The Bog People P.V. Glob,2004-08-31 One spring morning two men cutting peat in a Danish bog uncovered a well-preserved body of a man with a noose around his neck. Thinking they had stumbled upon a murder victim, they reported their discovery to the police, who were baffled until they consulted the famous archaeologist P.V. Glob. Glob identified the body as that of a two-thousand-year-old man, ritually murdered and thrown in the bog as a sacrifice to the goddess of fertility. Written in the guise of a scientific detective story, this classic of archaeological history--a best-seller when it was published in England but out of print for many years--is a thoroughly engrossing and still reliable account of the religion, culture, and daily life of the European Iron Age. Includes 76 black-and-white photographs.

Decoding Ancient History Carol G. Thomas,D. P. Wick,1994 The authors present clues locked within artifacts, woven into oral tradition, encrypted in ancient writing, and embedded in the land itself which help to decipher some of ancient history's most intriguing cases.

The History Detective Investigates: Stone Age to Iron Age Clare Hibbert,2017-06-06 Find out all about the first Britons, nomadic hunter-gatherers who came from mainland Europe to settle in England bringing wooden spears, flint handaxes and animals with them. Stone Age to Iron Age tells the story of how these people settled and began farming the

land. They built villages of timber and stone houses such as Skara Brae on Orkney. Stonehenge is perhaps the most famous monument of this period, a technological marvel of the time built by raising over 80 blue stones to create the 'henge'. The Bronze Age brought with it metalworking using copper, tin and gold to make tools and beautiful everyday objects. The Iron Age was known for its hill forts, farming and art and culture. Contains maps, paintings, artefacts and photographs to show how early Britons lived. Ideally suited for readers age 8+ or teachers who are looking for books to support the new curriculum for 2014.

Bronze Age Britain Michael Parker Pearson,2021-01-29 During the Neolithic and Bronze Age - a period covering some 4,000 years from the beginnings of farming by stone-using communities to the end of the era in which bronze was an important material for weapons and tools - the face of Britain changed profoundly, from a forest wilderness to a large patchwork of open ground and managed woodland. The axe was replaced as a key symbol, first by the dagger and finally by the sword. The houses of the living came to supplant the tombs of the dead as the most permanent features in the landscape. In this fascinating book, eminent archeologist Michael Parker Pearson looks at the ways in which we can interpret the challenging and tantalising evidence from this prehistoric era. He also examines the various arguments and current theories of archeologist about these times. Drawing on recent discoveries and research, and illustrated with numerous maps, plans, reconstructions and photographs, this book shows what life was like and how it changed during the Neolithic and Bronze Age.

Murder at Elmstow Minster Lindsay Jacob,2021-03-28 It is the 830s; a time of warring Anglo-Saxon kingdoms, declining monastic standards and outbursts of fear of divine retribution. Elmstow Minster - a community of nuns in the Kingdom of the East Angles - has been recently established to atone for the execution of a young prince. The minster is torn between two camps - pious nuns and those who have no intention of giving up their worldly ways. These ungodly women are supported by powerful, degenerate donors, who treat Elmstow as an aristocratic whoring nest. The abbess of Elmstow has been humiliated by the influence wielded over her minster by these rich patrons and plots revenge. Two naked bodies are discovered, hanged together. A young, introspective priest, Father Eadred, is sent to Elmstow to spy on the declining standards and against his wishes becomes entangled in the task of uncovering the guilty. He challenges the traditional approach of using an ordeal of hot iron to identify the culprits. Instead, he has the novel idea of exploring the evidence. He faces significant opposition, including an attempt on his life. Eadred is befriended by a hermit monk who becomes the only person with whom he can talk about his detection. Further murders will take place. As Eadred moves closer to the truth the situation is thrown into further

disarray when the minster is attacked by the neighbouring kingdom. Can they be saved and the final culprit revealed?

The Wisdom of Crowds Joe Abercrombie, 2021-09-14 The New York Times bestselling finale to the Age of Madness trilogy finds the world in an unstoppable revolution where heroes have nothing left to lose as darkness and destruction overtake everything. Chaos. Fury. Destruction. The Great Change is upon us . . . Some say that to change the world you must first burn it down. Now that belief will be tested in the crucible of revolution: the Breakers and Burners have seized the levers of power, the smoke of riots has replaced the smog of industry, and all must submit to the wisdom of crowds. With nothing left to lose, Citizen Brock is determined to become a new hero for the new age, while Citizeness Savine must turn her talents from profit to survival before she can claw her way to redemption. Orso will find that when the world is turned upside down, no one is lower than a monarch. And in the bloody North, Rikke and her fragile Protectorate are running out of allies . . . while Black Calder gathers his forces and plots his vengeance. The banks have fallen, the sun of the Union has been torn down, and in the darkness behind the scenes, the threads of the Weaver's ruthless plan are slowly being drawn together . . . No one writes with the seismic scope or primal intensity of Joe Abercrombie. —Pierce Brown For more from Joe Abercrombie, check out: *The Age of Madness* *A Little Hatred* *The Trouble With Peace* *The Wisdom of Crowds* *The First Law Trilogy* *The Blade Itself* *Before They Are Hanged* *Last Argument of Kings* *Best Served Cold* *The Heroes* *Red Country* *The Shattered Sea* *Trilogy* *Half a King* *Half a World* *Half a War*
