Budd Schulberg

Dark Trade Donald McRae, 2014-06-05 WINNER OF THE 1996 WILLIAM HILL SPORTS BOOK OF THE YEAR PRIZE. In the early 1990s, Donald McRae set out to discover the truth about the intense and forbidding world of professional boxing. Travelling around the States and Britain, he was welcomed into the inner sanctums of some of the greatest fighters of the period - men such as Mike Tyson, Chris Eubank, Oscar de la Hoya, Frank Bruno, Evander Holyfield and Naseem Hamed among them. They opened up to him, revealing unforgettable personal stories from both inside and outside the ring, and explaining why it is that some are driven to compete in this most brutal of sports, risking their health and even their lives. The result is a classic account of boxing that remains as fresh and entertaining as when it was first published almost 20 years ago. McRae approaches his subjects with wit, compassion and insight, and the result was a book that was a deserved winner of the William Hill Sports Book of the Year prize.

Boxing Stories Robert Ervin Howard,2005 Other stories are more dramatic and somber, including Iron Men, which Howard called the best fight story I ever wrote - in many ways the best story of any kind I ever wrote. Severely edited and truncated for its original publication in 1930 in Fight Stories magazine, the tale has never been published in its original form - until now. It appears here, completely restored from Howard's original typescript, in an authoritative version that Howard fans everywhere will appreciate.--BOOK JACKET.

The Berlin Boxing Club Robert Sharenow,2011-05-17 Sydney Taylor Award-winning novel Berlin Boxing Club is loosely inspired by the true story of boxer Max Schmeling's experiences following Kristallnacht. Publishers Weekly called it a masterful historical novel in a starred review. Karl Stern has never thought of himself as a Jew; after all, he's never even been in a synagogue. But the bullies at his school in Nazi-era Berlin don't care that Karl's family doesn't practice religion. Demoralized by their attacks against a heritage he doesn't accept as his own, Karl longs to prove his worth. Then Max Schmeling, champion boxer and German hero, makes a deal with Karl's father to give Karl boxing lessons. A skilled cartoonist, Karl has never had an interest in boxing, but now it seems like the perfect chance to reinvent himself. But when Nazi violence against Jews escalates, Karl must take on a new role: family protector. And as Max's fame forces him to associate with Nazi elites, Karl begins to wonder where his hero's sympathies truly lie. Can Karl balance his boxing dreams with his obligation to keep his family out of harm's way? Includes an author's note and sources page detailing the factual inspirations behind the novel.

The Man Who Was Never Knocked Down Rónán Mac Con Iomaire,2018-05-14 Seán Mannion was once ranked the #1 US light middleweight boxer and in 1984 he fought Mike McCallum for the world title, only to fall just short of his dreams. Featuring exclusive interviews with Mannion, this book provides an inside perspective on his boxing career, 1980s Boston, and his present search for purpose outside the ring. In 1977, looking to fulfill a dream as a pro boxer, 17-year-old Seán Mannion flew into Boston from Ireland, straight into a world of gun smugglers, drug dealers, and the world's best boxers. By 1983, Mannion was ranked the number one US light middleweight boxer. In *The Man Who Was Never Knocked Down: The Life of Boxer Seán Mannion*, Rónán Mac Con Iomaire recounts Mannion's struggles and triumphs in and out of the ring. Despite dubious management and the attention of the Boston Irish Mafia, Mannion quickly climbed his way up from the lower rungs of one of the most competitive weight divisions in boxing history. This biography is more than a boxing story; it's a personal story that also intersects with notorious crime figures, world-class fighters, and several pivotal moments in history. Featuring the likes of Micky Ward, Pat Nee, Marty Walsh, and Kevin Cullen, *The Man Who Was Never Knocked Down* provides an inside perspective on the boxer, the fighting culture of his era, and on 1980s South Boston.

Floyd Patterson W. K. Stratton,2012 This knockout biography follows boxing legend Floyd Patterson, civil rights activist, national icon, and the youngest man to win the World Heavyweight Champion title, and the first to ever win the title twice.

Fighter Andy Lee,Niall Kelly,2018-11-02 An epic and moving journey, from the backstreets of London and Limerick to the summit of the world's most unforgiving sport.In 2005, at the age of twenty, Andy Lee left Ireland to make it in the harsh world of professional boxing. Leaving home for the dust and faded glamour of Detroit, over the next ten years, under the guidance of the legendary Emanuel Steward, he set about honing his craft, winning fight after fight and slowly climbing the professional ranks.Then, in 2012, his star ascendant, Lee suffered two devastating blows in quick succession: defeat in his first World Championship bout and the sudden loss of Steward, his guide and confidant. Bereft, his career in jeopardy, the path to redemption would test every hard-won lesson of the previous decade ...*Fighter* is a lyrical and philosophical memoir about resilience, bravery and the wisdom to be found at the limits of human experience.

The Harder They Fall Budd Schulberg,2012-07-31 "The quintessential novel of boxing and corruption." (USA Today). "Toro" Molina certainly looks the part. He's built like the Minotaur, but few would guess at the fear consuming the Argentine farmer and former circus performer after he's brought to the United States to be the next heavyweight champion of the world. The problem is that Molina can't box at all. But monstrous fight promoter Nick Latka fixes every fight on the way to the championship, and builds Toro's renown with the help of cynical sports journalist Ed Lewis and a host of lackeys. First published in 1947, *The Harder They Fall* stands as a powerful exposé of professional boxing by one of the sport's true poet laureates. This ebook features an illustrated biography of Budd Schulberg including rare images and never-before-seen

documents from the author's estate.

George Dixon Jason Winders,2021-09-13 Biography of Canadian-born, Boston-raised boxer George Dixon (1870-1908), the first Black world champion of any sport and the first Black world boxing champion in any division--

A Man's World Donald McRae,2015-09-10 SHORTLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR PRIZE 2015. 'I kill a man and most people forgive me. However, I love a man and many say this makes me an evil person.' On 24 March 1962, when Emile Griffith stepped into the ring in Madison Square Garden to defend his world title against Benny Paret, he was filled with rage. During their weigh-in, the Cuban challenger had denounced Griffith as a 'faggot' and minced towards him. In the macho world of boxing, where fighters know they are engaged in the hurt game, there could be no greater insult. At that time, it was illegal for people of the same gender to have sex, or even for a bar to knowingly serve a drink to a gay person. It was an insinuation that could have had dangerous consequences for Griffith - especially as it was true. In the fight that followed, Griffith pounded Paret into unconsciousness, and the Cuban would die soon after, leaving Griffith haunted by what he had done. Despite this, he went on to fight more world championship rounds than any other fighter in history in a career that lasted for almost 20 years. In Donald McRae's first sports book in more than a decade, he weaves a compelling tale of triumph over prejudice - Griffith was black, so doubly damned by contemporary society, but refused to cower away as society wished. *A Man's World* is sure to become a classic piece of sports writing.

Lost Paradise Kathy Marks,2009-02-03 Pitcairn Island -- remote and wild in the South Pacific, a place of towering cliffs and lashing surf -- is home to descendants of Fletcher Christian and the Mutiny on the Bounty crew, who fled there with a group of Tahitian maidens after deposing their captain, William Bligh, and seizing his ship in 1789. Shrouded in myth, the island was idealized by outsiders, who considered it a tropical Shangri-La. But as the world was to discover two centuries after the mutiny, it was also a place of sinister secrets. In this riveting account, Kathy Marks tells the disturbing saga and asks profound questions about human behavior. In 2000, police descended on the British territory -- a lump of volcanic rock hundreds of miles from the nearest inhabited land -- to investigate an allegation of rape of a fifteen-year-old girl. They found themselves speaking to dozens of women and uncovering a trail of child abuse dating back at least three generations. Scarcely a Pitcairn man was untainted by the allegations, it seemed, and barely a girl growing up on the island, home to just forty-seven people, had escaped. Yet most islanders, including the victims' mothers, feigned ignorance or claimed it was South Pacific culture -- the Pitcairn way of life. The ensuing trials would tear the close-knit, interrelated community apart, for every family contained an offender or a victim -- often both. The very future of the island, dependent on its men and their prowess in the longboats, appeared at risk. The islanders were resentful toward British authorities, whom they regarded as colonialists, and the newly arrived newspeople, who asked nettlesome questions and whose daily dispatches were closely scrutinized on the Internet. The court case commanded worldwide attention. And as a succession of men passed through

Pitcairn's makeshift courtroom, disturbing questions surfaced. How had the abuse remained hidden so long? Was it inevitable in such a place? Was Pitcairn a real-life Lord of the Flies? One of only six journalists to cover the trials, Marks lived on Pitcairn for six weeks, with the accused men as her neighbors. She depicts, vividly, the attractions and everyday difficulties of living on a remote tropical island. Moreover, outside court, she had daily encounters with the islanders, not all of them civil, and observed firsthand how the tiny, claustrophobic community ticked: the gossip, the feuding, the claustrophobic intimacy -- and the power dynamics that had allowed the abuse to flourish. Marks followed the legal and human saga through to its recent conclusion. She uncovers a society gone badly astray, leaving lives shattered and codes broken: a paradise truly lost.

Ezzard Charles William Dettloff,2015-05-23 Greatness is often overlooked in its own time. For Ezzard Charles--one of boxing's most skilled practitioners, with a record of 93-25-1 (52 KO)--recognition took decades. Named by The Ring magazine as the greatest light heavyweight of all time, Charles was frustrated in his attempts to get a shot at the 175-pound title, and as World Heavyweight Champion (1949-1951) struggled to win the respect of boxing fans captivated by Joe Louis' power and charisma. This first-ever biography of The Cincinnati Cobra covers his early life in a small country town and his career in the glamorously dirty business of prizefighting in the 1950s, one of the sport's Golden Ages. Charles' fights with Louis, Jersey Joe Walcott, Rocky Marciano and his three wins over the legendary Archie Moore are detailed.

In Black And White Donald McRae,2013-11-21 In 1936 athlete Jesse Owens won four gold medals at the Berlin Olympics and, two years later, boxer Joe Louis won a crushing victory to become heavyweight champion of the world. Despite their fame and success, both men would find themselves barred from certain hotels and would have to eat outside restaurants because of the colour of their skin. However, by their example, they gave hope to millions of black people around the world as they became the first black superstars. In Donald McRae's William Hill prize-winning dual biography, he compiles a brilliant portrait of the two men, who became close friends despite their very different career paths: within days of Olympic glory, Owens was banned from competing again, and was forced to spend his days racing against horses to earn a living before becoming a spokesman for the sporting ideal. Meanwhile Louis won and lost a fortune, eventually battling with drug addiction and mental illness. His vivid account of their lives away from the public eye, and the era in which they lived, is compelling and tragic.

War in the Ring John Florio,Ouisie Shapiro,2019-06-25 America's black boxing champion. Hitler's favorite athlete. And a world at war. Joe Louis was born on an Alabama cotton patch and raised in a Detroit ghetto. Max Schmeling grew up in poverty in Hamburg, Germany. For both boys, boxing was a way out and a way up. Little did they know someday they would face each other in a pair of battles that would capture the imagination of the world. In America, Joe was a symbol of hope to a nation of blacks yearning to participate in the American dream. In Germany, Max was made to symbolize the superiority of

the Aryan race. The two men climbed through the ropes with the weight of their countries on their shoulders—and only one would leave victorious. The battles waged between Joe and Max still resonate today. War in the Ring is the story of these two outsized heroes, their lives, their careers, and the global conflict swirling around them.

In Sunshine Or in Shadow Donald McRae, 2020-03 SHORTLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR PRIZE 'One of the most captivating boxing writers on the planet' Barry McGuigan 'A superb tale...His inspirational story celebrates peace and reconciliation' Daily Telegraph Multi-award-winning author Donald McRae's stunning new book is a powerful tale of hope and redemption across the sectarian divide in Northern Ireland - thanks to boxing. At the height of the Troubles, Gerry Storey ran the Holy Family gym from the IRA's heartland territory of New Lodge in Belfast. Despite coming from a family steeped in the Republican movement, he insisted that it would be open to all. He ensured that his boxers were given a free pass by paramilitary forces on both Republican and Loyalist sides, so they could find a way out of the province's desperate situation. In the immediate aftermath of the 1981 Hunger Strikes, Storey would also visit the Maze prison twice a week to train the inmates from each community, separately. In itself, this would be a heroic story, but Storey went further than that: he became the trainer for world champion Barry McGuigan and Olympian Hugh Russell, who became one of the most famous photographers to document the Troubles. Even with all his success and the support of both sides, Storey still found himself subjected to three bomb attacks from those who were implacably hostile to any form of reconciliation. He also worked with the Protestant boxer Davy Larmour, who fought two bloody battles in the ring against Russell, his Catholic friend. At the same time, in Derry, the British and European lightweight champion Charlie Nash fought without bitterness after his brother was killed and his father was shot on Bloody Sunday - the most infamous day of the conflict. Now, Donald McRae reveals the extraordinary tale of those troubled times. After years of research and intimate interviews with the key characters in this story, he shows us how the violent business of boxing became a haven of peace and hope for these remarkable and compassionate men. *In Sunshine or in Shadow* is an inspirational story of triumph over adversity and celebrates the reconciliation that can take place when two fighters meet each other in the ring, rather than outside it. '[An] outstanding and important book, Don McRae's powerful storytelling shows the courage of the people of the North' Andy Lee

A History of Women's Boxing Malissa Smith, 2014-06-05 Records of modern female boxing date back to the early eighteenth century in London, and in the 1904 Olympics an exhibition bout between women was held. Yet it was not until the 2012 Olympics—more than 100 years later—that women's boxing was officially added to the Games. Throughout boxing's history, women have fought in and out of the ring to gain respect in a sport traditionally considered for men alone. The stories of these women are told for the first time in this comprehensive work dedicated to women's boxing. *A History of Women's Boxing* traces the sport back to the 1700s, through the 2012 Olympic Games, and up to the present. Inside-the-ring

action is brought to life through photographs, newspaper clippings, and anecdotes, as are the stories of the women who played important roles outside the ring, from spectators and judges to managers and trainers. This book includes extensive profiles of the sport's pioneers, including Barbara Buttrick whose plucky carnival shows launched her professional boxing career in the 1950s; sixteen-year-old Dallas Malloy who single-handedly overturned the strictures against female amateur boxing in 1993; the famous "boxing daughters" Laila Ali and Jacqui Frazier-Lyde; and teenager Claressa Shields, the first American woman to win a boxing gold medal at the Olympics. Rich in detail and exhaustively researched, this book illuminates the struggles, obstacles, and successes of the women who fought—and continue to fight—for respect in their sport. *A History of Women's Boxing* is a must-read for boxing fans, sports historians, and for those interested in the history of women in sports.

Damage Tris Dixon, 2021-05 Anyone who loves boxing—even the sport's most die-hard supporters—must take a longer and more serious look at the issues that Tris Dixon writes about with such nuance and humanity in *Damage*...there's no better argument for more studies, discussion, and awareness than this book, a volume equal parts heartbreaking and inspiring with respect to the need for change.--Greg Bishop, Senior Writer, Sports Illustrated The secret history brain damage in boxing has never been fully told—until now. From the story behind Muhammad Ali's deterioration, to first-hand accounts from the fighters themselves, including the beloved Micky Ward. In *Damage*, author Tris Dixon delivers a gripping history of boxing's darkest secret--CTE (Chronic Traumatic Encephalopathy), which was known previously as Dementia Pugilistica and Punch Drunk Syndrome. This highly-anticipated book has already generated intense discussion on social media about the inner-conflict that comes with being a fan of the sweet science, and the difficulty involved in witnessing the devastating brain trauma suffered by the warriors who fight for the entertainment of millions. Unfortunately, the promoters, managers, and other non-participants who profit from the violence have long looked the other way. Will this book finally drive them to address the issue and help fighters get the help they deserve?
