Think Like a Monk Jay Shetty, 2020-09-08 Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the *Forbes* magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, *On Purpose*, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk* reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

Crossing Over John Edward, 2010-09-07 John Edward takes his fans with him on the extraordinary journey that has been his life. In the style of his TV show and personal appearances—poignant, funny, and remarkably candid—John Edward deals head-on with the controversial issues he has confronted on his voyage as a psychic medium. On his way to success and fame, John had to learn his own lessons about the meaning of his work, the motivations of some of the people he encountered, and

the spirits who accompanied them. Through his very personal stories, John has brought peace and insight to those grieving for their loved ones—but what makes Edward’s memoir unique is how readily he exposes his own vanities and ego bruising. In addition, he provides a behind-the-scenes look at being a television medium, offering an amusing—and at times disturbing—look at how the ethereal world clashes with the celebrity world. John Edward’s wit, warmth, and passion will captivate readers—just as it has riveted the millions who view his landmark program.

ICE COLD Morgan Strebler, 2014-09-26 Morgan Strebler's Ice Cold System is one of the only systems that has been designed from the ground up to work in the real world, with 10 years of experience and constant evolution, it is now ready to be released. Imagine using any Tarot Deck, Runes, Palm, or even regular playing cards (or no oracle at all) and being able to tell names and secrets that have happened to them, medications they take, sexual orientation, and exact problems when they were children, even certain gambling pleasures of theirs, and doing it completely cold! Nothing is ever written down or said, no actual mentalism or magic gimmicks techniques or subtleties are used. The Ice Cold System was made with one goal in mind, to go up to anyone anywhere anytime, or even over the phone, and be able to tell them secrets about themselves, using life events that they have never told anyone! With no fishing, no Barnum statements, and again ~~no~~ no magic ploys used whatsoever.
