical form.

*Remains of the Soviet Past in Estonia* Francisco Martinez, 2018-07-06 What happens to legacies that do not find any continuation? In Estonia, a new generation that does not remember the socialist era and is open to global influences has grown up. As a result, the impact of the Soviet memory in people's conventional values is losing its effective power, opening new opportunities for repair and revaluation of the past. Francisco Martinez brings together a number of sites of interest to explore the vanquishing of the Soviet legacy in Estonia: the railway bazaar in Tallinn where concepts such as 'market' and 'employment' take on distinctly different meanings from their Western use; Linnahall, a grandiose venue, whose Soviet heritage now poses difficult questions of how to present the building's history; Tallinn's cityscape, where the social, spatial and temporal co-evolution of the city can be viewed and debated; Narva, a city that marks the border between the Russian Federation, NATO and the European Union, and represents a place of continual negotiation of belonging; and the new Estonian National Museum in Raadi, an area on the outskirts of Tartu, that has been turned into a memory field. The anthropological study of all these places shows that national identity and historical representations can be constructed in relation to waste and disrepair too, also demonstrating how we can understand generational change in a material sense.

Praise for Remains of the Soviet Past in Estonia 'By adopting the tropes of 'repair' and 'waste', this book innovatively manages to link various material registers from architecture, intergenerational relations, affect and museums with ways of making the past present. Through a rigorous yet transdisciplinary method, Martínez brings together different scales and contexts that would often be segregated out. In this respect, the ethnography unfolds a deep and nuanced analysis, providing a useful comparative and insightful account of the processes of repair and waste making in all their material, social and ontological dimensions.' Victor Buchli, Professor of Material Culture at UCL 'This book comprises an endearingly transdisciplinary ethnography of postsocialist material culture and social change in Estonia. Martínez creatively draws on a number of critical and cultural theorists, together with additional research on memory and political studies scholarship and the classics of anthropology. Grappling concurrently with time and space, the book offers a delightfully thick description of the material effects generated by the accelerated post-Soviet transformation in Estonia, inquiring into the generational specificities in experiencing and relating to the postsocialist condition through the conceptual anchors of wasted legacies and repair. This book defies disciplinary boundaries and shows how an attention to material relations and affective infrastructures might reinvigorate political theory.' Maria Mälksoo, Senior Lecturer, Brussels School of International Studies at the University of Kent

**The Struggle against Enforced Disappearance and the 2007 United Nations Convention** Tullio Scovazzi, Gabriella Citroni, 2007-08-31 Enforced disappearance is one of the most serious human rights violations. It constitutes an autonomous offence and a crime under international law on account of its multiple and continuing character. It is not a phenomenon of the past, nor is it geographically limited to Latin America: such scourge is widespread today and on the increase in other continents. For more than twenty-five years, relatives of disappeared people worldwide have insisted on the pressing need for an international legally binding instrument against enforced disappearances. 2006 is the year of the adoption of the International Convention on the Protection of All Persons from Enforced Disappearances, which represents the result of several legislative and jurisprudential developments that are duly analyzed in this book. The Convention has been opened for signature in February 2007.

Black Passport Stanley Greene, 2009 The archetype of the war correspondent is freighted with an outsize heroic mythos to which world-renowned conflict photographer Stanley Greene is no stranger. Black Passport is his autobiographical monograph-cum-scrapbook, and it transports the viewer behind the news as Greene reflects upon his career, oscillating between the relative safety of life in the West and the traumas of wars abroad. This glimpse of the polarities that have comprised Greene's life raises essential questions about the role of the photojournalist, as well as concerns about its repercussions: what motivates someone to willingly confront death and misery? To do work that risks one's life? Is it political engagement, or a sense of commitment to telling difficult stories? Or does being a war photographer simply satisfy a

yearning for adventure? Black Passport offers an experience that is both exceptionally personal and ostensibly objective. Built around Greene's narrating monologue, the book's 26 short, nonsequential scenes are each illustrated by a portfolio of his work.
